AWARD

The Government of West Bengal, in its Labour Department, order No. 2087-I.R./IR/15L-7/68, dated the 8th April 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Esso Standard Eastern, Inc., 6 Church Lane, P.O. Box No. 146, Calcutta-1, and their workmen represented by Petroleum Workers' Union, 3 and 4 Hare Street, Calcutta, to this Tribunal for adjudication on the following issue:

Issue

Whether the Company's order, dated February 23, 1968, transferring the employees from Chitraganj Installation to Budge Budge Installation is lawful and justified? To what relief, if any, are the workmen entitled?

The parties have not taken any steps. Both the sides filed written statements. It seems that they have amicably settled their disputes and hence are not interested in this reference. So this Tribunal disposes of this reference by passing a 'No-dispute' award.

AWARD

The Government of West Bengal, in its Labour Department order No. 2451-I.R./IR/11L-131/68, dated the 26th April 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Auto Cars, 53 Free School Street, Calcutta, and their workmen represented by Automobile Engineering Workers' Union, 249-D Bepin Behari Ganguly Street, Calcutta-12, to this Tribunal for adjudication on the following issues :

Issues

1. Whether the closure of the factory with effect from 1st April 1968, as per notice of the Company, dated 29th February 1968, is real and bona fide?
2. Whether the closure is beyond the control of the management and in the circumstances justified? To what relief, if any, are the workmen entitled?

The Union has filed a written statement and alleged that Messrs. Auto Cars had two Workshops in Calcutta, one at 53 Free School Street and another at 94C Rippon Street, Calcutta. The Management was the same. 47 workers, listed in the Annexure 'A' to the written statement, worked in the disputed garage in Free School Street. On 29th February 1968 the Management illegally issued a notice stating that the Workshop at 53 Free School Street would be closed with effect from 1st April 1968. The Union made a protest, but the Concern paid no heed to such objection. The workers were not paid any wages from March 1968. The alleged closure of the Workshop is illegal and not at all real or bona fide. The matter was referred to the Conciliation Officer and ultimately the reference was made.

A written statement has been put in on behalf of the Company, which has alleged inter alia that since the undertaking has already been closed, the reference is not maintainable in law. It has no other branch or undertaking at 94C Rippon Street. The Workshop had to be closed due to circumstances beyond the control of the Company. So the workers cannot get any benefit whatever.

It has been contended on behalf of the Union that the evidence of the P. W. 1, Tarak Nath Bhar, the then Head Clerk of the Garage in question, shows that 47 workmen were in the employ of the Company's Garage at Free School Street. The Workshop was closed after the 31st March 1968 because an ejectment decree was passed regarding that Garage. The Company did not take any effective steps to get that ejectment decree set aside. So the Tribunal should hold that the alleged closure is not a real and bona fide one. Moreover the evidence of that witness shows that one Narayan Chandra Sarkar was an employee of the disputed Garage. By an order of that Company, the latter was transferred to the Company's Garage at 94C Rippon Street. So at all events, even if the Tribunal holds that the workshop was in fact closed, the disputed 47 workmen are entitled to compensation according to the provisions of the section 25FFF read with the section 26F(b) of the Industrial Disputes Act. The Tribunal should follow the principle of 'Last come first go' and ask the Company to absorb some of the retrenched workers in the Company's Workshop at 94C Rippon Street.

It has been submitted on behalf of the Company that the closure is a real one and hence there is no industrial dispute between the parties. In that view of the matter, this Tribunal has no jurisdiction to enter into the question of payment of compensation or any other incidental relief. Reference has been made to the case of Hind Shippers in 1968 (1) L.L.J., 365 to show that where the reference has been made to consider the question of closure of a Company with effect from 4th August 1963 with a direction to determine whether such closure was on account of unavoidable circumstances beyond the control of the employers, and if not, what relief the workmen were entitled to, it was held that when the business had been actually closed, the reference was not maintainable and the quantum of compensation which the workmen were entitled to had to be investigated by the specified Labour Court under the provisions of the section 33C(2) of the Industrial Disputes Act.

The evidence of the P. W. 1, Tarak Nath Bhar, shows that the Company issued the notice Ext. A before the closure. It is common ground that an ejectment decree was passed in respect of the disputed Garage and after the 31st March 1968, that Workshop was closed.

Reference may be made to the latest case of Indian Hume Pipe Company in 1968 (17) L. L. J., 145 at page 149 (S.C.) to show that if the employer has actually closed its factory, the Tribunal is not concerned to go into the question as to the motive which guided him to do the same and such a closure cannot give rise to an industrial dispute.

As stated before, there is no denial that an ejectment decree was passed regarding the disputed Garage. Consequently it must be held that the Company had to close down the disputed Garage at 53 Free School Street since the ejectment decree was passed and that fact was beyond the control of the Management and that due to such unavoidable circumstances, the closure of the factory with effect from 1st April 1968, as per notice of the Company, dated 29th February 1968 (Ext. A), is real and bona fide and that in the circumstances, such closure is justified.

There is no satisfactory evidence to show that the terms of the employment of the workmen of the unit at 94C Rippon Street were the came. It is true that the P. W. 1, Tarak Nath Bhar, has stated that one Narayan Chandra Sarkar was transferred from the disputed Garage to the unit at 94C Rippon Street. But he is constrained to admit in his cross-examination that Narayan Chandra Sarkar used to draw the salary from the previous unit at 53 Free School Street. In that view of the matter, the principle 'Last come first go' cannot be applied.

The upshot of the aforesaid discussion is that there is no industrial dispute between the parties regarding the main issue since it has been found that the Workshop has in fact, been closed. Since the concern is dead and not a living one and as the main issue is decided in favour of the Company, consequently the 47 disputed workers are not entitled to any compensation. The provisions of the sections 33C(1) and (2) of the Industrial Disputes Act are clear because the compensation payable under the provisions of the Chapter VA of the Industrial Disputes Act will have to be determined by the Labour Court. It will be pertinent to point out that both the sections 25F and 25FFF, relied on on behalf of the Union, appear in the Chapter VA of the Industrial Disputes Act. In that view of the matter, it is held that the workmen are not entitled to any relief whatever. The reference is disposed of accordingly.

AWARD

The Government of West Bengal, in its Labour Department, order No. 2117-I.R./IR/7L-9/67, dated the 10th April 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. National Company Ltd., Banipore, Rajgunj, Howrah (hereinafter referred to as the Company), and their workmen represented by Jute Textiles Workers' Union, 34 Joybibi Road, Ghusury, Howrah (hereinafter described as the Union), to this Tribunal for adjudication on the following issues :—

Issues

1. Fixation of wage-rates of Inside Selectors of B.L. Section of Mill No. 2.
2. Permanency of Selectors of B.L. Section of Mill No. 2.

The Union has filed a written statement and alleged that the workmen of the Broad Loom Selector (B.L. Selector) are paid wages at a very low rate. The Jute Wage Board fixed the wages of different categories of workers. But it did not consider the wages of the Selectors working in the Broad Loom. The Selectors are all skilled and experienced workmen. Their job is to select the quality and the standard of jute from different bundle of the jute bale and separate the same according to their quality. In 1965 the Management granted an increment of wages as an interim measure in pursuance of an agreement. The dispute regarding the wages of the Broad Loom Selectors (Katari Department) and permanency of 48 workmen was referred to Mr. B. K. Roy for arbitration. On 1st April 1967, he gave his award and fixed the rate of wages with effect from 1st January 1967. It was stated in the award that at least 33 per cent. of the workmen of the Broad Loom Selection (Katari Department) should be made permanent with immediate effect. He also fixed the wages of the Selectors at different rates. The job of the Bale Selectors is a permanent one. But the workmen have been kept temporary for years on end and they have not been made permanent by the Management. The Company refused to implement the award of Mr. B. K. Roy regarding the wage-rate and the permanency as well. So this Tribunal should fix the rate of wages for the Inside Selectors of the Broad Loom Section of the Mill No. 2 and also make an order regarding the permanency of the Selectors of the Broad Loom Section of that Mill.

A written statement has been put in on behalf of the Company. It has been stated inter alia that the Jute Industry has been facing a crisis for the last few years. The Company has implemented the recommendations of the Jute Wage Board. According to such recommendations, the Selectors will get Rs. 3.72 P. per 100 mds., but the Company pays at the rate of Rs. 6.25 P. per 100 mds. to each workman of the Broad Loom Selectors. There are two types of Selectors in the Mill, viz., the Inside Selectors and the Outside (Katari) Selectors. The Inside Selectors open the jute bales, select the quality of jute from each bundle of the jute bales and stack them quality-wise. On the other hand, the workmen or the Outside (Katari) Selectors open the jute bales, select the quality of the jute from each bundle of the jute bales and stack them according to their quality. Further they have to cut the roots of the sticks and hackle the same and this is their additional job. The function of the Katari Selectors is a part of the function of the Inside Selectors. The award of Mr. B. K. Roy has been fully implemented regarding the Katari Selectors. The workmen have been enjoying all the benefits of the permanent workmen. The Company has denied the other allegations made by the Union and alleged that no relief can be granted.

Issue No. 1 :

It has been contended on behalf of the Union that the Tribunal should accept the evidence of the P.Ws. and state that the work done by the Inside Selectors of the Broad Loom Section is more onerous than that of the Katari Section. So a rate of wages should be fixed for the workmen of the Inside Selectors.

The learned Lawyer appearing on behalf of the Company has stated that the financial position of the Company is not sound. Moreover there is no reason to revise the wage structure of the workmen of the Inside Selectors. The Union has failed to establish their case according to the principle of industry-cum-region basis. The evidence will show that the Company pays wages at a rate higher than that fixed by the Jute Wage Board. So the Union's claim in this regard should be rejected.

Reference may be made to the cases of Express Newspapers Ltd., in A.I.R. 1958, S.C., 578 and Kamani Metals and Alloys in 1967 (II) L.L.J., 55, (S.C.). It will appear from those cases that in fixing the wage structure, the Tribunal should follow the principle of 'Industry-cum-Region' basis and consider the capacity of the industry to bear the burden of the altered wages.

It is common ground that the recommendations of the Jute Wage Board came into force from July 1963. It will appear therefrom that the

Selectors will get Rs. 3.72 P. per 100 mds. while the O.P.W. 1 Megharaj Sharma says that the workmen of the Inside Selection Group get the wages at Rs. 6.25 P. per 100 mds. This has not been denied. Moreover, a perusal of those recommendations shows that the Wage Board considered the cases of the Broad Loom Selectors and the Narrow Loom Selectors as well.

The aforesaid case of Express Newspapers Ltd. will show that the Wage Board relating to a particular trade or industry, is best calculated to arrive at the proper fixation of wages of that industry.

No doubt, the P.W. 1 Ramchandra Singh and the P.W. 2 Abdul Sakur state that the Inside Selectors' work is heavier. But they did not depose convincingly. It will appear even from the evidence of P.W. 2 Sakur, that the workmen of the Katari Section have to cut the jute sticks. The O.P.W. 1 Megharaj Sharma has stated that there are about 35 or 36 Inside Selectors and in cutting the jute sticks, the workers of the Katari Section have to use Katari weighing 10 to 15 Kgs. each. He deposed quite satisfactorily and hence his evidence is accepted. So there is no point in the submissions made on behalf of the Union that the workmen of the Inside Selection Group have to do heavier job.

The onus is on the Union to prove the rate payable by the other Companies. Only the P.W. 1 Ramchandra Singh has stated in his evidence that the workmen of Alebian Jute Mill, Ludhian Jute Mill, Fort Gloster Jute Mill and Ludlow Jute Mill get higher wages and in the Ludlow Company, the maximum rate is Rs. 21. None of the workmen of those Companies deposed as P.Ws. There is no documentary evidence to show that in fact the workmen of any of the aforesaid Companies get wages at any higher rate. The wages paid by the Company to the workmen of the Inside Selection Group are not in the least inadequate. It will appear from the aforesaid discussion that the Union has failed to discharge the aforesaid onus and show the rate of wages of any comparable unit. It has been indicated that the Company pays wages to the workers of the Inside Selection Group at a rate which is not at all inadequate. Hence it is held that there are no good grounds to fix a new wage-rate or wage-structure of the Inside Selectors of the Broad Loom Section of the Mill No. 2.

Issue No. 2 :

It has been contended on behalf of the Union that the Selectors of the Broad Loom Section of that Mill have not been made permanent. The evidence of the P.Ws. will conclusively prove the same. So this Tribunal should give a direction that those workmen, who are 25 only in number, should be made permanent from the date when they had completed 240 days of work in a calendar year.

On behalf of the Company a preliminary objection has been raised regarding this point. It has been stated that the section 19(6) of the Industrial Disputes Act is a bar to the trial of issue No. 2. The award passed by Mr. B. K. Roy on 1st April 1967, Ext. A, is still in force. It has not yet been terminated by any notice by the Union. So the Tribunal should refuse to go into the merits of this issue.

The Union's reply is that this point was not taken in the written statement. At any event, the Union submitted its charter of demands. No such objection was raised on behalf of the Company when the reference was made to this Tribunal. So the Tribunal should hold that the Company has waived such notice and since the Union submitted its charter of demands, there was termination of the award passed by Mr. B. K. Roy.

Now, this is purely a question of law which can be canvassed at any time. So the mere omission in this regard in the written statement will not stand in the way of the Company in making such submission before the Tribunal.

Reference may be made to the section 19(6) of the Industrial Disputes Act to show that notwithstanding the expiry of the period of operation under sub-section (3), the award shall continue to be binding on the parties until a period of two months has elapsed from the date on which notice is given by any party bound by the award to the other party or parties intimating its intention to terminate the award.

Reference may also be made to the latest case of Bangalore Woolen Company in 1968, (16) F.L.R., 242 (S.C.) to show that according to the provisions of the section 19(6) of the Act, a particular date of termination is necessary and such a certainty regarding the date of termination is essential. Distinguishing the case of the Workmen of Western India Match Company in F.L.R., 1962, (5), 129, S.C., it has been stated that the decision in Western Match Company's case does not show that there will be an inference of intention to terminate the award from the various correspondences and in that case a particular letter was treated as amounting to a notice of termination of the settlement. In this case no such letter or notice was sent by the workmen or the Union to the Management. Hence in the facts of the case, there is no scope for applying the principles laid down by the Supreme Court in the aforesaid case of Western Match Company.

It will appear from the award Ext. A of Mr. B. K. Roy, Conciliation Officer, Howrah, that it was signed by him on 1st April 1967. The present reference is dated the 10th April 1968. Since no notice was given by the Union or by the workmen to the Company intimating an intention to terminate the award, it must be held that the aforesaid award Ext. A is a bar to the trial of the issue No. 2 regarding the permanency of the Selectors of the Broad Loom Section of the Mill No. 2. Moreover the written statement filed by the Union itself, indicates that the award of Mr. B. K. Roy was passed in favour of the workmen. There is no indication in that written statement that such award was terminated. So in view of the pleadings of the Union, the present issue cannot be agitated by it.

The issues are disposed of accordingly.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Sinha Bahini Engineering Works and Messrs. R.D.A. Engineering Works, Dassnagar, Howrah, and their workmen represented by Shri Ramprosad and others, 19 Andul 2nd Bye Lane, Howrah-3. (Case No. 409 of 1966.)

Present:

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri N. K. Das, Labour Adviser of the Howrah Manufacturers' Association.

Present for the Workmen: Shri Ram Sen, representative of the workmen.

By the Government of West Bengal, Labour Department, order No. 4236-I.R./IR/10L-183/66, dated the 4th November 1966, this industrial dispute between Messrs. Sinha Bahini Engineering Works and Messrs. R. D. A. Engineering Works on the one hand, and their workmen on the other, was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the issues mentioned below:—

Issues

1. Whether the closure of the 2 factories is real and bona fide?
2. Whether their closure was due to reasons beyond the control of the management and, in the circumstances, justified? What relief, if any, are the workmen entitled to?

On receipt of notice from the Tribunal both the parties made their appearance and filed their respective written statement.

The case of the workmen is as follows:—

Messrs. Sinha Bahini Engineering Works and Messrs. R. D. A. Engineering Works are two units of one concern. The Company manufactures tank, filter, boiler and other engineering products. The workmen of the Company were smarting under manifold difficulties. They were denied the bare minimum wages. The workmen tried to realise their economic demands through constitutional trade union movements. The Company did not take steps for the redress of the grievances of the workmen. On the other hand, the Company suddenly closed the factory on the 21st May 1966. This closure amounted to hasty lockout, and the management was actuated by a motive to crush the trade union. A few days after the so-called closure of the factory the management engaged new workers and continued to run the factory. It is, therefore, the prayer of the Union that the workmen should be reinstated in service and paid their full back wages.

Messrs. Sinha Bahini Engineering Works and Messrs. R. D. A. have filed separate written statements. Their case is that the two firms have no connection with each other and they are separate concerns and, as such, the present reference is not maintainable. It is also alleged by them that they really closed their business.

Decision with reasons.

Ext. B is the licence in respect of Messrs. Sinha Bahini Engineering Works, and Ext. B(1) is the licence in respect of Messrs. R. D. A. Engineering Works. Ext. D is the trade licence in respect of Messrs. Sinha Bahini Engineering Works, and Ext. D(1) is the same in respect of Messrs. R. D. A. Engineering Works. It appears that these two Companies have separate entities. Exts. C., C-1 and C-2 show that these two Companies have got separate code numbers for the Provident Fund and Employees' State Insurance schemes in respect of their workers. It also appears that these two Companies maintain separate Payment Registers and Muster Rolls. On a consideration of the documents on record I have not the slightest doubt that these two Companies have separate entities and they are two separate concerns. However, it cannot be said that the reference is not maintainable at all. The unchallenged evidence of P. W. 1 Ram Chandra Row is that there was one Manager for the Sinha Bahini Engineering Works and the R. D. A. Engineering Works. According to him Jogin Patra was the Manager. Again, the unchallenged evidence of P. W. 2 Nirmal Chandra Shome is that there was one Time Office for both the factories. It is clear that by some private arrangement these two factories used to be run by one management. It is true that the Sinha Bahini Engineering Works is a proprietory concern, and R. D. A. is a partnership concern. O. P. W. 1 Ranjit Kumar Khan is the proprietor of Sinha Bahini Engineering Works. Rathindra Kumar Khan (O. P. W. 2) is one of the partners of R. D. A. Rathindra is the son of Ranjit Kumar Khan, O. P. W. 1. The partners of Rathindra are his cousins, i.e., the partners of Rathindra are nephews of Ranjit Khan, O. P. W. 1. In view of the close relationship of the partners of R. D. A. and the proprietor of Sinha Bahini Engineering Works, and in view of the fact that there was one Time Office and one Manager in both the factories, I am inclined to think that by some private arrangement these two factories were run by the same management. In this view of the case I am of opinion that the reference is maintainable.

•

According to the workmen these two factories were closed on 21st May 1966. Admittedly Sinha Bahini Engineering Works was closed on 21st May 1966. Ext. F is the notice issued by the proprietor of Sinha Bahini Engineering Works on 17th May 1966. By this notice the factory was closed with effect from 21st May 1966. Ext. F-1 is the notice which was issued by R. D. A. Engineering Works on 10th August 1966. By this notice the factory of R. D. A. Engineering Works was closed with effect from 11th August 1966. It is thus clear that the factory of Sinha Bahini was closed on 21st May 1966 and the factory of R. D. A. was closed on 11th August 1966. The Union's case that both the factories, viz., Sinha Bahini Engineering Works and the R. D. A. Engineering Works, were closed on 21st May 1966 seems to be absolutely false. O. P. W. 1 Ranjit Khan says that he closed the business totally since 21st May 1966. He wants to say that as orders dwindled down he decided to close the factory. He does not produce any paper to show that orders actually dwindled down. But it is clear that he actually closed the factory on 21st May 1966. The workmen led evidence to prove that the Sinha Bahini Engineering Works is in working condition. But the evidence on this point is hopelessly unsatisfactory. There is no paper to indicate that Ranjit Khan of Sinha Bahini has started the factory again after the closure. It appears that some of the workers received payment from the proprietor in full and final satisfaction of their dues. Ext. J series show this. Had the proprietor of Messrs. Sinha Bahini Engineering Works not closed the business these workmen would not have received payment in full and final satisfaction of their dues. So, considering the evidence on record I am convinced that the proprietor of Messrs. Sinha Bahini Engineering Works really closed the business on 21st May 1966.

It has been proved in this case that the factory of R.D.A. Engineering Works was closed on 11th August 1966. The question is whether the management of R.D.A. actually closed the business on that date. It is the evidence of O.P.W. 2 Rathindra Nath Khan that he closed the business with effect from 11th August 1966. It appears that immediately on the closure of Sinha Bahini Engineering Works, the workers of R.D.A. Engineering Works resorted to a strike, and that after giving opportunity to the workers the management decided to close down the factory. In the notice of closure, Ext. F-1, the management of R.D.A. Engineering Works mentioned that the workers had resorted to a strike since 21st May 1966. O.P.W. 2 Rathindra Khan also says in his evidence that after the closure of Sinha Bahini Engineering Works on 21st May 1966 there took place a strike by the workers in R.D.A. Engineering Works. It appears that the management of R.D.A. Engineering Works informed the Labour Commissioner about the strike. Ext. M shows this. There is no evidence on the side of the workers that they did not resort to any strike. In these circumstances I cannot but conclude that immediately after the closure of Sinha Bahini Engineering Works, the workers of R.D.A. Engineering Works resorted to a strike and that they did not resume their duties thereafter. I am, therefore, inclined to thing that the management of R.D.A. Engineering Works also really closed the business on 11th August 1966. In this connection it should be mentioned that P.W. 2 Nirmal Chandra Shome has not deposed truthfully in this case. He says that he was re-employed by the management of R. D. A. Engineering Works, and that after re-employment he worked for about 1½ years and thereafter he was retrenched. According to him the management of R.D.A. Engineering Works restarted work one year after it had closed the factory. It appears that this witness received payment from R. D. A. Engineering Works on 12th October 1966. Ext. A(2) is the receipt granted by him. According to him he received the amount after he had been re-employed. But according to him the factory was restarted one year after the closure. It is clear that the factory of R. D. A. Engineering Works was closed on 11th August 1966. The receipt granted by him is dated 12th October 1966. So it is clear that his evidence that he received the amount after he had been reappointed is false. No reliance can be placed on his evidence. However, it is an admitted fact that the management of R. D. A. Engineering Works actually restarted the business. O. P. W. 2 Rathindra Khan says in his evidence that in March 1967, they have restarted the business. As the factory has been restarted by R. D. A. Engineering Works, it is submitted on behalf of the workers that it should be taken that the closure of the factory of R. D. A. Engineering Works was not real. I am unable to accept this submission. The management of R. D. A. Engineering Works had to close the business on 11th

August 1966 as the workers resorted to a strike. It may be that when the management found the atmosphere congenial they started the business again. Simply because of the fact that the management of R. D. A. Engineering Works started the factory again, it cannot be said that they had not closed the business on 11th August 1966. The evidence on record leads me to think that the management of R. D. A. Engineering Works really closed the business on 11th August 1966.

P. W. 1, Ram Chandra Row, says in his evidence that after the closure of these two factories the Company used to get works done in another factory at Dasnagore, and the said factory was New Rajlakshmi & Co. But no paper has been filed by the workers to show that either the Sinha Bahini Engineering Works or the R. D. A. Engineering Works got their works done in the factory of New Rajlakshmi & Co. I am of opinion that it has not been proved that either of the factories in question got their works done in the factory of New Rajlakshmi & Co. I find from the evidence that both the concerns really closed their business.

It has not been, however, proved that the two concerns in question closed business under circumstances beyond their control. However, these two concerns do not seek the aid of proviso to section 25FFF(1) of the Industrial Disputes Act. They are willing to pay compensation to the workmen under the principal part of sub-section of section 25FFF read with section 25F of the Industrial Disputes Act. I think that the workers of these two concers, viz., Messrs. Sinha Bahini Engineering Works and Messrs. R. D. A. Engineering Works, are entitled to compensation under the principal part of sub-section of section 25FFF read with section 25 of the Industrial Disputes Act.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 1251-I.R./IR/10L-150 of 1956, dated the 1st April 1967, an industrial dispute existing between Messrs. Burn & Co. Ltd., Howrah, and their workmen, represented by Burn's Employees' Union, 8 Nityadhan Mukherjee Road, Howrah, was referred to the First Industrial Tribunal for adjudication of only one issue.

As there was no Presiding Officer of the said First Industrial Tribunal during the relevant time, the proceeding of the said industrial dispute was withdrawn from the said First Industrial Tribunal under section 33(b) of the Industrial Disputes Act, 1947, and by the Government of West Bengal, Labour Department, order No. 3877-I.R./IR/10L-34(A), dated the 16th August 1967, the same was finally referred to this Tribunal, for adjudication in respect of the following issue:—

Issue

Whether the Management is justified in refusing festival holidays to the Durwans? What reliefs, if any, are the latter entitled to?

Usual notices were served on the Company as well as the Union from this Tribunal after receipt of the Order of Reference. Both the Company as well as the Union filed their separate written statements.

The Union, in its written statement, contended that the Company having been established so far back in 1774, is possibly the biggest and most prosperous industrial concern in the State of West Bengal. About 8,200 workmen including about 926 clerical and technical staff and also 325 subordinate staff are employed in the Company. The Union comprises clerical and technical staff including sirkars and checkers and also subordinate staff and since its formation in 1946 has been championing the cause of the aforesaid workmen. The Company though prosperous, is very slow to appreciate the genuine grievance of the workmen and even do not feel shy to pursue the palpably discriminatory treatment between workmen and workmen. The Durwans, numbering about 132, belong to the category of subordinate staff are discriminated by way of denial of 14 days' festival holidays in a year, though the other categories of subordinate staff and other employees enjoy the same. No extra benefit is given to the Durwans by way of compensation for denial of the said festival holidays in a year. The workmen other than Durwans are all allowed these festival holidays. The number of such paid festival holidays are as follows: —

1. Id-ul-Fitr
2. Netaji Birthday
3. Republic Day
4. Sree Panchami
5. Bengali New Year's Day
6. Independence Day
7. Gandhiji's Birthday
8 to 12. Durgapujas
13. Lakshmi Puja
14. Kali Puja.

Excepting the aforesaid festival holidays, in all other matters of leave, the Durwans and other subordinate staff have the same benefits, namely, 30 days' privilege leave in a year cumulative up to 60 days; sick leave as under the provisions of the E. S. I. Act and prior to the said Act, sick leave was for 15 days with full pay and one month with half pay. The dearness allowance, canteen benefits, provident fund, overtime rates and working hours are the same of the Durwans with other subordinate staff of the Company. The first engineering award of 1948, fixed the number of festival holidays as 8 in a year. The second Engineering Tribunal of 1950 revised the same to 10 days' holidays in a year for all categories of workmen including Durwans of the Engineering Industry, including this Company. Inspite of this, the minimum festival holidays so declared was not implemented in the case of the Durwans of the Company without assigning any reason. Previously the Company was allowing 12 days' festival holidays to the subordinate staff since long, excepting the Durwans and the same number was revised to 14 days in a year in 1962. The Company also granted 10 festival holidays and 4 other days' leave to the other technical workers of the Company and thus they also get 14 days' holidays in a year in some form or other. All industrialists in the State of West Bengal grant holidays to their Durwans as at par with the other workmen of the Company, such number of days being about 14 in a year. The Union took up the matter, but the Employees stood adamant and as conciliation proceedings failed, ultimately the instant Order of Reference was made for adjudication in respect of the aforesaid issue.

The Company in their written statement contended, inter alia, that the Order of Reference, dated 1st April 1967, is illegal and void and as such confers no jurisdiction on this Tribunal to adjudicate upon the issue in question. According to the Company, the Union made a report on the 10th December 1965, before the Labour Commissioner regarding festival holidays for the Durwans. The Government, after considering the said report of the Conciliation Officer, did not make any reference and recorded its reasons and communicated the same to the parties by a letter, dated 4th June 1966 (vide Exhibit 1D). As no additional or new facts were brought to the notice of the Government by the Union, the subsequent reference, i.e., the present one is ultra vires, illegal and void. It has been contended that the different categories of workmen in the Company's factory have different grades and scales of pay and the Watch-and-Ward Durwans are governed by a separate set of Standing Orders, different from the said Standing Orders governing the other categories of workmen mentioned therein. The Durwans also get various extra benefits and facilities which the subordinate staff do not get. Workmen other than hourly-paid workmen (excluding Watch-and-Ward Durwans) enjoy 14 days' holidays in a year according to the provisions of the relevant Standing Orders governing them. Watch-and-Ward Durwans belong to a cetegory, separate and different from the subordinate staff as regard the scale of pay, provision of free single accommodation in quarters, if and when they want them, supply of free fuel and electric light, supply of full dress and shoe, which are not enjoyed by the subordinate staff. The Watch-and-Ward Durwans may express their preference in favour of leave and holidays as awarded by the First Omnibus Engineering Tribunal and the Second Engineering Tribunal, but they cannot retain more advantageous annual leave and at the same time claim for more holidays than those given by the awards. Even on the occasion of 12 holidays of the Factory, there should be Durwans in the factory to guard the Company's properties there. The Standing Orders applicable to the Durwans only provide for more generous leave than under the said awards. Besides, 30 days' annual leave with full pay, the Durwans get a day off in a week. They also enjoy sick leave under the provisions of the E. S. I. Act. Durwans enjoy more generous and privilage leave than those enjoyed by the factory manual workers. Any indiserimination or injustice as alleged on behalf of the Union, is denied.

On behalf of the Union, two witnesses have been examined in support of their case. P. W. 1 is an employee of the Company in their Howrah Iron Works as a clerk in the Accounts Department for the last 23/24 years. He is the Joint Secretary of the Burn's Employees' Union for the last 12 years.

P. W. 2 is a clerk employed under Messrs. Bridge & Roof Co. Ltd. He only stated that the Durwans of their Company get 21 days' privilege leave per annum with full pay and also get 7 days' casual leave with full pay and further that their Durwans and other staff also get 10 days' holidays per annum with pay. In cross-examination he admitted that the aforesaid holidays enjoyed by their Durwans were settled on the basis of a settlement. No copy of such settlement has been filed in this case before me. On the other hand, the Company examined two witnesses. D. W. 12 is the Security Officer in the Workshop of the Company at Howrah, D. W. 2, is the Deputy General Manager (Personnel) of the Company at Howrah Factory.

As regards the contention of the learned Lawyer for the Company regarding the maintainability of the instant Order of Reference, it is admitted that the Union is agitating over the claim of the Durwans for 14 days' festival holidays from the year 1964 (vide Ext. 1). The Government at first by a letter, dated 4th June 1966 (vide Ext. 1D), refused to refer the matter for adjudication to any Tribunal, on the grounds mentioned in the said letter, copy being Exhibit 'D'. Subsequently the instant Order of Reference was made. According to the learned Lawyer for the Company the instant Order of Reference is void and illegal and does not confer on this Tribunal to adjudicate upon the same issue. But on a consideration of the principle of law discussed in the case reported in A. I. R. 1959 Calcutta, page 339, I cannot but reject this contention of the learned Lawyer for the Company and I hold that the Government having sent the issue for adjudication to this Tribunal, this Tribunal has acquired jurisdiction to adjudicate upon the issue. Nothing debars the State Government to refer any dispute to any Tribunal for adjudication, having refused to refer at the first instance, if upon a second thought the Government deemed it necessary to send the industrial dispute to any Tribunal for adjudication. Accordingly I hold that the instant Order of Reference is not void and illegal as alleged on behalf of the Company. I hold that this Order of Reference is quite maintainable.

As regards the merits of this case, we find that undisputedly 132 Durwans are employed in the Howrah Factory of Messrs. Burn & Co. Ltd. According to Shri D. N. Sen Gupta, Advocate for the Union, the Company made discrimination by refusing festival holidays to the Durwans when the other subordinate staff, namely, Chaprasis and bearers employed in the same factory of the Company at Howrah are getting such leave. This is a discriminatory treatment on behalf of the Company's authorities, according to the Union. On the other hand, according to the Company, the nature and duties of the Durwans are different from the nature and duties of Chaprasis and bearers and as such the Durwans should not be allowed festival holidays. The factory in question, Messrs. Burn & Co., at Howrah was established more than 100 years back. Durwans were never allowed any festival holidays. There are also admittedly 3 sets of Standing Orders for the factory in question, one admittedly is for hourly-rated workmen, the second for workmen other than those hourly-rated workmen, excluding the Watch-and-Ward Durwans, and the third exclusively for Watch-and-Ward Durwans. We find from the evidence of both P.W. 1 as well as the two D.Ws. regarding the special type of duties of the Durwans. According to Shri Sen Gupta, Advocate for the Union, the First Omnibus Engineering Award and the so called Second Engineering Award prove that the Durwans of the Watch-and-Ward staff are within the category of subordinate staff and as such they are also entitled to 14 days' festival holidays as directed in the said two awards. Though Messrs. Burn & Co., was one of the parties in the first award of 1948, this Company was not a party in the Award of 1950. Further, in the First Omnibus Engineering Award of 1948 the 8 days' festival holidays were declared to be allowed in the factory, which number was subsequently enhanced to 10 in the Second Engineering Award, where this Company, as already mentioned above, was not a party.

Now coming to the special type of duties of the Durwans, we find from the evidence of D. W. 1 that they guard several points within the factory compound including gates and also stocks of valuable materials, even outside gates around the factory. The Durwans are to check the goods while coming out of the factory compound and also coming inside the factory compound. According to D. W. 1, Durwans and bearers do different types of jobs. There are admittedly different Standing Orders applicable to Durwans coming under Watch-and-Ward personnel. Of course D. W. 1 stated in his cross-examination that the Durwans do not fall within the category of subordinate staff, but they belong to an exclusive category of employment. According to D. W. 1 further, there are 10 gates in their Howrah factory and 10 points inside the factory which are to be guarded by the Durwans. D. W. 2 stated that bearers and Chaprasis work in the office inside the factory premises and the Durwans watch materials in the yard and at the gates and within and outside the factory premises. The Durwans are also posted outside the factory to guard the Company's property. Even on holidays these Durwans are posted on duty to guard the Company's property. P. W. 1 also admitted in his cross-examination that the Durwans guard the gates of the factory and also the materials of the Company. As regards the special privileges enjoyed by the Durwans, it is admitted that they get privilege leave of 30 days per annum. They also get one day off in a week by rotation. Sirkars and checkers do not get such leave. Durwans have now been provided with house accommodation quarters, since 7 years back. They get free electricity and fuel. Durwans like Chaprasis and bearers get uniform. The Durwans further get supplies of shoes free. It is also undisputed, as it appears from the evidence of D. W. 2, that the Durwans get one pair of boot per annum, one pair of hose per annum, one pair of Putti, in addition to normal warm clothes. They further get woollen jersey for every alternate year. Durwans are also supplied free coal of 1½ maunds per month valued at about Rs. 6. They also get belt every 3 alternate year. It is also admitted that there are 3 grades and scales of pay of the Durwans as mentioned in Exhibit 'C'. From the special nature of duties of the Durwans quite different from the nature of duties of Chaprasis and bearers even if we concede that the Durwans should be included as subordinate staff as contended by Shri Sen Gupta, and also from the special amenities enjoyed by the Durwans and when admittedly there is a separate Standing Order for the Durwans belonging to Watch-and-Ward staff (vide Exhibit B), I cannot but hold that the Company is justified in refusing festival holidays to the Durwans. In the result I answer the first part of the issue in the affirmative. The Durwans of the Company in question, I hold, are thus entitled to no relief in this Order of Reference. The second part of the issue is thus answered in the negative.

This is my award.

AWARD

On the issue—"Whether the workmen are entitled to more bonus over and above the quantum already paid by the Management for the year 1965, payable in the year 1966?" There having existed an industrial dispute between Messrs. Scott & Saxby Ltd., 1 Taratalla Road, Calcutta-24 (Registered Office at Chartered Bank Buildings, Calcutta) (hereinafter called the Company) and their workmen represented by Scott & Saxby Employees' Union, 3 Jay Krishna Paul Road, Calcutta-23 (hereinafter called the Union), the Governor of West Bengal, was pleased under Government of West Bengal, Labour Department, order No. 1633-I.R./IR/11L-50/65, dated 22nd April 1967, to refer the said dispute for adjudication to the First Industrial Tribunal; but, the Presiding Officer of the said First Industrial Tribunal having not joined his office, the Governor, by Government of West Bengal, Labour Department, order No. 3435-I.R./IR/11L-346/67, dated 22nd July 1967, was pleased to withdraw the said proceedings from the file of the said First Industrial Tribunal and transfer the same to this Seventh Industrial Tribunal for speedy disposal.

The parties to the dispute appeared before this Tribunal and filed their respective written statements. Thereafter, various dates were fixed by this Tribunal for taking various necessary steps preparatory to the final hearing of the case. 28th October 1968, was fixed by this Tribunal for hearing the Union's prayer for submission of documents by the Company. The Tribunal being on leave, the case could not be taken up on 28th October 1968. On 30th October 1968, the parties filed a joint petition of compromise which was placed before the Tribunal on 4th November 1968, on his return from leave. The joint petition of compromise is signed by Shri P. S. Roy, Works Manager of Scott & Saxby Ltd., on behalf of the Company. Shri Rajani Mukherjee, President, Shri Rahmat Khan and the Secretary of the Union have signed the joint petition on behalf of the Union. On perusal of the petition, it is found that the workmen and their Union agreed to accept the bonus of 13.76 per cent. of the annual earnings as declared by the Company for the financial year ended 31st December 1965, payable in 1966 in accordance with the Payment of Bonus Act in full and final settlement of their claim for 1965. The petition further says that the Union has no further claim on the Company for any more bonus for the said year. In the opinion of this Tribunal, the agreement made by the parties is fair and reasonable and there is no reason whatsoever for not accepting the said terms of compromise.

Therefore, accepting the terms of compromise which satisfied the parties to the dispute, I hereby pass this compromise award and dispose of this case.

Usual number of copies of this award be sent to the State Government for necessary action. The joint petition of compromise filed by the parties shall form an integral part of this award and be published as annexure thereto.

By the Government of West Bengal, Labour Department, order No. 680-I.R./IR/11L-427/64, dated the 16th February 1965, this industrial dispute between Messrs. Nathmall Girdharilall and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act, for adjudication on the issues mentioned below.

Issues

1. Whether the lock-out for the period from 7th September 1964 to 20th September 1964 is justified? To what relief, if any, the workmen are entitled?
2. Whether the retention of the contract system, if any, is justified in the present circumstances?
3. Bonus for the year 1963-64 payable in 1964.

On receipt of the reference usual notices were served on the parties, and they appeared and filed their respective written statement. Thereafter the Company moved the Hon'ble High Court against order No. 36, dated 26th September 1966, passed by the Tribunal. The Hon'ble Court called for the records of the case. The records were sent to the Hon'ble Court on 8th December 1966. The proceedings of the Tribunal then remained suspended till 18th November 1968 when the case records were received back from the Hon'ble High Court. 19th December 1968 was fixed for orders by the Tribunal. On that date the parties appeared before the Tribunal and filed a joint petition of compromise embodying therein the terms of settlement, and prayed for an award in terms of the settlement.

I have perused the terms of settlement which appear to be fair, reasonable and lawful, and I accept the same.

Accordingly I pass this award in terms of the settlement arrived at between the parties, and incorporate the same to this award as Annexure 'A' forming a part thereof.

AWARD

By the Government of West Bengal, Labour Department, order No. 468-I.R./IR/8L-2/66, dated the 7th February 1966, an industrial dispute between Messrs. Ma Kali Ganga Hosiery alias Messrs. Gopal Krishna Hosiery, 4B Nayan Sur Lane, Calcutta-5, and their workmen represented by Hosiery Workingmen's Union, 66 Sova Bazar Street, Calcutta-5, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication in respect of the following issue:—

Issue

Whether the refusal of employment to Shri Sudhir Chandra Saha is justified? What relief, if any, is he entitled to?

After receipt of the order of reference, notices were issued to the Union, as well as the Company. In the original order of reference the name of the Compnay was mentioned as Messrs. Gopal Krishna Hosiery and notice was accordingly issued to the said Company. The union appeared before this Tribunal and filed its written statement on 29th April 1966. Notice could not be served on the said Company named "Messrs. Gopal Krishna Hosiery". Then on being queried, the Government intimated this Tribunal that the above Company had changed their name as 'Messrs. Makali Ganga Hosiery,' the address of the Partners of the Company, however, remained the same. The order of reference was accordingly amended by naming the Company correctly as Messrs. Makali Ganga Hosiery alias Messrs. Gopal Krishna Hosiery. That was done on 5th July 1968. Notice was then issued under registered cover to the said Company as Messrs. Makali Ganga Hosiery alias Messrs. Gopal Krishna Hosiery. But the registered notice was returned back to this Tribunal as "not claimed" by the said addressee on 30th July 1968. This service was accepted by this Tribunal as sufficient and this case was fixed on 4th December 1968 for ex-parte hearing. On the prayer of the Union, the case was then finally adjourned to this day, 13th December 1968 for ex-parte hearing.

Today the concerned workman, Shri Sudhir Chandra Saha has been examined as the sole witness on behalf of the Union. He, in his evidence, proved that he was refused employment by the Company authorities since 16th May 1968 without any justification. He was never charge-sheeted nor any enquiry was made against him prior to the said date. I accept the evidence of P. W. 1 as correct and on his evidence I hold that the refusal of employment to Shri Sudhir Chandra Saha since 26th May 1965 is not justified and accordingly I further hold that he is entitled to an order of reinstatement. The concerned workman is not entitled to any back wages, as admittedly he has been working in another concern, though temporarily.

In the above view of the case the Company is directed to reinstate the concerned workman Shri Sudhir Chandra Saha within one month from the date of publication of this award in the "Calcutta Gazette".

This is my award.

MEMORANDUM OF SETTLEMENT

Name of Parties:

1. Calcutta Chromotype Private Limited, 1 Gibson Lane, Calcutta-1.
2. Calcutta Press Workers' Union, 48 Dharmatala Street, Calcutta-13.

Representing Employer :

1. Shri Narendra Sharma, Production Manager.
2. Shri Pyare Lal Hoogan, Personal Secretary to the Managing Director.

Representing Workmen :

1. Shri Sitesh Das Gupta, General Secretary, Calcutta Press Workers' Union.
2. Shri Fatick Ghosh, Vice-President, Calcutta Press Workers' Union.

Short Recital of the Case

The Management of Calcutta Chromotype Private Limited contends that as the workmen absented themselves from their duties on the 16th and 17th May 1968 and in view of an assault on Mr. P. L. Hoogan, Personal Secretary to the Managing Director, on 16th May 1968 and consequent insecurity of the Management Personnel, the Company declared closure on and from the 18th May 1968 until further notice.

The Union on the other hand maintains that in view of a protest demonstration against mass scale charge-sheets, suspensions and victimisation the Company locked out the factory on and from 16th May 1968. After protracted negotiations between the representatives of the Management and the Union, and through the good offices of the Labour Directorate, the parties have agreed to the following Terms of Settlement :—

Terms of Settlement

1. It is agreed that the Management of Calcutta Chromotype Private Limited shall reopen the factory with effect from 12th December 1968.

2. Ten days time will be given to all workmen, who may fail to join on the date of reopening. The workman, who fails to join within this period will be allowed further time up to five days, provided he can explain to the satisfaction of the Company the reason for delay in reporting for duties. Any workman, who fails to report for his duties within this time shall be deemed to have left the Company's services of his own accord and shall have no lien on his service in the Company. However, a further extension of fifteen days may be allowed to a workman only on medical grounds, provided the workman informs the Management of his illness within the said period of fifteen days and produces a medical certificate from a Registered Medical Practitioner at the time of reporting for duties. Maternity cases will be dealt with as per E.S.I. Rules, provided due intimation is sent to the Management requesting for leave within the aforesaid period of fifteen days.

3. The cases of Shri Sajjad Ali and Smt. Nilima Ghosh, who had been charge-sheeted and suspended vide the Company's letters, dated 20th May 1968 and 15th May 1968, will be enquired into by Mr. Somnath Chatterjee, Bar-at-Law and his findings, after hearing the parties will be binding on the parties. Papers relating to these charge-sheets will be submitted by the Management to Mr. Chatterjee within three days from the date of reopening of the factory. It is agreed further that these two workmen will not be entitled to any wages for the period of non-working of the factory, that is from 16th May 1968 till the date of reopening of the factory.

4. Sk. Phekoo, who was charge-sheeted and suspended vide Company's letters, dated 6th April 1968 and 20th May 1968, voluntarily resigns from the Company's services with immediate effect and he will be paid by the Management a sum of Rs. 1,125 in full and final settlement of all his claims arising out of his aforesaid resignation.

5. The Management agrees not to proceed with cases of charge-sheets other than those referred to in paragraph 3 and the cases of Smt. Lilabati Dey, Shri Dhojbir Lama and Shri Amarendra Nath Ash.

6. The workmen will submit Daily Reports duly filled up and signed as per prescribed forms. The Management will grant receipt for the same.

7. It is agreed that no workman will be entitled to any salary/wages for the period from 16th May 1968 till the date of the reopening of the factory. The Management, however, agrees to pay each of the workman an advance equivalent to the workmen's salary/wages for a period of fifteen days. This payment will be made on 30th December 1968 subject to the workman having worked for fifteen days. In case of workman, who works for a period of thirty days from the date of payment of the advance, the Management agrees to adjust the amount of advance as an exgratia payment.

8. The period of non-working of the factory from 16th May 1968 to 11th December 1968 will be treated as leave without pay and the continuity of the service of the workmen will be maintained. The workmen will not be entitled to any other benefit for the aforesaid non-working of the factory as they might have been eligible under any law including the Payment of Bonus Act, 1965. The Management, however, agrees as a special case, to allow the workman to enjoy leave on the basis of their actual days of working during the year 1968 irrespective of the fact that the workmen might not have worked for two hundred forty days in the year.

9. It is agreed that the Company will pay Bonus for the accounting year 1967-68 to each of its eligible workmen at the rate of four per cent. to be calculated as prescribed under the Payment of Bonus Act, 1965. This payment will be made before 27th December 1968.

10. The Management will not victimise or take any disciplinary action against any workman, who might appear to the Management to be responsible for committing any misconduct during the period of aforesaid non-working of the factory from 16th May 1968.

11. The Management enters into this settlement with the Calcutta Press Workers' Union without recognising the Union and without any prejudice to and/or waiting of in any way the Management's rights and contentions taken by the Management in their written statements and/or objections filed before the Seventh Industrial Tribunal in the reference No. 2431-I.R./IR/13L-17/67, dated 8th June 1967 and/or any other proceedings including before the Minimum Wages Authorities.

12. The parties will file a joint application within two days from the execution hereof to the Fifth Industrial Tribunal for passing award in terms of the present settlement in the matter which is referred to the aforesaid Tribunal by the Government of West Bengal, Labour Department, order No. 6663-I.R./IR/13L-48/67, dated the 6th September 1968.

AWARD

The Government of West Bengal, Labour Department, by order No. 1046-I.R./IR/11L-160/67, dated 23rd February 1968, referred under section 10 of the Industrial Disputes Act to this Tribunal an industrial dispute existing between Messrs. Sen Raleigh Ltd., Kanyapur, P.O. Asansol and their workmen represented by Sen Raleigh Cycle Factory Mazdoor Congress, Kanyapur, P.O. Ethora, Asansol, for adjudication in respect of the following issue :

Issue

Is the dismissal of Shri Sarju Prasad, T. No. 1396, with effect from 7th October 1967 justified? To what relief, in any, is he entitled?

On behalf of the Union Shri Samar Roy, Assistant Secretary, appeared and the Company was represented by Advocate Shri J. N. Chatterjee. The Union did neither examine any witness nor produce any document. The Company examined two witnesses O.P.W. 1 Shri B. N. Bagchi, Personnel Officer and O.P.W. 2 Shri S. C. Sen, Technical Assistant in the Hubs Department. Both the witnesses were cross-examined at length by the learned representative for the Union.

The case of the Union in the written statement, inter alia, is that the workmen of the Company were organised under two Unions—one dominated by the C.P.M. Party and the other "Sen Raleigh Cycle Factory Mazdoor Congress" affiliated to INTUC. The Company have had some secret arrangement with the former Union and rcognises the same, while the bona fide Trade Union activities of the latter Union is opposed by it. Some leaders of this Union affiliated with the INTUC were forced to leave the services of the Company. Shri Sarju Prosad, T. No. 1396, is another leader of this Union and he was dismissed on false and flimsy pretext. He was served with a charge-sheet, dated 22nd July 1967, containing a false and malicious charge which was denied by him in his explanation in reply to the charge-sheet. The Company thereafter held a perfunctory enquiry and managed to dismiss this workman in order to get rid of him for his trade union activities. The enquiry was held in violation of the principles of natural justice.

The case of the Company in brief is that Shri Sarju Prosad was working since 12th May 1958 and he was dismissed for acts of gross misconduct. On 21st July 1967 at about 9-20 a.m. while this workman was operating Machine No. H-3, he was found by the Technical Assistant of the Department rotating manually the figure-index of the piece counting gadget of the Press Machine without operating the said Press Machine with a clear motive to inflate his production figure for wrongful gains and accordingly he was charge-sheeted for committing acts of gross misconduct. The Company offered him all opportunities to defend himself against the charges by examining his own witnesses and by cross-examining the witnesses deposing against him in the domestic enquiry held on 26th July 1967, As he was found guilty in the enquiry he was dismissed by letter, dated 7th October 1967. The Company denies the allegation of victimisation as revealed by the Union.

O.P.W. 1 Shri B. N. Bagchi, Personnel Officer, says that he held the enquiry on the charge-sheet issued against Sarju Prasad. Ext. A is the charge-sheet, dated 22nd July 1967. It is alleged that on 21st July 1967, at above 9.20 a.m., Shri S. C. Sen, Technical Assistant found this workman rotating manually the figure index of the Piece Counting Gadget with a view to inflate his production figure for wrongful gains. This Technical Assistant in the Hubs Department, viz., O.P.W. 2, Shri S. C. Sen, states in his evidence in this Tribunal that Sarju Prosad was a Press Operator in the Hubs Department where production in the machine is recorded by Piece Counting Gadget. The Operator operates the machine by pressing hand lever and by each stroke of the machine the Gadget mechanically indicates an increase by one number. The material produced is kept in a bin and from that bin it goes to the next machine for further operation. An Operator would not necessarily start his production with an empty bin always inasmuch as the bin in which his production is being put in would contain the production of the previous Operators. A bin is replaced only when it is filled up. As the production process goes on, subsequent operations are fed from these bins. The

Operator may increase the figure in the Gadget by putting his finger in the Gadget after rotating the wheel without operating the machine ; but the number cannot be decreased by such operation as the Gadget moves only in clock-wise direction when the figures are increaed and it cannot be moved anti-clock-wise. When the production made by a particular workman is finished the figures in the Gadget are brought to zero by a special key which is kept in the office and the shift Supervisor is responsible to use this key to bring down the figure. As the materials produced cannot be counted by any means, these figures go to the accounts for making payment to the workman concerned according to his individual production.

From this evidence of O.P.W. 2, Shri S. C. Sen, it appears that an Operator may increase the figure showing his production by rotating the Gadget manually without operating the machine. Of course, this will be tantamount to wrongful gain as the Company makes payment according to the figures shown in the Gadget. In the charge-sheet Sarju Prosad was directed to show cause and his explanation appears in the reverse of the charge-sheet, viz., Ext. B. He has denied the allegations totally. Ext. C is the order of the General Manager showing that the explanation submitted by Sarju Prosad was not found satisfactory and Shri B. N. Bagchi was appointed as Enquiry Officer by this order. Ext. D, dated 24th July 1967, is the notice of enquiry showing that the enquiry would be held on 26th July 1967. Ext. E is the proceedings of the enquiry. From the record of the proceedings and the evidence of Shri Bagchi (O.P.W. 1) it appears that the charge-sheeted workman Sarju Prosad was present all along with a co-worker Shri Mahatam Singh. The charge-sheet and the explanation were read over and explained to the delinquent and it was made clear to him that he would be allowed opportunity to defend his case and to adduce evidence, if any, and also cross-examine the witnesses of the prosecution. The Company produced the complainant and three witnesses and Sarju Prosad declined to produce any witness. The Enquiry Officer recorded the statements of the witnesses of the prosecution in answer to questions put by him and Sarju Prosad and his observer were asked to cross-examine each witness. It appears that Sarju Prosad actually cross-examined all the four witnesses of the prosecution and the statements made in cross-examination of these witnesses were duly recorded by Shri Bagchi. Shri Bagchi says that he put questions to the witnesses of the management in Bengali and answers given by them were recorded in Bengali and he explained the questions and the answers in Hindi language before Sarju Prosad cross-examined these witnesses. The questions put by Sarju Prosad to the witnesses were recorded in Hindi language, though in Bengali script, and the answers given by the witnesses were similarly recorded. The witnesses for the management and also Sarju Prosad and his observer all put their signatures in each page of the proceedings.

From the evidence it is abundantly clear that all the principles of natural justice were duly observed. The finding Ext. F shows that the Enquiry Officer considered the evidence carefully and this finding is neither without basis nor perverse. Under the law an Industrial Tribunal will not ordinarily substitute its own judgment to that of the domestic Tribunal, and it can interfere only the following grounds :—

(1) when there is a want of good faith,

(2) when there is victimisation or unfair labour practice,

(3) when the management has been guilty of a basis error or violation of a principle of natural justice, and

(4) when on the materials the finding is completely baseless or perverse.

I have already shown that all the principles of natural justice were duly observed and the finding is not baseless or perverse. As regards victimisation though there is such an allegation in the written statement, the workman has not given any evidence in support of this allegation. He has neither deposed himself nor examined any witness. In the absence of any evidence I am unable to hold that the management dismissed Sarju Prosad to victimise him for his Union activities as alleged.

Apart from the enquiry proceeding the case of the Company is also proved in this Tribunal by O.P.W. 2, S. C. Sen, the Technical Assistant of the Hubs Department. He says that he actually found Sarju Prosad rotating the Gadget manually and before him he admitted that he had in fact increased the number of production by 50 figures by such manual operation. The learned representative of the Union has taken objection as the Company has not examined any other workman of this department to prove this allegation against Sarju Prosad, but the evidence of Shri Sen goes unchallenged. Neither Sarju Prosad nor any other workman is coming to deny this statement. I hold that the Enquiry Officer rightly found Sarju Prosad guilty of the charge and the management was justified to dismiss him upon this charge. Ext. G is the note given by the Personnel Manager to the General Manager recommending dismissal of Sarju Prosad and the order of the General Manager is Ext. G(1). The dismissal order was communicated to the workman by letter Ext. H, dated 7th October 1967, and he was asked to collect his dues, if any.

It was argued by the learned representative for the workman that under the Standing Orders the management can suspend a workman for seven days only pending enquiry into the charge-sheet against him ; but in the instant case Shri Prosad was under suspension throughout the period till his dismissal. It was contended by the learned Advocate for the Company that when the offence is established the suspension beyond the prescribed period will not exonerate the workman. There is substance in this contention. Sarju Prosad should be deemed to be in service for the entire period till his dismissal barring the first seven days of suspension pending enquiry on the charge. So he is entitled to his wages for this period. It is the evidence of O.P.W. 1, Shri Bagchi, that Sarju Prosad was paid all his dues for the entire period of suspension barring first seven days till his dismissal. The learned representative of the Union submits that the Company has not paid the entire dues to Sarju Prosad and according to him his total dues would be Rs. 537.65P, whereas the Company paid only Rs. 350.00. But there is no such allegation in the pleading nor is there any evidence to prove this claim.

Considering all these facts and circumstances and the evidence in record I find that dismissal of Sarju Prosad, T. No. 1396, with effect from 7th October

1967, is justified. If any amount be found due to him the Company should pay the same to him within one month from the date of publication of this award in the Official Gazette.

This is my award.

Usual notices were served on the Company as well as the Mazdoor Sabha from this Tribunal after receipt of the order of reference. The Union appeared on 7th November 1966, and then filed its written statement on 7th February 1967.

In the written statement the Union contended that the Company was not at all justified in dismissing the workmen Shri Amulya Hazra, Shri Basanta Lal Das, Shri Narain Dey, Shri Ram Prakash and Shri Mahadev Das, whose names have been mentioned in issue No. 1 above. According to the Union, there was no proper domestic enquiries against the said employees, and that the same is vitiated by the principles of natural justice. The enquiry proceedings against them have not been completed and yet they have been dismissed for their Trade Union activities. Chargesheets alleging baseless and false allegations were actually served on them.

As regards issues 2 and 3, it is the Union's case that the Company was not justified in laying off the 59 workmen, as mentioned in the list attached to the order of reference on and from 7th May 1966 to 18th May 1966 and as such the workmen are entitled to full wages during the aforesaid period.

It has further been contended that the management is not at all justified in refusing employment to all the said 59 workmen mentioned in the list on and from 20th June 1966 and as such the workmen are entitled to an order of reinstatement.

The Company appeared on 20th February 1967 before this Tribunal, in pursuance of a notice issued to them. On several occasions, the Company prayed for time to file their written statement. Their prayers were allowed and at last on 15th July 1967, the Company filed their written statement denying the contentions raised on behalf of the Union in its written statement and contending inter alia that proper enquiries were actually held against the five persons mentioned in Issue No. 1.

It has further been contended that the management is justified in laying off the 59 workmen mentioned in the list attached to the order of reference from 7th May 1966 till 18th May 1966. The Company denied to have refused any employment to the 59 workmen mentioned in the list on and from 20th June 1966, and had actually closed down their factory for good, due to the mischievous sabotage and subversive activities on the part of the general body of the workmen.

After several stages, the order of reference was fixed on 27th October 1967, for hearing. On this date, the Union was ready and on an application filed on behalf of the Company, the case was adjourned on 15th November 1967 for hearing. As the then Presiding Officer of this Tribunal was engaged in other part-heard cases on 15th November 1967, the case was adjourned to 9th January 1968 and 10th January 1968, for hearing. On 9th January 1968, the Union filed a petition for an adjournment, and as such the case was adjourned on the ground that the case was likely to be amicably settled. The case was accordingly adjourned to 24th February 1968, for reporting compromise, failing which, for fixing a date of hearing. As no settlement was arrived at on 24th February 1968, the case was then fixed on 10th May 1968, for hearing. On 7th May 1968, on an application for time, the date of hearing was shifted to 8th June 1968. On this date (8th June 1968) the Company as well as the Union were ready through their Advocates. As this Tribunal was engaged in hearing other cases, the instant case was fixed on 30th August 1968, for hearing. On 30th August 1968, Shri Biswanath Ash, Advocate, appeared for the Union. Shri P. K. Nandy, Advocate, who was appearing on behalf of the Company, endorsed in the order sheet that he had no instruction from his clients. Accordingly, I, on 30th August 1968, adjourned the case till 24th November 1968, for hearing and in the meantime, a registered post card was issued from this Tribunal to the Company. This registered post card was returned back undelivered with the postal report "left". Then the case was fixed on 16th December 1968, for hearing ex-parte and in the meantime, the Union was directed to publish a notification in the local Daily Newspaper. Such notification was actually published in the local Hindusthan Standard, dated 28th November 1968, which has been marked as Ext. 1 in this case. This notification directed the Company informing them that in case of the failure to turn up on 16th December 1968, the case would be heard ex-parte in their absence. The Company did not also appear on 16th December 1968 and the Union was ready through their Advocate Shri Biswanath Ash. On this date the case has thus been heard ex-parte and on behalf of the Union, one of the concerned workmen Shri Amulya Hazra whose name appears in Issue

No. 1, has been examined as the sole witness on behalf of the Union. Several documents were produced and exhibited in this case. P.W. 1 and the exhibited documents prove that the alleged domestic enquiries against the five workmen mentioned in Issue No. 1 of the order of reference, are vitiated by the principles of natural justice. P.W. 1 has also proved that there was victimisation and unfair labour practice in this case in the matter of dismissing the said five workmen. Accordingly, I hold that the dismissal of the following workmen by the Company with effect from 4th September 1967 (vide Ext. 5 series—the letters of dismissal) is not at all justified. P.W. 1 in his evidence has also said that the management was not at all justified in laying off the 59 workmen mentioned in the list attached to the order of reference from 7th May 1966 to 18th May 1966. I accept the evidence of P.W. 1 as correct and I hold that the management is not at all justified in laying off the 59 workmen mentioned in the list attached to the order of reference from 7th May 1966 to 18th May 1966. I further hold that the said 59 workmen are entitled to their full wages during this period, their wages during the relevant time having been mentioned against their names in the list attached to the order of reference. Accepting the evidence of P.W. 1, I also hold that the management is not at all justified in refusing employment to all the 59 workmen mentioned in the list attached to the order of reference, referred to above, on and from 20th June 1966. It is the evidence of P.W. 1 that the factory is still in running condition. Accordingly I further hold that the said 59 workmen are entitled to reinstatement. As P.W. 1 in his evidence simply prayed for order of reinstatement and as he has not prayed for back wages, I hold that the five workmen as mentioned under Issue No. 1 and the 59 workmen as mentioned in the list attached to the order of reference are only entitled to order of reinstatement. The said 59 workmen are further entitled to full wages on and from 7th May 1966, till 18th May 1966, their wages having been mentioned against their names in the list attached to the order of reference, and I hold as such.

The Company is directed to reinstate the five workmen Shri Amulya Hazra, Shri Basanta Lal Das, Shri Narain Dey, Shri Ram Prakash and Shri Mahadev Das and also 59 workmen as mentioned in the list attached to the order of reference within one month from the date of publication of this award in the "Calcutta Gazette."

The Company is further directed to pay the full wages to the said 59 workmen in the list attached to the order of reference for the period from 7th May 1966 till 18th May 1966 after deducting any amount, if already paid on any occasion for this period, from 7th May 1966 till 18th May 1966 also, within one month from the date of publication of this award in the "Calcutta Gazette".

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 411-I.R./IR/10L-284/66, dated the 2nd February 1967, an industrial dispute existing between Messrs. Shree Govinda Aluminium Works, 12/3 Girish Ghosh Road, Belur, Howrah and their workmen represented by Howrah North Engineering Mazdoor Sangha, 87/2 Girish Ghosh Road, Belur, Howrah, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication, in respect of the following issue :

Issue

Is the refusal of employment to the following workers justified ? To what reliefs, if any, are they entitled ?

(1) Shri Subramani,
(2) Shri Kashi Reddy,
(3) Shri Perumal,

(4) Shri M. Elumali,
(5) Shri Sithambaram,
(6) Shri Muniswamy,
(7) Shri Rose Reddy,
(8) Shri Munikanan,
(9) Shri Kailas Chauttri,
(10) Shri Ganesh Naikkay,
(11) Shri Murappan,
(12) Shri Kannayaram,
(13) Shri Chandra Reddy,
(14) Shri Raju, and
(15) Shri Mohan.

Usual notices were served from this Tribunal, after receipt of the Order of Reference, to the Union as well as the Company. Both the Company as well as the Union appeared and file their separate written statements.

The Union in its written statement contended that the Company being Messrs. Shree Govinda Aluminium Works is one of the prosperous units of the industry and by manufacturing aluminium sheets, circles, strips and electrical components, is earning huge profits every year. The employees being piece-rated workers, their earnings depended on production. The Company in order to increase their profits and to exploit the labourers started supplying bad and inferior types of materials and as such the earnings of the labourers fell abnormally. The workers approached the Management to ventilate their grievances for inferior types of materials many a times and at last the Director told the workers to put their grievances in writing. Accordingly on the 23rd July 1966 they placed their grievances in writing by submitting an application (vide Ext. 1), but the Company authorities did not redress the grievances of the labourers and at last, the Union approached the Labour Commissioner by way of submission of their demands by a letter, dated the 10th August 1966 (vide Ext. 'A'). On getting such letter of the Union, the Management got very much annoyed. On 8th October 1966, all the workers went and resumed their work as usual. After sometime, about 15 workmen met the Director to place their grievances and in turn the Director turned them out of the factory and these 15 workmen were not allowed to resume their work. The Management by a letter, dated 12th August 1966 (vide Ext. 'B'), made false allegations to the effect that the workers were not resuming their work. In order to terrorise the workmen, the Company actually refused to give work to the 15 workmen mentioned in the Order of Reference on the plea that they had left their job voluntarily and issued letters on 19th August 1966 (vide Ext. 'D') stating that they had struck off their names from the master roll of the Company. The Company before issuing the letter, dated 19th August 1966 (vide Ext. 'D'), did not comply with the formalities of law which are required, before dismissing a person, which is a clear instance of unfair labour practice. The action taken by the Company is unjustified, mala fide and by way of victimisation. An award is prayed directing that the refusal of employment to the 15 workmen is unjustified and for reinstatement with full back wages.

The Company in their written statement denied the allegations of the Union and contended that the Order of Reference is bad in law and as such is not maintainable. The Company asserted that there was never any refusal by the Employer to continue to employ the persons named in the Order of Reference at the material time, and to this effect, the Union sent a letter, dated 10th August 1966, to the Assistant Labour Commissioner, Howrah, to intervene in the matter. In that letter the Union admitted that as a last weapon the workers had to resort to strike since noon of the 8th August 1966 (vide also para. 12 of the Union's written statement). No dispute was ever placed before the Company regarding the alleged refusal of employment to the workmen and as such the Government acted illegally in referring the matter for adjudication.

It has further been alleged in the written statement that there was never any workmen in the name of Munikanan and Kailash Chauttri as mentioned in serial Nos. 8 and 9 respectively in the Order of Reference. On the other hand, there were two employees named, Munival Naidu and Kamaleswar Choudhury in the factory. The Company had a total strength of seventy workers out of which 14 workers (8 permanent and 6 casual) started absenting in a concerted manner from the 8th August 1966 and as a result there was complete dislocation in the forward and backward manufacturing programme of the Company. The Company immediately issued notices on 12th August 1966 (vide Ext. 'B') to these eight workmen, namely, Shri Rose Reddy, Shri M. Elumali, Shri Kamaleswar Choudhury, Shri Sitambaram Reddy, Shri Subramani Modliar, Shri Perumal Reddy, Shri Muniswamy Reddy and Shri Munival Naidu, as the remaining workers were casual workers. Such notices were sent to the workmen concerned to their last known addresses, by the Company under registered post and a copy of such notice was also displayed on the Notice Board inside the factory premises and also on the main entrance gate of the Company. Two employees being M. Elumali and Kamaleswar Choudhury accepted such letters and all other letters were returned undelivered with the postal remarks "refused", "left" and "unknown" (vide Ext. 8 series). The Company waited up to 19th August 1966, but as the workers neglected and failed to resume their works and/or submit any satisfactory explanation of their stoppage of work on and from 8th August 1966, the Company again sent notices to the workmen concerned informing them that the Company had struck off their names from the master roll (vide Ext. 'D'). This notice, dated 19th August 1966, was issued to two workmen, namely, E. Elumali and Kamaleswar Choudhury, and the notices issued to the remaining workmen were displayed on the Notice Board of the factory. The allegations of the workmen that before they went on strike, the workers had approached the Management for the inferior type of materials or that the workers ever met any Director of the Company for redress of their grievances and in turn were asked to put their grievances in writing on 23rd July 1966, were all denied. The workers, it is asserted on behalf of the Company, went on strike since the noon of 8th October 1966 and there was never any refusal of work on the part of any Officer or Partner of the Company. Lastly, it has been contended that due to stoppage of work by the workers the Company had to suffer heavy loss for failing to execute some contracts with the customers and finding no other alternative than to close down their business due to this situation and illegal strike by the workers of the Spinning Department, there was closure of the undertaking with effect from 17th December 1966 with intimation to all concerned. The factory premises, which was taken on lease basis, was surrendered to the Lessor.

On behalf of the Union, four witnesses have been examined. Three are the ex-employees of the Company. They are P. W. 1, M. Elumali, P. W. 2, Ganesh Naikkay and P. W. 3, Murappan whose names appear in serial Nos. 4, 10 and 11 respectively of the Order of Reference. P. W. 4 is the Secretary of Howrah North Enginering Mazdoor Sangha, a Registered Union. On the other hand, two witnesses have been examined on behalf of the Company. D. W. 2, Shri S. K. Agarwalla is one of the two Partners of Shree Govinda Aluminium Works and the other D. W. 1 is the clerk employed under Messrs. Bharat Engineering Factory, from whom Shree Govinda Aluminium Works took lease for a term of five years, the factory premises where Shree Govinda Aluminium Works started their business. The Registered Deed of Lease has been produced, proved and marked as Exhibit G 1. It is dated, 17th September 1964 and it shows that the lease started from 28th October 1962. Exhibit G is the Partnership Deed in between D. W. 2. S. K. Agarwalla and another Mahendra Kumar Agarwalla in equal shares to run the business of Shree Govinda Aluminium Works on and from 1st March 1962. Exhibit 'E', dated 12th November 1966 is a Partnership Deed of another Company, namely, Messrs. Bharat Engineering Company. It appears from the said documents that none of the two Partners of Shree Govinda Aluminium Works is also a Partner of this concern, namely, Messrs. Bharat Engineering Co. It is the oral evidence of D. W. 2 which is also supported by documentary evidence that they actually took lease of the factory premises of Bharat Engineering Co., and started to run their own partnership business under the name and style of "Shree Govinda Aluminium Works". Be that as it may, the question which arises for decision in this case as to whether the employees mentioned in the Order of Reference were refused employment by this Company authorities on and from the afternoon of 8th August 1966, as alleged on behalf of the Union, or actually these employees went on strike from during the tiffin time on the same date, as alleged on behalf of the Company. On this question, there are both oral and documentary evidence. According to P. W. 1, Shri Elumali, that the workers first placed the original of Exhibit 1, dated 23rd July 1966, before the Director of the Company. It has been contended on behalf of the Company, that the original of Exhibit 1 was never served on the Company authorities. It is in evidence that there was no Director of this Company, but there were only two Partners including D. W. 2. Exhibit 1 has been marked after objection raised on behalf of the Company. There is nothing on record to show that the original of Exhibit 1 was actually served on the Company authorities. P. W. 1 in chief simply stated that the Company authorities did not give them any employment. In cross-examination he stated that on 8th August 1966 at about 12 noon, he was refused employment by the Company authorities. He further admitted that all the fifteen persons including he himself, as mentioned in the Order of Reference, were employees of the Shipping Department of the Company. On this point, P.W. 2 stated that on 8th August 1966 the Proprietor called for them, that they went and were told that he will not be able to give them enhanced rate, that they then came out of the factory during tiffin hours and after tiffin, when they returned to the factory, the Durwan refused them to enter the factory premises as directed by the Proprietor, Dwarka Babu (D.W. 2). In cross-examination, he also admitted that they have got no receipt to show that the Company did actually receive the original of Exhibit 1. He has also been forced to admit in cross-examination that they actually struck off work in the factory since 8th August 1966. Realising the effect of this statement, P.W. 2 in the next breath stated that they did not actually launch strike. But at the same time he admitted that they sent the original of Exhibit 'A', dated 10th August 1966, to the Assistant Labour Commissioner, Howrah, copy of which was forwarded to the Company authorities. In Exhibit 'A' it has been asserted that as nothing could be settled, the workers used their last weapon by 'Strike' after working up to 12 o'clock on the 8th August 1966. P.W. 3, Marappan stated in his chief that they had worked from 8 a.m. till 12 noon on 8th August 1966 and that during tiffin that day, they came out of the factory and after their tiffin when they went on work again they were refused entry by the Durwan. Though this witness stated in his cross-examination that after Exhibit 1 they also wrote to the Labour Commissioner alleging that they were not given any employment by the Management of the Company, no copy of such letter has been filed before this Tribunal. Such alleged original letter has not also been called for, from the Labour Commissioner's office. No explanation has been put forward on behalf of the Union for the non-production of such document. P.W. 4, Secretary of the Union, stated in his chief that there was no strike as mentioned in Exhibit 'A'. He also admitted in his cross-examination that prior to 10th August 1966 he as Union's Secretary, did not submit any Charter of Demands to the Management. Exhibit 'A' is dated, 10th August 1966. In this letter addressed to the Labour Commissioner, a copy of which has been forwarded to the Company authorities (vide Ext. 1A), it has been definitely asserted that the workers of the Shipping Department had actually gone on strike after working up to 12 o'clock on 8th August 1966. It is admitted that all the employees mentioned in Order of Reference used to work in the Spinning Department of the Company. It is also in evidence that excepting the eight persons mentioned in Exhibit 'B' others are casual workers and it is also admitted in this case (vide also the cross-examination of P.W. 3) that Kashi Reddy, whose name appears in serial No. 2 of the Order of Reference, was also on leave from long before 8th August 1966. The Union cannot resile from its own statements made in Exhibits 'A' and 'A1'. The workers, I am of opinion, are bound by the statements in the said documents. As nothing could be produced, which has also been stated by D.W. 2 that they never received the original of Exhibit 1, I cannot but hold that the original of Exhibit 1 was never submitted before the Company authorities. According to D.W. 2, during tiffin time at about 12 noon on 8th August 1966, the labourers went out to have their tiffin, but they never returned back to the factory to resume their work again on that day. He has also stated that on the next day, i.e., on 9th August 1966 the workers came and assembled outside the factory gate and that on their asking to resume work, they refused to do so. It then appears that the Company sent the original of Exhibit 'B', dated 12th August 1966, addressed to eight workers including P.W. 1, Shri Elumali, to their last known respective addresses asking the employees to resume their duties immediately. This latter was received admittedly by Shri Elumali and another Shri Kamaleswar Choudhury. The letters addressed to others were returned back (vide Exts. H series). Subsequently on 19th August 1966, the Company again sent the originals of Exhibit 'B' addressed to these two employees Shri M. Elumali and Shri Kamaleswar Choudhury informing them that as they did not report for duty, their names were struck off from the master roll of the factory. It is the evidence of D.W. 2 that such notices in respect of other six employees were also hung up in the Notice Board of the Company (vide Ext. 'I').

According to D.W. 2, as the workmen of the Spinning Department did not report for duty, as directed, they had to close their undertaking on and from 17th December 1966. Such fact was let known by letters to all concerned (vide Exts. 'J' series and 'K' series and also 'L'). Though the question of closure of the undertaking does not strictly arise for decision in this Order of Reference, the aforesaid documents and also Ext. 'M', dated 27th February 1967 of the Labour Officer, Howrah, addressed to the Company asking them to produce papers and documents and other registers showing payment of retrenchment compensation to the workmen as per the provisions of the Industrial Disputes Act go to prove that there was closure of the undertaking since 17th December 1967, as alleged on behalf of the Company. According to D.W. 2, they produced such documents and satisfied the Labour Officer as regards their payment of retrenchment compensation to their employees excepting, of course, the employees mentioned in the Order of Reference to whom undisputedly no such retrenchment compensation has been paid. It also appears that Shree Govinda Aluminium Works surrendered their Excise Licence after informing the Collector of Central Excise (vide Exts. 'P' and also P-1). The Lease in favour of Bharat Engineering Works in respect of the factory premises has also been surrendered as proved by D.W. 1, an employee of Messrs. Bharat Engineering Co., and also the letters, Exts. 'N' and 'O'. The evidences on record go to prove that actually Shree Govinda Aluminium Works have closed down their undertaking sometime in December 1966, which is the Company's case.

Upon a consideration of the entire evidence on record, both oral and documentary, and the facts as well as the circumstances of this case as stated above, I cannot but accept the Company's contention to the effect that the workers mentioned in the Order of Reference went on strike from during the tiffin time of 8th August 1966, as true. Accordingly I hold that the employees of the Spinning Department of Shree Govinda Aluminium Works actually struck work from the noon time of 8th August 1966, which is the Company's case. I thus hold that there was no refusal of employment to any of the following workmen as mentioned in the Order of Reference as alleged on behalf of the Union. So the question of justification of alleged refusal of employment to the workmen does not arise in this case and as such I hold that none of the employees are entitled to any relief in this Order of Reference.

Next, as regards the contention raised on behalf of the Company that the instant Order of Reference is not maintainable, because prior to this Order of Reference, there was never any placement or raising of the alleged dispute regarding refusal of employment to any of the employees before the Company authorities, I may mention here that this contention has got some force. There is nothing on record to show that the workmen raised any dispute with their employers regarding the alleged refusal of employment to the workmen as mentioned in the Order of Reference. A mere demand to the Government without a dispute being raised by the workmen with their employers cannot become an industrial dispute. In the instant case, the Government had to come to an opinion that an industrial dispute did exist and that opinion could only be formed on the basis that there was a dispute between the Company and the Union relating to refusal of employment and relating to reinstatement. The only reference that the Government could have made, had to be related to the payment of retrenchment compensation which could be the only subject-matter of dispute.

As the Order of Reference stands, I answer the first part of the issue in the affirmative and the second part in the negative. This Order of Reference, I hold, is not maintainable either on facts or on law.

This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Himani Private Ltd., 13 B. T. Road, Belghoria, Calcutta-56 and their workmen represented by Himani Workers' Union, Panja-Villa, P.O. Agarpara, 24-Parganas. (Case No. 374/67.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri K. K. Moitra, Vice-President, Assam, West Bengal, Orissa and Bihar Employers' Association.

Present for the Union: Shri S. N. Banerji, Advocate.

By Government of West Bengal, Labour Department, order No. 2520-I.R./IR/11L-181/67, dated the 14th June 1967, the present industrial dispute between Messrs. Himani Private Ltd. and their workmen was referred to the Fifth Industrial Tribunal under section 10 of the Industrial Disputes Act, for adjudication upon the issue mentioned below:

Issue

Bonus for 1965-66.

On receipt of notice from the Tribunal, both the parties made their appearances and filed their respective written statements.

Admittedly, the Company paid 4 per cent. bonus to the workers. It is the case of the workmen that they are entitled to 12½ per cent. bonus for the year 1965-66.

The case of the Company is that it sustained loss during the relevant year and, as such, the workmen are not entitled to get more than 4 per cent. bonus.

The Company has filed the balance-sheet and the calculation of available surplus for bonus for the year 1965-66. Ext. A is the balance-sheet, and Ext. B is the chart showing calculation of allocable surplus. The chart has been prepared according to the Payment of Bonus Act of 1965. It shows Debit Balance of Rs. 9,274. So it appears that there was no available surplus for bonus in respect of the year 1965-66. The correctness of the balance-sheet has not been challenged by the learned Advocate for the Union. It is, however, submitted by him that as the Company did not produce all the registers it maintained in the office, it is to be taken that the entries in the balance-sheet are not correct. I am unable to accept this contention of the Union. Section 23 of the Payment of Bonus Act says that it should be presumed that the particulars and statements contained in the balance-sheet and profit and loss account are accurate unless proved otherwise by cogent evidence. In this case the Union has not called for the registers maintained by the Company. Had the Union called for those documents, and had the Company refused to produce them, then and then only it could be inferred that the balance-sheet and the profit and loss account have not been correctly prepared. As no such steps have been taken by the Union, it must be presumed that the balance-sheet and the profit and loss account submitted by the Company have been correctly prepared. Admittedly, bonus was paid to the workmen by the Company on the previous year at 12½ per cent. There is no item mentioned in the profit and loss account or in the balance-sheet that any rebate had been received by the Company from the Income Tax Department on account of payment of bonus to the workmen for the previous year. So it is submitted by the learned Advocate for the Union that from this it should be taken that the balance-sheet and the profit and loss account submitted by the Company have not been correctly prepared. But there is no positive evidence that actually any rebate had been granted to the Company by the Income Tax Department on account of payment bonus to the workmen during 1964-65. It may be that the Income Tax Department have not yet granted rebate to the Company. There is no evidence on the side of the Union that any such rebate had been granted to the Company by the Income Tax Department. The balance-sheet does not show that any such rebate has been granted by the Income Tax Department. It should be presumed that the entries in the balance-sheet are correct. I, therefore, find no reason as to why the balance-sheet and the calculation of available surplus, as submitted by the Company, should not be relied upon. I find that during the relevant year the Company had no available surplus. Under section 10 of the Payment of Bonus Act the Company has paid to the workmen bonus at the rate of 4 per cent. The Company has done according to law. I find that the Company is not bound to pay any more bonus to the workmen for the year 1965-66.

This is my award.

AWARD

On the issue hereinunder mentioned in the body of the award there having existed an industrial dispute between Messrs. Radon House Private Ltd., 89A and B Kalighat Road, Calcutta-26 and its Research Laboratory at 7 Sardar Sankar Road, Calcutta-26 (hereinafter called the Company) and their workmen represented by Radon House Employees' Union, 33B Monohar Pukur Road, Calcutta-29 (hereinafter called the Union), the Governor of West Bengal under Government of West Bengal, Labour Department, order No. 3785-I.R./IR/11L-335/67, dated 11th August 1967, was pleased under section 10 of the Industrial Disputes Act, 1947, to refer the said dispute to this Tribunal for adjudication.

Issue

Whether the lock-out at the Research Laboratory at 7 Sardar Sankar Road, Calcutta-26 and at the factory at 89A and B Kalighat Road, Calcutta-26, with effect from 4th May 1967 is justified? What relief, in any, are the workers affected thereby entitled to?

On receipt of the aforesaid order of reference this Tribunal started this case on 17th August 1967 and issued usual notices to the parties in the usual manner fixing 18th September 1967 for their appearance before this Tribunal and for filing of written statement by the Union. On 18th September 1967 the Union filed it written statement in triplicate and a copy of the same was made over to the Company. Shri M. M. Sen, Managing Director of the Company, appeared that day before the Tribunal to represent the Company. The Tribunal then asked the Company to file its written statement in reply on or before 26th October 1967. After taking one adjournment the Company filed its written statement on 1st December 1967. Thereafter various dates were fixed by the Tribunal for taking various steps preparatory to the peremptory hearing of the case. The Tribunal then fixed 5th August 1968 for hearing the case. On that date a petition was filed for the Company praying for adjournment on medical ground. Shri P. Pathak who appeared for the Union raised no objection and the Tribunal adjourned the hearing to 29th October 1968. The Tribunal being on leave on 29th October 1968, the case was taken up for orders on 4th November 1968 and 15th November 1968 was fixed for hearing of this case. On 15th November 1968 neither party appeared before the Tribunal and no step was taken by any of the parties. In the circumstances the Tribunal reserved its order.

So far none of the parties has appeared before this Tribunal to take any step in this case. The Tribunal therefore presumes that the parties are no longer interested in this dispute and the dispute itself has ceased to be a substituting dispute. Hence, the Tribunal holds that there is no substituting dispute between the parties and passes this no dispute award.

Usual number of copies of this award be sent to the State Government for necessary action.

(2) Tickets shall be issued in distinct and separate series; each such series shall be distinguished by a distinct alphabetical notation.

(3) Each such series shall consist of 999999 tickets and shall be numbered consecutively from 000001 to 999999.

4. (1) The number and amount of prizes for each draw shall be determined and announced by the Government from time time before the commencement of the sale of tickets for such draw.

(3) No ticket shall be eligible for more than one prize in a draw. In the event of more than one prize being drawn against a particular ticket, the ticket holder shall be entitled only to the prize drawn first in chronological order against his ticket and there shall be a fresh draw for the lower prize.

(4) Tickets remaining unsold with the office of the Director shall *not* be eligible for any prize in a draw. If an unsold ticket number is drawn, the process of the draw shall be repeated till a sold number is drawn.

7. (1) The appointment of agents shall be made by the Director and such other authorities as may be nominated by the Government in this behalf from time to time and it shall be open to the Director or other appointing authority to terminate the appointment of any agent without assigning any reason. In appointing agents due consideration shall be given to the financial status of the applicant, his ability to promote sale of tickets and any other factor which the Director or other appointing authority may consider relevent in that behalf.

The decision of the Director or other appointing in the matter of the appointment of an agent and the termination of his appointment shall be final and binding and *no* appeal shall be entertained against the decision.

(2) The Director shall have the right to restrict the number of agents for a particular area.

(3) The appointment of an agent shall be valid for a period of two months from the date of appointment or for a particular draw, whichever is shorter, unless the period is extended by the Director or other appointing authority. The agents shall, on production of the order of appointment, be entitled to purchase tickets from the office of the Director and Treasuries and Sub-Treasuries in the State mentioned in the order of appointment.

(6) The agents shall purchase tickets on payment of the full value of the tickets *less* commission allowable on the face value of the tickets.

8. (1) The agent shall be eligible for a commission of 15 per cent. on the face value of the tickets purchased by them.

(2) A special commission shall be allowed in the following cases, namely:—

(ii) 5 per cent., i.e., 20 per cent. in all extra in cases where purchases made by an agent for a draw exceed fifty thousand tickets.

If purchases of tickets mentioned above are made in instalments, the special commission shall be paid only after the close of the draw.

9. Tickets shall be issued to the agents up to seven clear days before the date fixed for the draw. Agents may, however, sell tickets till the date immediately preceding the date of the draw. All tickets sold to agents shall be deemed to be 'sold tickets' for the purposes of the draw and the award of prizes.

Draw of the Lottery

10. The date of the draw shall generally be indicated on the tickets themselves.

The Director shall have the right to postpone the date of the draw. Due publicity shall, however, be given to such postponement and also to the revised date of the draw.

The time when and the place where the draw will be held shall also be given wide publicity.

11. The draw shall be held in public and under the supervision of a Committee of Judges specially appointed by the Government for the purpose. The Committee of Judges shall consist of not less than five Judges including a High Court Judge, if available. At any time, during the draw two Judges shall form the quorum.

12. A list duly authenticated by the Director indicating the notations of the series of tickets sold and a list of number issued in the series shall be furnished to the Committee of Judges. A list of tickets remaining unsold with the office of the Director shall also be drawn up by the Director and shall also be furnished to the Committee of Judges, duly authenticated by him, before the draw commences.

13. As soon as a particular number is drawn in the manner indicated in rule 19, the prize winning-number shall be entered in the Register of the Prize-winning Numbers kept in the personal custody of the Director. The Judges present shall sign the Register as soon as the draw is completed. This procedure shall be repeated till all prizes for the draw are drawn.

14. After the draw is over, the records shall be kept in the custody of the office of the Director for such period as the Government may determine.

15. Due publicity shall be given to the list of prize-winning tickets but the list as published in the "Calcutta Gazette" shall alone constitute the official announcement of the results of each draw.

Procedure for the Draw

16. The procedure for the draw shall be as follows:

There shall be seven drums located in a conspicuous place at one end of the hall where the draw is conducted. The drums shall bear the following identification labels, namely:—

I	II	III	IV	V	VI	VII
Alphabetical series.	Lakhs	Ten thousands.	Thousands.	Hundreds.	Tens.	Units.

17. The first drum shall contain twice as many discs as there may be alphabetical notations, two discs for each notation, used in the different series of tickets issued for sale in a draw. Each one of the other six drums shall contain thirty discs each of the digits from 0 to 9 being inscribed on three discs. To prevent confusion the digits 6 and 9 shall be inscribed in words, namely, 'SIX' and 'NINE'. Each drum shall be such as may be mechanically or electrically rotated and the rotation shall be stopped as and when directed by the Committee of Judges. The drums shall be rotated by persons duly *approved* by the Committee of Judges.

A Notice Board shall be displayed in a prominent place in the drawing hall where the alphabetical notations and the digits drawn from each drum shall be recorded as soon as the same are drawn from each drum.

18. (1) Prizes will be drawn in the descending order of the value of the prizes, the first prizes, the first prize being drawn first and the last one being drawn last.

(2) The draw shall commence from the first drum and shall be followed in the ascending order of the number given to each of the other drums. As soon as an alphabetical notation or a digit is drawn, it shall be announced loudly by the person drawing it, and after verification by the Committee of Judges, it shall be displayed on the Notice Board.

Payment of Prizes

19. (1) The winners of prizes shall claim the prize amounts from the Director. The first and the second prizes may be handed over at ceremonial functions which may be organised for this purpose by the Director as soon after the conclusion of the draw as may be possible.

(2) Prizes shall be awarded direct to the winners only on surrendering the prize-winning tickets at the office of the Director. The persons who will actually produce the prize-winning tickets shall be deemed to be the purchasers of the tickets and, therefore, the prize winners. Prizes may be paid in person or sent by post through the Reserve Bank of India drafts on receipt of the prize-winning ticket as well as a signed receipt in the prescribed form.

20. Prize amounts must be claimed within thirty days after the date of the publication of the results of the draw in the "Calcutta Gazette". Prize amounts not claimed within the said thirty days shall lapse and be automatically forfeited to the Government.

21. The Government shall not recognise the re-sale in full or in part of a ticket or any transfer thereof.

Supplemental Matters

22. The Government reserve the right to alter or modify these rules from time to time. Such changes shall, however, be duly notified in the "Calcutta Gazette". The terms regarding the price of the tickets, the number and value of the prizes and the procedure for drawal of prize-winning tickets shall not, however, be altered in respect of any draw after the commencement of the sale of tickets for that draw.

23. If any question arises as to the interpretation of any of these rules or in regard to any matter not expressly provided for in these rules, the matter shall be referred to the Government and the decision of the Government thereon shall be final.

GOVERNOR'S SECRETARIAT, WEST BENGAL

NOTIFICATION

No. 438-S.—11th January 1969.—The Governor is pleased to award the "Dr. Harendra Coomar Mookerjee Silver Medal" for the year 1967 to the undermentioned persons for outstanding acts of courage and self-sacrifice:—

Name and address of the person

1. Shri Bhagirath Prasad Roy, Student, Labpur Jadab Lal High School, Birbhum.

Statement of the act performed for which the decoration has been awarded

On 26th August 1967, at about 5 p.m., two Santhal girls were engaged in transplantation of paddy in a plot of land by the side of a river. The attention of the girls having been drawn to a few bundles of paddy seedlings floating down the river, they felt tempted to have them and went into the river. But, unfortunately, as soon as they reached the river bed they were caught in the forceful current of the flood water in the river and were being swept away. At that time Shri Bhagirath Prasad Roy, a student of Labpur Jadav Lal High School, was seated on the nearby ralway bridge with his friends and classmates. When the unfortunate incident came to his notice, he rushed to the river bank, cast off his cloths, plunged into the water and swam to a distance of 25/30 cubits. Coming close to one of the girls he first caught her by the lock of hair, but she was making a frantic attempt to clasp him. So, he let her go for a while and immediately with great alacrity and pluck he caught her again both by the hair and one of her hands and successfully dragged her ashore with all possible force. Meanwhile, he had perceived the touch of some other human body moving down slowly under the flood water. So he hurried back to the river bed, dived deep into the water, made a frantic search to trace the body out and ultimately succeeded in this venture too. It was a senseless body of the other Santhal girl that required tremendous force, being very heavy, to be taken ashore. After first-aid was administered, both the girls gradually regained their senses and became normal and they were made over to their relatives who showered profuse blessings on Bhagirath.

In rescuing successively two drowning girls from a river in high spate at great personal risk and danger, Shri Bhagirath Prasad Roy displayed exemplary courage and spirit of self-sacrifice.

Name and address of the person

2. Shri Narayan Chakraborty, Sub-Inspector, South Port Police Station, Port Division, Calcutta Police.

Statement of the act performed for which the decoration has been awarded

On 13th May 1967 at about 11 a.m. Sub-Inspector, Narayan Chakraborty while about to get ashore after finishing his bath in the Ganges at Watgunge, Calcutta, heard a hue and cry raised by the bathers and all those standing on the shore that someone was getting drowned. Shri Chakraborty looked back and could see only the wrists of a drowning man, who was making frantic efforts to catch hold of something, but was being carried towards the midstream due to a whirl. Of all persons present there, it was Shri Chakraborty, who pondered for a moment, took his decision, girded up his loins and plunged headlong into the river in full spate in complete disregard of his personal safety and quickly reached the drowning man. He caught hold of his wrist, dragged him out of the whirl and brought him to the shore like an expert life saver.

In saving the life of a drowning man from a river in full spate at great personal risk and under most hazardous circumstances, Sub-Inspector Chakraborty displayed outstanding courage, deep sense of civic duty and spirit of self-sacrifice.

Name and address of the person

3. Shri Aswini Kumar Roy, Assistant Sub-Inspector, Beliaghata Police Station, Calcutta.

Statement of the act performed for which the decoration has been awarded

On 14th January 1967 at about 1-55 a.m., while on night rounds, Assistant Sub-Inspector Aswini Kumar Roy of Beliaghata Police Station heard a groaning sound from the direction of the canal. Soon he discovered a man struggling in the water of the canal to save himself from being drowned. It was apparent that the man was utterly exhausted and would give up the struggle before long. The Assistant Sub-Inspector, who was in full uniform, lost no time in jumping into the canal, in complete disregard of his personal safety, and after a good deal of struggle in the water succeeded in rescuing the man from the clutches of almost certain death. First-aid was administered to the man, who was pulled out in a senseless condition and was in a state of profound shock. After quite some time, the man who was fairly old gave out his name as Bepin Das. The General Diary of Beliaghata Police Station revealed that a man of the same name had been reported as missing. Later, the old man, aged 79 years who was a short sighted and insane person and had slipped out of his house unnoticed by his relations, was restored to his family.

In rescuing a drowning man under extremely hazardous circumstances disregarding all personal risks and dangers, Assistant Sub-Inspector Aswini Kumar Roy displayed exemplary courage and resolve, deep sense of civic duty, spirit of self-sacrifice and mental alacrity.

Secretary to the Governor,

No. 78-I.R./IR/11L-457/67.—6th January 1969.—Whereas under the Government of West Bengal, Labour Department, order No. 5139-I.R./IR/11L-457/67, dated the 27th September 1967, the industrial dispute between Messrs. Chharia Commercial Pvt. Ltd., 23A Netaji Subhas Road, Calcutta-1, and their workmen represented by Cossipore Mazdoor Sava, 90 B. T. Road, Calcutta-2, regarding the issues mentioned in the said order being matters specified in the Second and the Third Schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal ;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute ;

Now, therefore, in pursuance of the provisions of section ,17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Chharia Commercial Pvt. Ltd., 23-A, Netaji Subhas Road, Calcutta-1, and their workmen represented by Cossipore Mazdoor Sava, 90 B. T. Road, Calcutta-2. (Case No. VIII-749/67.)

AWARD

By the Government of West Bengal, Labour Department, order No. 5139-I.R./IR/11L-457/67, dated the 27th September 1967, an industrial dispute between Messrs. Chharia Commercial Private Ltd., 23-A Netaji Subhas Road, Calcutta-1, and their workmen represented by Cossipore Mazdoor Sava, 90 B. T. Road, Calcutta-2, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication in respect of the following issues :

Issues

1. Grades and Scales of pay.
2. Dearness Allowance.
3. Whether the lock-out of the factory is justified ? To what relief, if any, are the workmen entitled ?

Usual notices were served on the Company as well as the Union after receipt of the order of reference. Both the Union, as well as the Company appeared. Mazdoor Sava filed its written statement on 14th

November 1967. The Company, on the other hand, filed their written statement on 22nd July 1968. Since this date, neither the Company nor the Mazdoor Sava, it appears, is taking any interest in the matter of proceeding with the hearing of the instant order of reference. After 22nd July 1968, this case was fixed on 12th August 1968, for filing list of documents by the parties. None appeared on 12th August 1968 and no list of documents was filed by either party. Then 26th September 1968, was fixed for fixing a date of hearing and on that date, the case was fixed on 11th December 1968, for hearing. Neither the Company nor Mazdoor Sava appeared on 11th December 1968, and I gave a chance to the parties and fixed today (28th December 1968) for hearing of this order of reference. Today also neither the Company nor anybody on behalf of the Mazdoor Sava, has appeared on call. Shri S. N. Banerji, Advocate for the Company, on call, has stated before me that he has got no instructions from his clients to proceed with the hearing of this order of reference. Thus, it is quite clear that neither party is at all interested in the matter of proceeding with the hearing of this order of reference, and that there is no dispute between the Company as well as the Mazdoor Sava over the issues sent for adjudication to this Tribunal.

Accordingly, I pass a 'no-dispute' award in this case.

This is my award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri C. L. Ganguly, Advocate.

Present for the Union: Shri N. R. Roy, Advocate.

By the Government of West Bengal, Labour Department, order No. 4236-I.R./IR/10L-6/67, dated the 31st August 1967, this industrial dispute between Messrs. The National Insulated Cable Co. of India Ltd., and their workmen represented by the NICCO Canteen Shramik Union was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Is the management justified in employing contract labour in the canteen? Should the system of contract labour be abolished? What relief, if any, are the wokmen employed in the canteen entitled to?

On receipt of the notice from the Tribunal both the parties made appearance and filed their respective written statement.

The Company takes a preliminary objection as to the maintainability of the reference. It is submitted on behalf of the Company that the reference itself shows that there is no relationship of employer and employee between the parties and, as such, it should be held that the reference is not maintainable.

The issue in this case is whether the management is justified in employing contract labour in the canteen and whether the system of contract labour should be abolished. So this issue goes to indicate that contract labour system is existing in the canteen. The Union has adduced evidence to prove that their is no system of contract labour in the canteen. So, at present the Union does not admit existence of the system of contract labour in the canteen. The real question in this case is whether there is a relationship of employer and employees between the Company and the workmen. The Company has adduced evidence to prove that the canteen is being run by a contractor, and that the workers working in the canteen are direct employees of the contractor. The Union, on the other hand, has led evidence to prove that the workmen are direct employees of the Company. P.W. 1 Kalipada Biswas and P.W. 2 Shankar Kumar Ghosh were workers working in the canteen. They want to say that they were appointed by the Company. But their oral evidence has not been supported by any documentary evidence. O.P.W. 2 G. S. Mohanat and O.P.W. 3 P. D. Pathak are officers of the Company. Their evidence is that the workers working in the canteen are not workers under the Company, and that they are direct employees of the contractor. The Company has produced some papers to show that the canteen is being run by a contractor. But there is no convincing documentary evidence to indicate that the workers of the canteen are direct employees under the contractor. The onus is on the Union to prove by cogent evidence that the workers of the canteen are direct employees of the Company. In order to maintain the reference the Union has to show that an industrial dispute exists between the parties. Industrial dispute means any dispute or difference between the employer and their employees. But in this case the Union has hopelessly failed to prove that the workers of the canteen are employees of the Company. So it has not been proved that an industrial dispute exists between the parties. In the circumstances, it should be held that the reference is not maintainable. The Union has led evidence to prove that the Company itself runs the canteen, and that there is no contractor for the running of the canteen. If this contention of the Union is accepted, then also it should be held that the reference is not maintainable. It must be held that the issues in the reference have not been properly framed. The issue is whether the management is justified in employing contract labour, and whether the system of contract labour should be abolished. So, if there is no existence of contract labour, the questions whether the management is justified in employing contract labour and whether this system should be abolished do not arise at all. In any view of the case I find that the reference is not maintainable.

The reference is accordingly rejected.

AWARD

By the Government of West Bengal, Labour Department, order No. 1433-I.R./IR/10L-87/67, dated the 10th April 1967, an industrial dispute alleged to be existing between Messrs. Republic Engineering Corporation Ltd., 16 Bama Charan Roy Road, Calcutta-34 (H.O.: 7 Chowringhee Road, Calcutta), and their workmen, Sarvashri Sourendra Mohan Moitra, Debendra Nath Paul, Sk. Kaloo, Sk. Soley and Govinda Ch. Kundu, 45/B Southern Avenue, Calcutta-26, was referred under section 10 read with section 2A of the Industrial Disputes Act, to the First Industrial Tribunal, for adjudication in respect of the following issue:

Issue

Whether management is justified in dismissing Sarvashri Sourendra Mohan Moitra, Debendranath Paul, Sk. Kaloo, Sk. Soley and Govinda Ch. Kundu? To what relief, if any, are they entitled?

As the Presiding Officer of the First Industrial Tribunal had not started work on that date, the said industrial dispute was withdrawn from the file of the First Industrial Tribunal and was transferred for disposal to this Tribunal by the Government of West Bengal, Labour Department, order No. 3103-I.R./IR/10L-87/67, dated the 10th July 1967, for adjudication in respect of the self-same issue as mentioned above.

In pursuance of notices issued from this Tribunal the five workmen concerned and also the Company appeared and filed separate written statements. The five workmen filed a point written statement before this Tribunal on 14th August 1967. The Company filed their written statement on 5th September 1967. In the written statement filed on behalf of the Company, it has been contended inter alia that the case of the workmen is not maintainable in law and that this Tribunal has no jurisdiction to entertain and adjudicate upon the instant order of reference.

The Company was being represented by Shri Atul Lahiri, Advocate, from the very beginning. After passing through several stages, the case was taken up for hearing on 18th September 1968. One of the concerned workmen, Shri Debendra Nath Paul was examined on that date as P.W. 1, and several documents on both the sides were produced and exhibited. On 24th October 1968, the next date of hearing of this case, the Company filed a petition for an adjournment, and the prayer was allowed. The case was then fixed on 25th November 1968, for further evidence. On this date (25th November 1968) Shri A. Ghosh, Advocate, appeared for the Company and filed a petition praying for an adjournment on the ground that he had been recently engaged and had been suffering from high fever. This prayer made on behalf of the Company was allowed and the case was adjourned to 10th December 1968, for hearing. On 9th December 1968, Shri A. Ghosh, Advocate, appearing on behalf of the Company filed a petition praying for hearing the preliminary objections regarding the jurisdiction of this Tribunal on the ground of maintainability of the order of reference first, before entering into the merits of the dispute referred for adjudication. This prayer of the Company was allowed on 10th December 1968, as the objections raised struck to the root of the case, subject to payment of Rs. 50 as costs to the workmen. Such cost of Rs. 50 was paid by the Company to the workmen on 19th December 1968, on which date the concerned workmen filed an objection against the Company's application filed on 9th December 1968, contending that the said Company's application was a misconceived one and is a belated attempt on the part of the Company to delay the matter.

I have heard the representatives of both sides regarding the maintainability of the order of reference and the jurisdiction of this Tribunal to entertain and adjudicate the issue in question referred to by the Government, at length on 19th December 1968.

It has been canvassed from the side of the Company that the present order of reference is not maintainable in law inasmuch as the case of the five concerned workmen has not been espoused by any appreciable number of workmen of the Company or by any Union, to constitute an industrial dispute. The contention of Shri A. Ghosh, Advocate on behalf of the Company, is that the new section 2A of the Industrial Disputes Act by virtue of which the five concerned workmen had been made parties, is not retrospective in effect and therefore, the termination of services of the five concerned workmen before the introduction of section 2A cannot be a subject-matter of the present reference, specially when the dispute has not been taken up by a number of workmen or by any Union.

In order to decide the aforesaid question we must state first certain admitted facts of this case. Five concerned workmen Sarbashri Sourendra Mohan Moitra, Debendra Nath Paul (P.W. 1), Sk. Kaloo, Sk. Soley and Govinda Ch. Kundu, were undisputedly the workers of the Company. Charge-sheets, dated 17th February 1964, were served on them (vide Exts. 1 series). There were domestic enquiries against all of them and by letters of dismissal, all the workmen were admittedly dismissed from the service with effect from 16th June 1964 (vide Annexure A of the written statement filed on behalf of the workmen). Dispute challenging the orders of dismissal was first raised before the Managing Director of the Company on 17th June 1966, by the letter Ext. J, written by the five concerned workmen. It is also admitted that the conciliation proceedings started over this matter before the Labour Commissioner on 5th November 1966 (vide Ext. 7, copy of the letter of Labour Officer, dated 1st November 1966), resulting to the instant order of reference of the Government, dated 10th April 1967, to the First Industrial Tribunal, under section 10 read with section 2A of the Industrial Disputes Act and was then transferred to this Tribunal by an order, dated 10th July 1967. By the introduction of the Industrial Disputes (Amendment) Act of 1965 the new section 2A has been inserted. This section 2A runs as follows:—

> "Where any employer discharges, dismisses, retrenches or otherwise terminates the services of an individual workman, any dispute or difference between that workman and his employer connected with, or arising out of, such discharge, dismissal, retrenchment or termination shall be deemed to be an industrial dispute notwithstanding that no other workman nor any union of workmen is a party to the dispute."

This Amending Act of 1965 received assent of the President of India on the 19th November 1967. It was published in November 1965, for general information, and it came into force by the Central Government Notification, dated 27th November 1965, with effect from the first day of December 1965. There cannot be any dispute that section 2A creates a substantive right and cannot be retrospective in operation. It cannot be said by any stretch of imagination that section 2A has only brought about a change in the procedural law as contended on behalf of the Union, and, therefore, although section 2A is not retrospective in effect, the instant order of reference is good because the workmen moved the Labour Commissioner for conciliation proceedings after section 2A had come into force on 1st December 1965. According to Shri Pathak, when the Government has made the reference after the aforesaid date, i.e., on 10th April 1967, there cannot be any legal flaw over the maintainability of the same. It is also admitted that the case of the dismissed five workmen was not espoused by a number of workmen or by any Union in this case. Under section 2(k) of the Industrial Disputes Act, "industrial dispute" means any dispute or difference between employers and employers or between employers and workmen, or between workmen and workmen, which is connected with the employment or non-employment or the terms of employment or with the conditions of labour of any person. It is now a well-settled principle of law that individual dispute, i.e., disputes directly concerning workmen individually can take up the character of an industrial dispute to which the Act applies, only when it is collectively supported and taken up by the other workmen or by a section of them or a Union representing them, before the date of reference. In other words, a dispute between an employer and a single workman or some workmen is not per se an industrial dispute; but it may become as such if taken by a number of workmen or a Union representing the workmen. Collective support by the workmen is essential for making an individual dispute and industrial dispute. In the instant case it is undisputed that the dispute was initiated by the dismissed employees only. The services of the concerned workmen were undisputedly terminated nearly 1½ years prior to the date, when the aforesaid added section 2A came into force.

The dispute challenging the dismissal was, of course, raised after section 2A has been inserted. By the introduction of new section 2A, individual workman aggrieved at the termination of service acquire a right to have his or their dispute adjudicated by the industrial Tribunal and to receive relief in appropriate cases. The new section has given such right to a dismissed workman. This section is not a procedural matter, pure and simple. The present dispute, accordingly, I hold, is not an industrial dispute as per the provisions of section 2A brought into being by Act XXXV of 1965. It can be argued that where a discharge or dismissal or retrenchment or termination of service took place prior to the date which section 2A came into force and continued to exist on that date, the section came into force and thereafter, it would fall within the provisions of section 2A of the Industrial Disputes Act. But the instant case cannot be brought into within the compass of this proposition of law. It could not be the intention of the Legislature that all dismissed personnel in the past could now claim reference after the introduction of section 2A, on the ground that such a dismissal was an industrial dispute.

In the above view of the case, I accept the contention of Shri A. Ghosh, Advocate, challenging the maintainability of the order of reference and also the jurisdiction of this Tribunal to entertain and adjudicate upon the issue referred for adjudication by the Government first on 10th July 1967. In the result, I hold that the dispute under reference is not an industrial dispute within the meaning of the Industrial Disputes Act. I further hold that this Tribunal, accordingly, has no jurisdiction to adjudicate the issue under reference or to give any relief whatsoever to the dismissed workmen Sarvashri Sourendra Mohan Moitra, Debendra Nath Paul, Sk. Kaloo, Sk. Soley and Govinda Ch. Kundu. This case is accordingly disposed of as not maintainable.

AWARD

The Government of West Bengal, in its Labour Department, under G. O. No. 573-I.R./IR/11L-597/67, dated the 2nd February 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Sekai Private Ltd., and their workman, Shri Jyotirmoy Das Gupta, to this Tribunal, for adjudication on the following issue:

Issue

Whether the termination of service of Shri Jyotirmoy Das Gupta is justified? To what relief, if any, is he entitled?

The workman has put in a written statement and alleged that Messrs. Sekai Private Ltd. is a well-established Advertising Marketing Concern. In response to an advertisement in the "Statesman", he applied to the Company for a post. After interview he joined his post on 15th March 1967. He insisted on the issue of a letter of appointment. He was told that it would be issued within a day or two, but it was never issued to him. On 6th May 1967 he applied for 3 days' leave from 8th May 1967 to 10th May 1967. After getting his leave application, Mr. U. Joshi, Branch Manager, made an endorsement on his application as to what was the job in hand and how he intended to take care of the same. After getting that note from the Manager, he made out a list of the production job in hand so that the urgent work might not suffer during his absence on leave. He handed over that list to the Branch Manager, who verbally granted that leave, as per the practice of the Company. On the expiry of the leave, i.e., on 11th May 1967, he went to the office and was surprised to learn that a letter, dated 8th May 1967, was issued to him stating that he had been dismissed from service for neglect of duty. He was paid salary for 6 days up to the 6th May 1967. While leaving the office, he saw that his leave application, dated 6th May 1967, was on his table and so he took it with him. Ultimately the case was filed before the Labour Commissioner and then the present reference was made.

The Company has filed a written statement. It has been alleged, inter alia, that Jyotirmoy Das Gupta, workman concerned, was appointed on a salary of Rs. 275 per month. On 15th March 1967, when he was so appointed, a letter of appointment was issued stating that he would be on probation for a period of 6 months, whereafter he would be confirmed if his work be found satisfactory and during the probationery period his services could be terminated without notice. After the leave application was made by the workman, the Manager made a query. Instead of replying to such query by the Manager, the workman put the application in his pocket and proceeded on leave without bothering to get the same sanctioned. No verbal sanction of the leave was granted by the Manager. The other allegations made by the workman have been denied.

It has been contended on behalf of the Union that the evidence of the P. W. 1 Jyotirmoy Das Gupta, workman concerned, shows that he was given permanent appointment as the production assistant. No letter of appointment was given to him though he insisted on the issue of the same. On 6th May 1967 he applied for 3 days' leave. The Manager told him to report about the work in hand. He prepared a list and submitted it to the Manager who according to the practice of that Company, verbally told him that the leave was granted and he could proceed on leave. Then he left the office under the impression that the leave was granted up to the 10th May 1967. On 11th May 1967, he went to the office and found that on 8th May 1967 a letter was issued (Ext. K) that his services had been terminated in terms of the clause 3 of the letter of appointment, dated 15th March 1967. Such termination is illegal. Hence the prayer is that the workman should be reinstated in service and his back wages granted.

The learned Advocate appearing on behalf of the Company has stated that absolutely false allegations have been made by the P. W. 1 Jyotirmoy Das Gupta. The evidence adduced on behalf of the Company will show that the workman was appointed on probation for a period of 6 months. The documentary evidence will show that he applied for leave, but he did not care to give a reply to the query made by the Manager on the leave application, vide Ext. 2 and Ext. J. Since the workman proceeded on leave though the same was not granted, that was gross neglect of duty and misconduct. So for such misconduct his services were rightly terminated by the O. P. W. 2 Mr. U. Joshi, Branch Manager, with the concurrence of the Chairman of the concern O. P. W. 1 Mr. D. Dinanath. So the Tribunal should hold that the services were rightly terminated and he is not entitled to any relief.

Let it be first seen whether the workman concerned was appointed on probation for a period of 6 months only. That has been denied by the P. W. 1 J. Das Gupta, who says that he was given a permanent job. But the O. P. W. 1 Mr. D. Dinanath, Chairman of the Company, and the O. P. W. 2 Mr. U. Joshi, Branch Manager, asserted the same. The relevant advertisement in the Statesman (Ext. L) has been produced. It does not show that any permanent appointment was to be given to the applicant for the post of production assistant. It is common ground that the P. W. 1 J. Das Gupta was appointed production assistant. It will appear from the copy of that letter of appointment, Ext. H, that the condition of the workman's appointment was that his services would be terminated without notice. I find nothing to disbelieve the evidence of the O.P.Ws. on this.

The next question is whether any letter of appointment was issued to the workman concerned. The P. W. 1 J. Das Gupta has denied it. But he did not depose satisfactorily. There is no oral or documentary evidence to support his statement on this.

The O. P. W. 2 Mr. U. Joshi and the O. P. W. 3 D. Ganguly, Accountant and Secretary of the Company, have stated that letter of appointment was issued along with a duplicate. The latter has clearly stated that he made over the original letter of appointment along with a duplicate to the P. W. 1 J. Das Gupta and told him to sign the relevant column of acceptance. He has further stated that the P. W. 1 J. Das Gupta took both the letters with him and stated that he would go through the same and return them. He has also indicated that though he demanded the duplicate from the workman concerned, the latter did not return it to him. The O. P. Ws. deposed convincingly and nothing has been found to disbelieve their evidence.

The copy of the letter of appointment of the workman concerned (Ext. H) has been filed by the Company. It has also put in as many as 9 copies of letters of appointment, Ext. I to I/8 to show that almost similar letters of appointment were issued to 9 of its different employees. It can be seen from the advertisement in the "Statesman", Ext. L, the letters of interview, Ext. 1 and Ext. 1(a), that the Company used to function in the normal way and keep documentary evidence of all its functions. It will be pertinent to point out that the workman submitted the application, Ext. F, in pursuance of the advertisement in the "Statesman". Thereafter on 23rd February 1967, he had to fill in the typed form, Ext. G and submit it to the Company giving all the details of his qualifications and experience. The O. P. W. 2 Joshi says that his Company has 18/20 employees. It is therefore clear that there was the system of keeping documents by the Company and so it cannot be believed that no letter of appointment was issued by it only in the case of the workman concerned. In the circumstances, I believe the version of the Management on this and find that at the inception, no permanent job was given to the workman concerned and that on 15th March 1967, he was appointed production assistant of the Company on condition that he would remain on probation for a period of 6 months.

Then it has to be considered whether any leave was verbally granted by the Manager to the P. W. 1 J. Das Gupta. He has stated that he prepared the list of the job in hand and made it over to the Manager who told him that the leave would be granted and he could proceed on leave. There is no oral or documentary evidence to support his uncorroborated statement. Moreover he did not depose satisfactorily. He failed to show that there was any such practice of granting leave verbally. There is also contradiction in this respect because he says that he made over that list to the Manager, whereas he had stated in his application, dated 18th May 1967, addressed to the Labour Commissioner (Ext. 3), that he had handed over that list to the person concerned, as instructed by the Manager.

The O. P. W. 2 Mr. U. Joshi has clearly stated that after the P.W. 1 J. Das Gupta submitted the leave application Ext. 2 to him, he made a query (Ext. J) on that application regarding the job in hand. He has clearly stated that he did not verbally sanction any leave and the P. W. 1 Jyotirmoy Das Gupta did not answer his query. I find nothing to disbelieve his evidence on this. The O. P. W. 3 Mr. D. Ganguly also does not say that any leave was granted to the workman concerned. I am of opinion that the statements of the P. W. 1 J. Das Gupta on this are absolutely untrue.

The O. P. W. 3 Mr. D. Ganguly has stated that the applications for leave along with the relevant notes to show whether the leave asked for is granted or rejected, are kept in a file by him. The application for leave Ext. 2 is not in the file maintained by him. If the workman really submitted a list to the Manager regarding the work in his hand, the leave application Ext. 2 could never be in his custody. The fact that such leave application is still with him along with the Manager's note thereon, is a pointer that the Company's version on this is the true one. It is therefore held that on 6th May 1967, the P. W. 1 J. Das Gupta did not submit any list in answer to the query made by the Manager (Vide Ext. J) and that no leave was verbally sanctioned by the Manager from the 8th to the 10th May 1967 and that during that period, he intentionally absented from duty without obtaining any leave from the Company. So the conclusion follows that that was an act of dereliction of duty and severe misconduct as well.

It remains to be seen whether the termination of the workman's services were justified and if not, whether any relief can be granted. It has already been seen that the copy of the letter of appointment Ext. H shows that Jyotirmoy Das Gupta was appointed on probation for a period of 6 months. That letter was signed by the Manager (O. P. W. 2, Mr. U. Joshi). He also says that he made the appointment with the concurrence of the Chairman. It has already been found that the original letter of appointment along with the duplicate was made over to the workman concerned by the O. P. W. 3 Mr. D. Ganguly. The O. P. W. 2 Mr. U. Joshi has stated that with the concurrence of the Chairman he had terminated the services of the workman. The letter of termination Ext. K, dated 8th May 1967, was also signed by him and he has aserted therein that Jyotirmoy Das Gupta was the production assistant on probation and his services were terminated under clause 3 of the letter of appointment, dated 15th March 1967.

The learned Advocate appearing on behalf of the Company has cited the case of Rohtas Industries Ltd. vs. Brijnandan Pandey in 1956 (II) L.L.J., 444, to show that where the Company engages temporary workman and the appointment contract, inter alia, provided that though put on a permanent work, the workman would not become permanent unless the Works Manager made him permanent in writing, and when the Company sought to terminate his services, in the absence of any suggestion or proof of unfair Labour Practice or victimisation, permission should be granted to terminate his services. He has contended that since Jyotirmoy Das Gupta was a temporary workman, his services could be terminated by the Management any moment at its pleasure. This contention is absolutely malicious and should not have been advanced for the stand of the Company is that he was a probationer. The aforesaid case of Rohtas Industries Ltd. vs. Brijnandan relates to the employment of a temporary worker, whereas in the instant case we are dealing with the case of P. W. 1 J. Das Gupta, who even according to the Chairman of the Company (O. P. W. 1 Mr. D. Dinanath), was appointed probationer for 6 months. Reference may be made to the case of Express Newspapers Ltd., in 1964 (I) L.L.J., 9 at p. 11 (SC) to show that within the period of probation, the workman has the same rights as a permanent employee and so his services cannot be terminated except on the ground of misconduct or other sufficient reason.

Of course in this case it has already been indicated that the workman concerned was guilty of severe misconduct.

The P. W. 1 Jyotirmoy Das Gupta has admitted that on 11th May 1967, he went to the Company's office and he was shown that letter of termination of his services. He also admits that on that date he received his salary for 6 days up to 6th May 1967, vide the voucher, Ext. C. That voucher shows that such payment was made in full and final settlement. That voucher does not indicate that the workman signified his protest when he accepted his salary for 6 days. So it appears that the authority who issued the letter of appointment (Ext. H) regarding the disputed workman, issued the letter of termination, vide Ext. K. So the appointing authority and the dismissing authority was the same.

Reference may be made to the case of Rohtas Industries Ltd., Dalmiah Nagar Vs. Ali Hassan in 1963 (I) L.L.J., 253 to show that where the workmen were dismissed without any domestic enquiry, it is open to the Industrial Tribunal to take evidence and decide the matter for itself on an application for approval of the action taken against them. It is common ground that the workman was not charge-sheeted and he was not heard before his services were terminated on 8th May 1967. It has already been found that the workman was guilty of severe misconduct because he stealthily removed his leave application Ext. 2 from the Company's office along with the Manager's notes thereon (Ext. J) and he intentionally enjoyed leave for 3 days though no leave was sanctioned. The facts and circumstances previously discussed, will show that there is no infirmity in the evidence adduced by the Company against the workman concerned. There was no victimisation or punitive measure or unfair labour practice. Since a case of gross misconduct has been proved against him, this Tribunal holds that the order of termination of his services, dated 8th May 1967, is justified and must, in the circumstances, be upheld. That was not a slight offence and hence no severe order was passed. Consequently the workman is not entitled to any relief.

It has been argued on behalf of the Company that the reference is not maintainable in law because the Government has stated that there is an industrial dispute between Messrs. Sekai Private Ltd. and their workman, Shri Jyotirmoy Das Gupta. Reference has been made to the case of Express Newspapers in 1959 (I) L.L.J., 600, to show that there will be an industrial dispute if the case of any individual workman is taken up by the Union to which the majority or a large portion of the workmen employed in the particular industry are concerned in the dispute. In the instant case the dispute is not being pressed by any Union but by the workman himself. The new section 2A of the Industrial Disputes Act is ultra vires of the Industrial Disputes Act.

The section 2A says that where any employer discharges, dismisses, retrenches or otherwise terminates the services of an individual workman, any dispute or difference between that workman and his employer connected with, or arising out of, such discharge, dismissal, retrenchment or termination shall be deemed to be an industrial dispute notwithstanding that no other workman or any Union of workmen is a party to the dispute.

The aforesaid case of Express Newspapers was reported long ago, whereas the amending section 2A of the Act was inserted in the Act with effect from 1st December 1965. In order to cover cases where an employee is not attached to any Union, that section was incorporated in the Act and such incorporation was for the benefit of the workman concerned in particular cases and to meet such contingencies.

Reference may be made to the case of Moti Das Vs. S. P. Sahi in A.I.R., 1959 S.C., 942, to show that it is well-established that there is a presumption in favour of constitutionality of an enactment and the onus is on the person who maintains the contrary. It will further appear from that case that it must be presumed that the legislature understands and correctly appreciates the needs of the people and its laws are directed to problems made manifest by experience. It has already been indicated that the legislature considered these aspects and in order to meet such problems introduced the new section 2A to the Act. So this Tribunal is of opinion that the new section 2A of the Industrial Disputes Act is not ultra vires of the Act.

The reference is disposed of accordingly.

AWARD

On the issue "whether the workmen are entitled to any more bonus than that declared by the Company on the trading result of the financial year ended 31st December 1966, payable in 1967", there having existed an industrial dispute between Messrs. Scott & Saxby Ltd., 1 Taratalla Road, Calcutta-24 (hereinafter called the Company), and their workmen represented by Scott & Saxby Employees' Union, 3 Jay Krishna Paul Road, Calcutta-23 (hereinafter called the Union), the Governor of West Bengal was pleased in exercise of the powers conferred by section 10 of the Industrial Disputes Act, 1947, on him, to refer the said industrial dispute for adjudication to this Tribunal under Government of West Bengal, Labour Department, order No. 6674-I.R./IR/11L-346/67, dated the 20th December 1967.

On receipt of the aforesaid order, this Tribunal started a case on 23rd December 1967 and issued usual notices to the parties to the dispute demanding their appearance before the Tribunal on 27th January 1968 and filing of written statement by the Union. On 27th January 1968 the Union appeared before the Tribunal and filed its written statement in triplicate, a copy of which was made over to the other side and 27th February 1968 was fixed for filing of written statement by the Company. On 28th February 1968 the Company appeared before the Tribunal and filed its written statement in reply a copy of which was made over to the other side. Thereafter, the Tribunal fixed various dates for taking various steps preparatory to the peremptory hearing of the case. That over, the case was fixed for hearing on 22nd August 1968. On 22nd August 1968 the parties appeared before the Tribunal and filed a petition praying for adjournment on the ground that a talk of settlement was going on between the parties. The Tribunal considered the petition and granted time till 4th November 1968. On 4th November 1968 Shri A. L. Roy, Vice-President of the Union, appeared for the Union and Shri D. K. Ghosh, Assistant Legal Adviser of I. E. A., appeared for the Company. The Tribunal accepted the petition and reserved its award.

The petition filed by the parties is perused by the Tribunal and it finds the Terms of Settlement arrived at by the parties to this dispute fair and reasonable. The terms of agreement have satisfied the parties to the dispute and there is no reason why the Tribunal should not accept the joint petition filed by the parties. Therefore, accepting the petition of compromise, I hereby pass this compromise award as prayed for by the parties. The petition filed by the parties shall form an integral part of this award and be published as Annexure 'A' hereto.

AWARD

By the Government of West Bengal, Labour Department, order No. 4619-I.R./IR/10L-257/66, dated the 1st December 1966, an industrial dispute between Messrs. Asia Electric Lamp Co. Private Ltd., 45 Durga Charan Mukherjee Street, Calcutta-3, and their workmen represented by Asia Electric Lamp Mazdoor Congress, 292/7 Rabindra Sarani, Calcutta-5, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication, in respect of the following issue :—

Issue

Whether the closure of the factory with effect from the 29th August 1966 is real and bona fide? Whether the closure was beyond the control of the management and in the circumstances justified? What relief, if any, are the workmen entitled to?

Usual notices were served on the Union, as well as the Company, from this Tribunal after receipt of the order of reference. The Union, being Asia Electric Lamp Mazdoor Congress filed its written statement on 17th January 1967. The Company, on the other hand, filed their written statement on 31st March 1967. Then 21st August 1967 was fixed for hearing of this order of reference. The case was then adjourned either on the application of the Company or on the application of the Union, on several occasions for hearing. On 19th October 1967, the Director of the Company filed a petition along with a Memorandum of Settlement, with several workmen alleging that in pursuance of the said Memorandum of Settlement, the factory was reopened and all workmen have joined, accepting the same. By that petition, the Company prayed for passing a 'no dispute' award. No action was, of course, taken on this petition filed by the Director of the Company. Then, on the prayer of either party, the case was adjourned on several dates for the purpose of hearing. On 30th August 1968, a joint petition for the management of the Company and for Asia Electric Lamp Mazdoor Congress was filed. This petition, dated 28th August 1968 and filed before this Tribunal on 30th August 1968 was signed by Shri Swapan Kumar Saha, Director of the Company and the Vice-President and also the General Secretary of Asia Electric Lamp Mazdoor Congress. In this petition, it was stated that in terms of an agreement entered into, the workmen had received payment of their dues and have joined the factory which was reopened on 30th August 1967. By this application, parties prayed for passing a 'no dispute' award in this case. On the same date, i.e., on 30th August 1967, a petition signed by 67 workmen of the Company, was also filed before this Tribunal alleging that they had severed all connections with the Asia Electric Lamp Mazdoor Congress and have formed a new Union, viz., Asia Electric Lamp Company Private Ltd. Workers' Union, and praying for adding the said Union as a party to the order of reference. This Tribunal on this petition could not amend the order of reference and asked the workmen to approach the appropriate Government for the purpose. Then those workmen took several adjournments for the said purpose, but they lastly on 26th December 1968, filed a petition before this Tribunal for withdrawing the said petition filed on 30th August 1968 and also prayed for passing a 'no dispute' award in this case. This petition has been signed by the same Director, Shri Swapan Kumar Saha of the Company as well as the Secretary and a workman of Asia Electric Lamp Company Private Limited Workers' Union. (Registered No. 7950). On 26th December 1968 also, the representatives of Asia Electric Lamp Mazdoor Congress, who signed the joint petition filed on 30th August 1968, before this Tribunal, appeared. I have heard the Director and the representatives of Asia Electric Lamp Mazdoor Congress and Asia Electric Lamp Company Private Limited Workers' Union as aforesaid, in person. I am satisfied that neither party of this order of reference nor the applicants, i.e., the workers of the Company, who signed the petition, filed on 30th August 1968, are interested in the matter of proceeding with the hearing of this order of reference and that there is no dispute whatsoever between them, over the issue sent for adjudication. Accordingly, I pass a 'no dispute' award in this case.

This is my award.

AWARD

By the Government of West Bengal, Labourt Department, order No. 1588-I.R./IR/4L-21/66, dated the 22nd April 1966, an industrial dispute existing between Shri Baldeo Shaw, owner of Bus No. WBR-1075 of Route No. 78, 18 Thakurdas Chatterjee Road, P.O. Kamarhaty, 24-Parganas, and his workmen represented by Barrackpore Bus Employees' Union, B. T. Road, Khardah, 24-Parganas, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication, in respect of the following issue :

Issue

Whether the termination of service of Shri N. Krishna Rao, is justified ? To what relief, if any, is he entitled ?

After receipt of the order of reference, usual notices were served on the owner of the Bus as well as the Union. Both the owner of the Bus, and also the Union appeared before this Tribunal. The Union filed its written statement on 19th July 1966. The Bus owner in turn filed his written statement on 3rd August 1967. After several stages, the order of reference was fixed on 4th January 1968, for hearing. On an application for adjournment filed on behalf of the Union on 4th January 1968, this case was adjourned to 2nd April 1968, for hearing. Then the case was adjourned to 25th July 1968, for hearing. On this date, i.e., on 25th July 1968, the Union as well as the Bus owner filed a joint petition for adjournment on the ground that the case was likely to be amicably settled. Their prayer was allowed and the case was adjourned to 19th August 1968, for hearing, if talk of compromise fails. On 19th August 1968, on an application for adjournment filed on behalf of the Union, the case was adjourned till 31st August 1968, for hearing. Then on an application filed by Shri Nanda Dulal Srimani, Advocate for the Union, on 27th August 1968, the date of hearing was shifted to 24th October 1968. Again on 24th October 1968, on an application filed by Shri N. D. Srimani, Advocate, the case was adjourned to 17th December 1968, for hearing. On 17th December 1968, again, Shri N. D. Srimani, Advocate, appeared for the Union and filed a petition for adjournment. His prayer was allowed and the case was adjourned till today (26th December 1968) for hearing. Today, Shri N. D. Srimani, Advocate, and Shri Madan Saha, Advocate, appeared before me for the Union as well as the Bus owner respectively. According to both of them, they have got no further instructions to proceed with the hearing of the instant order of reference. Shri N. D. Srimani, Advocate for the Union, has endorsed in the order-sheet to the above effect.

In the above view of the case, I am of opinion that neither party is interested to proceed with the hearing of this order of reference and as such I pass a "no-dispute" award in this case.

This is my award.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri T. K. BANERJEE, Judge,
Fourth Industrial Tribunal.

For the Union : Shri P. P. Pathak.

For the Company : Shri N. M. Das Gupta, Advocate,
Shri D. Das Gupta, Advocate.

The Government of West Bengal, Labour Department, by its order No. 6251-I.R./IR/10L-420/67, dated the 29th November 1967, referred this industrial dispute between Messrs. Maya Engineering Works Pvt. Ltd., 200A Syamaprosad Mukherjee Road, Calcutta-26 (Works at 93 and 95 Deshpran Sasmal Road, Calcutta-33) (hereinafter referred to as the Company), and their workmen represented by Maya Engineering Workers' Union, 19/2 Russa Road South 3rd Lane, Calcutta-33 (hereinafter referred to as the Union), to this Tribunal under section 10 of the Industrial Disputes Act, for adjudication on the following issues :

Issues

1. Whether the closure of the concern is real and bona fide? Whether the closure is due to reasons beyond the control of the management and under the circumstances justified? What relief, if any, are the workmen entitled to?
2. Bonus for the accounting year 1966-67.

After service of notice both the parties appeared and filed their respective written statements. I shall discuss with the case of the respective parties as I deal with the issues separately.

Issue No. 1

Regarding closure the case of the Union as made out in its written statement is that since prior to 19th September 1967, several disputes were pending between the workmen and the management over certain matters such as implementation of the Wage Board's recommendations, abolition of the contract system of work, imposition of illegal fines and non-payment of wages of two days in March 1967. There was also a dispute over bonus for the year 1966. During pendency of these disputes the Company without any justification and without any reason whatsoever declared closure of its factory with effect from 19th September 1967 by a notice, dated 18th September 1967, purported to be under provision of section 25FFF of the Industrial Disputes Act. The allegations made in the said notice of closure are mala fide, baseless and have been made with intent to defeat of the legitimate demands of the workers. The Company, however, reopened the factory on 11th December 1967, by a notice, dated 9th December 1967.

The case of the Company as made out in the written statement is that the said closure is a real and bona fide one. It is stated further that for various subversive and rowdy acts of the workers as stated in the notice of closure, the Company was compelled to close down the factory for circumstances beyond their control. It is submitted on behalf of the Company that the workmen are not entitled to get any relief in excess of what has been offered to them as compensation in accordance with the proviso to section 25FFF of the Industrial Disputes Act, as standardised for closure due to unavoidable circumstances beyond the control of the management.

On behalf of the Union, its General Secretary Shri Pannalal Datta (P.W. 1) has proved three letters, Exts. 2, 2/a and 2/b, and a collective petition, Ext. 3, to show that some disputes were pending in March and April 1967. His letter, dated 4th August 1967, written to the Assistant Labour Commissioner (Ext. 4), regarding demand of bonus for the trading year 1966, shows that a dispute over payment of bonus for the year 1966 was also pending at that time. The letters, Exts. 5, 5/a and 6, were written after the closure. Regarding the conditions prevailing in the factory immediately prior to the closure, dated 19th September 1967, O.P.W. 1, D. C. Chakraborty, the Works Manager of the Company, has deposed that the facts mentioned in the notice, Ext. 1, are correct. He has proved the letters, Exts. F to F/3, written by him to the Managing Director of the Company prior to the closure mentioning about the conditions prevailing in the factory at that time. In Ext. F, dated 2nd June 1967, there is mention of threat of Gherao of the Works Manager, The letter, Ext. F/1, dated 23rd August 1967, shows that the Works Manager was actually Gheraoed on that day. Ext. F/2, dated 16th September 1967, speaks about serious acts of indiscipline and threats prevailing in the factory. In Ext. F/3, dated 18th September 1967, the Works Manager has expressed his apprehension of physical violence on him. O.P.W. 2, Shri Ananda Mohan Lahiry, the Factory Accountant of the Company, has deposed that on 28th April 1967 he was Gheraoed by a batch of workers who threatened him and made violent demonstration, and that he was ultimately rescued by the police under a Search Warrant, Ext. I/1. O.P.W. 2 has stated further that since August 1967, the workmen started violent demonstration, abusing the officers and inscribing abusive language on the factory walls and threatened them with dire consequences, and that he was not allowed to enter the factory premises since 15th September 1967. In cross-examination he has stated that he was not Gheraoed on any other day subsequent to 28th April 1967. O.P.W. 3, Shri Sukumar Dey, the Secretary of the Company, has deposed that the factory reopened on the 11th December 1967, and that it started anew as the circumstances had changed.

It is submitted on behalf of the Union that admittedly there was no Gherao inside the factory after 28th April 1967, and that the Company's case regarding alleged acts of indiscipline and threats prevailing in the factory immediately prior to the closure cannot be believed inasmuch as no paper has been filed relating to the alleged incident since August 1967, and no specific instance has also been mentioned in the notice of closure, Ext. 1. But I find no substance in this contention. There is no reason to disbelieve the letters, Exts. F/1, F/2 and F/3, which give a clear picture of lawlessness, indiscipline and chaos prevailing in the factory since 23rd August 1967 till 18th of September 1967. This is corroborated by the evidence of O.P.W. 2, Shri Ananda Mohan Lahiri, which has already been discussed above.

On behalf of the Company my attention has been drawn to a decision of the Hon'ble Supreme Court reported in A.I.R., 1968, S C, p. 1002 (Messrs. Indian Hume Pipe Co. Ltd., Appellant vs. their workmen, Respondents) in which it has been held that once the Tribunal finds that an employer has closed its factory as a matter of fact it is not concerned to go into the question as to the motive which guided him and to come to a conclusion that because of the previous history of the dispute between the employer and the employees the closure was not justified. According to their Lordship such a closure cannot give rise to an industrial dispute. This view has also been subsequently confirmed by the Hon'ble Supreme Court in the case of Kalinga Tubes Ltd. vs. their workmen. The aforesaid principle of law laid down by the Hon'ble Supreme Court is certainly binding on me. In the instant case the factum of closure of the factory is not disputed. After considering the entire facts and circumstances of the present case I am inclined to hold that the closure of the factory was bona fide and genuine, and that such closure was due to unavoidable circumstances beyond the control of the management. There is no dispute that the workmen have not received compensation in accordance with the proviso to section 25FFF of the Industrial Disputes Act. The workmen are not, therefore, entitled to any further relief. Issue No. 1 is thus disposed of.

Issue No. 2

This issue has not been pressed on behalf of the Union at the time of hearing.

This is my award.

ANNEXURE

Arbitration award in the matter of an industrial dispute between Messrs. Commercial Bureau, 1 Pollock Avenue, Dum Dum, Calcutta-28, and their workmen represented by Commercial Bureau Workers' Union (Regd. No. 3282), 138 Cornwallis Street (Bidhan Sarani), Calcutta-4. (hereinafter referred to as the employer and workmen respectively.)

BEFORE ARBITRATOR

Present:

Shri N. C. KUNDU, Deputy Labour Commissioner, West Bengal—Arbitrator.

Government of West Bengal, Labour Department, order No. 3122-I.R./IR/11L-313/67, dated 11th July 1967, published the Arbitration Agreement under sub-section 3 of section 10(A) of the Industrial Disputes Act, 1947, in respect of an industrial dispute between Messrs. Commercial Bureau, 1 Pollock Avenue, Dum Dum, Calcutta-28, and their workmen represented by Commercial Bureau Workers' Union, 138 Cornwallis Street (Bidhan Sarani), Calcutta-4, as the said parties agree to refer the dispute in question to arbitration under sub-section 1 of section 10(A) of the Act.

The said arbitration agreement between the employer and the workmen referred the following specific matters in the dispute to my arbitration:—

(a) Classification of the workmen.

(b) Placement of the workmen.

(c) Rates and scales of pay of the different classes of workmen.

(d) Split up of the present wages of the workmen into basic wages and D.A.

(e) Wages of the workmen for the lockout period.

On 19th September 1967, the employer and the workmen were advised under this office memo. No. 9168/69/LCN, dated 19th September 1967, to file their respective written statements. As the parties failed to submit the written statements within due date they were again reminded to expedite submission under this office memo. No. 1067-75/LCN, dated 27th November 1967. The Union, on behalf of the workmen, submitted written statement on 20th February 1968 and the employer submitted his statement on 4th March 1968. Thereafter comments from the employer and the Union were obtained on each other's statements. The parties were then given hearings on 9th September 1968. As the management prayed for an adjournment of the hearing a further chance was given to them on 4th November 1968.

The employer in his written statement stated that the Company is a partnership firm and is a small one employing 80 workmen. Its main work is the processing of cloths and it is not an engineering concern. The Company deals with Cotton Fabrics and manufactures electrical components of various nature, such as, Black Tape, High and Low Tension Tape, Mica Sheets and Tape among other things. With regard to the workmen employed in the Company, it is submitted that there is a class of workmen who always do unskilled work. Such workmen remain unskilled workers so long as they continue to work in the factory. Some workmen who help the skilled workers are treated as semi-skilled workmen and those who work in machine are categorised as skilled workmen. According to the Company there is no workman who can be called as highly skilled workman. The process of work being simple in nature and the whole process of work being carried on under the supervision of Engineer Works Manager, the workmen have very little chance to display their skill. In the circumstances, employer contended that there was no category of workmen who could be classified as highly skilled.

For the purpose of placement of workmen in the different categories, the employer submitted a list as in annexure 'A'. With regard to grades and scale of pay of different classes of workmen, employer stated that its financial position was very unsound and unstable. The Company was being run on a huge loan and liabilities and the whole business was carried on by borrowing money. Accordingly the employer submitted that the Company has been paying higher wages to its workmen than what is paid by other similar concerns. Regarding spliting up of the present wages of the workmen into basic wages and D.A. it was submitted by the employer that from the inception of the Company wages were being paid in a consolidated manner and the said wages include both basic wages and D.A. The employer further contended that provident fund and E.S.I. contributions are being paid on the total wages. It was further contended by the Company that it had been paying better consolidated wages to the workmen than what is paid by similar concerns in the region. The employer declined to split up the consolidated wages into basic and D.A.

With regard to the issue relating to wages of the workmen for the lockout period, it was contended by the employer that the question of wages for the lockout period would depend upon the justification of the lockout. He stated that since June 1967, workmen had carried on subversive activities as a result of which all the workmen, at the instigation of the Union leaders kept four officers of the Company confined for about 11 hours on 10th June 1967. Company had to take the help of the police for the rescue of the confined management staff. It was further contended by the employer that during confinement the workers abused the Manager and the Supervisors. Thereafter the Company declared lockout by its notice, dated 12th June 1967. The Company opined that the 'Gherao' was illegal and as such the workers were not entitled to any wages for the period of lockout which was lifted on 29th June 1967 as a result of tripartite agreement, at the intervention of the Labour Directorate.

The Union on behalf of the workmen, denied the allegation made by the Company in respect of 'Gherao' staged by the workmen on 6th October 1967, and has further submitted that this is a prosperous industry having a monopoly market. According to the Union, demand of manufactured articles is ever increasing and will be on the increase for the years to come because of electrification of the different parts of country. The Union denies the Company's contention regarding the financial unstability.

Decision

With regard to the five issues I give my decision as below :

(a) Classification of the workmen:

The workmen who have been performing manual work only and whose nature of employment is as such, do not have to help in operating machines, shall be placed in the category of unskilled workmen. The new recruits may be kept in that category as they are not conversant with the production technique. At the moment the Company has 21 workmen in that category, i.e., about 22 per cent. of the workmen engaged by the Company are unskilled workmen.

The workmen who normally according to the job requirements of the Company, help the operation of machines and production processes but cannot run the machines independently and cannot work independently shall be placed in the category of semi-skilled workmen. At present there are 31 workmen in this category, i.e., about 40 per cent. of the workmen engaged by the Company are semi-skilled workmen.

The workmen who are capable of running the machines independently and possess knowledge about the mechanism of the machines and also are in a position to operate, shall be kept in the category of skilled workmen. At present the Company has 17 such workmen, i.e., about 20 per cent. of the workmen engaged in the factory are skilled workmen.

The Company in their written statement opined that they have no highly skilled workmen in their foctory. However, on a scrutiny of the detailed wage statement of the workmen it appears that they have indicated that there are 8 workmen who can be termed as highly skilled. According to the Company they represent about 10 per cent. of the workmen engaged in the factory.

(b) Placement of the workmen:

The above paragraphs indicate the current placement of the workmen of the Company. It appears that in the skilled category of workmen there are 5 workmen who have been drawing more than Rs. 117 the lowest wage of a skilled workmen. Those 5 workmen shall be fitted into the category of highly skilled workmen and should get such wages and allowances fixed for the highly skilled workmen. These workmen are : (i) Bania Ram Laksman, (ii) Dey Sudhir, (iii) Kori Ram Bharosh, (iv) Pal Dhiren, and (v) Sarkar Nirapada.

The vacancies occuring as a result of upgrading of above 5 skilled workmen to the category of highly skilled workmen shall be filled up by upgrading 5 semi-skilled workmen to this category. These five workmen are: (i) Bania Ram Laksman (2), (ii) Dey Dhiren, (iii) Ghosh Dilip, (iv) Sett Mangroo, and (v) Sarkar Hemnath.

(c) Rates and scales of pay of the different classes of workmen:

The present consolidated wages shall be the basis and the following revisions shall be made.

The yearly increment of unskilled category shall be Rs. 2.00.

The grades shall be—

Unskilled workmen: 70—2—80—E.B.—2—90.
Semi-skilled workmen: 75—2—85—E.B.—2.50—110.
Skilled workmen: 85—2.50—110—E.B.—3—140.
Highly Skilled workmen: 100—3—130—E.B.—4—170.

(d) Split up of the present wages of the workmen into basic wage and Dearness Allowance:

The tradition in this Company has since been to pay consolidated wages. It found that occasional increments have also been made and that has been added to consolidated wages. Spliting up of the present consolidated wages into basic and D.A. may lead to anomalies and may be a source of further dispute. In consideration of this fact and also considering the recent trends in D.A. adjustment towards basic wages, I propose that ad hoc increase in the present rate of earnings of the workmen shall be granted. My award in this respect is that an ad hoc increase to the different categories of workmen should be given after adjustments as suggested above. The workmen of the unskilled category shall get Rs. 10 (Rupees Ten only) as ad hoc increase towards their wages. The semi-skilled and the skilled workmen shall get Rs. 15 (Rupees Fifteen only) as ad hoc increase towards their wages. The highly skilled workmen shall get Rs. 20 (Rupees Twenty only) as ad hoc increase towards their wages. All these ad hoc increments shall be effective from 1st January 1969.

In view of the above considerations I would not award separate D.A. for the workmen.

(e) **Wages of the workmen for the lockout period:**

The Company locked out their factory as a result of an unhappy incident which has been characterised as 'gherao'. Undoubtedly the Company took resort to lockout in view of the indiscipline that prevailed at that moment. Much water has flown in the meantime and a smooth and peaceful climate has since been restored. To avoid further bitterness and controversy I would not award any wages to the workmen for the lockout period.

All the issues under reference are disposed of accordingly.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Cosmo Equipment Co., 10/19A Deshpran Sasmal Road, Calcutta-33, and their workmen represented by Shri Pannalal Dutta, 23 Russa Road South, 2nd Lane, Calcutta-33. (Case No. 707 of 1967.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company : Shri Kiron Mitra and Shri Shyam Sundar Choudhury, Advocates.

Present for the Workmen : Shri Biswanath Ash, Advocate.

By the Government of West Bengal, Labour Department, order No. 4654-I.R./IR/10L-303/67, dated the 15th September 1967, this industrial dispute between Messrs. Cosmo Equipment Co. and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the issues mentioned below.

Issues

1. Basic Wages—grades and scales.
2. Dearness Allowance.

On receipt of the reference usual notices were served on the parties, and they made their appearances and filed their respective written statements.

The Company takes a preliminary objection as to the maintainability of the reference. In the first place, it has been submitted on behalf of the Company that the issue regarding dearness allowance cannot be a subject-matter of a reference as the parties entered into an agreement before the Conciliation Officer regarding this issue in question.

The Company has adduced evidence to show that the workers were given higher dearness allowance after the dispute had been raised before the Conciliation Officer. It may be that the workers accepted higher dearness allowance. But it does not necessarily follow that the workers and the Company entered into an agreement regarding dearness allowance. It is the case of the Company that the settlement was arrived at before the Conciliation Officer. Ext. 1 is the order-sheet of the conciliation proceedings, and Ext. 2 is the order passed by the Conciliation Officer. Ext. 1 does not show that any settlement was arrived at between the parties before the Conciliation Officer during the pendency of the conciliation proceedings. Ext. 2 does not show any such agreement between the parties. I, therefore, find that the Company's assertion that an agreement was reached at regarding dearness allowance is not at all true. So, it cannot be said that the issue regarding dearness allowance is not maintainable.

It is, however, submitted by the Company that the entire reference is invalid and that it is not maintainable. It is submitted on behalf of the Company that the dispute has not been raised before the Conciliation Officer by the workmen, according to law. It appears that 13 workers of the Company authorised Shri Pannalal Dutta, who is said to be the General Secretary of Maya Engineering Works, to represent them in the conciliation proceedings. Admittedly, these 13 workers are not members of any Union. They are also not member of the Union of Maya Engineering Works. Section 36(1) says that a workman who is a party to a dispute shall be entitled to be represented in any proceeding under the Act by (a) an officer of a registered trade union of which he is a member, (b) an officer of a federation of trade unions to which the trade union referred to in clause (a) is affiliated ; (c) where the worker is not a member of any trade union, by an officer of any trade union connected with, or by any other workman employed in, the industry in which the worker is employed and authorised in such manner as may be prescribed. Admittedly, the workers have got no union. The question is whether section 36(1)(c) comes to their rescue. When the workers are not members of any Trade Union, they may be represented by an officer of a Trade Union connected with similar industry. Now, it is the case of the workers that they authorised Shri Pannalal Dutta, General Secretary of the Maya Engineering Workers Union, to represent them. The evidence of O.P.W. 1 Shri Wazir Chand, the proprietor of the Company, is that this Company is engaged in the manufacture of Loose Leaf Binders and other office equipments, and that this Company is not similar to Maya Engineering Works. His evidence goes unchallenged. There has been no cross-examination on this point. Pannalal Dutta is the General Secretary of the Maya Engineering Workers' Union. The Cosmo Equipment Company is not at all an engineering establishment. It is engaged in the manufacture of Loose Leaf Binders and other office equipments. So it cannot be said that this Company is similar to an engineering establishment. That being so, the workers are not entitled to be represented by Pannalal Dutta who is the General Secretary of an Engineering Workers' Union. I find that the workmen were not properly represented before the Conciliation Officer. It is not the case of the workers that they themselves raised the dispute before the Conciliation Officer. I, therefore, find that the dispute was not raised by the workers themselves or through any legally represented body.

In the circumstances, it must be held that there is no industrial dispute before me and, consequently, it must be held that this reference is not maintainable.

The reference is, therefore, rejected.

Dictated and corrected by me.

AWARD

The Labour Department, Government of West Bengal, has referred to this Labour Court an industrial dispute between Messrs. Fort Gloster Industries Ltd., P.O. Fort Gloster, district Howrah, and their workmen represented by Bengal Chatkal Mazdoor Union, Bauria Branch, village Radhanagar, P.O. Fort Gloster, district Howrah, by its order No. 3374-I.R./IR/7L-32/67, dated 20th July 1967, under section 10, Industrial Disputes Act, on the following issue:—

Issue

Whether the dismissal of Shri Sanaton Ghosh is justified? What relief including the nature of work is he entitled to?

Usual notices were served upon the parties directing them to appear on 6th September 1967 and the Union to file its written statement by that date. The Union filed its written statement on 6th September 1967. The O.P.-Company filed an authority authorising Shri S. C. Sen, Advocate, and Shri B. N. Sarma, Chief Personnel Officer, to conduct its case.

By my order No. 2, dated 6th September 1967, the O.P.-Company was directed to file its written statement by 21st September 1967. The O.P.-Company took time on several occasions and ultimately filed its written statement on 27th October 1967.

The Union's case is that O.P.-Company employs about 5,000 workmen in its various departments. The petitioner-workman was a Turner of the Lathe Machine in the Company and served the Company for long 13 years. He was an active worker of the Bengal Chatkal Mazdoor Union and played an effective role in bringing the workers of the Company under the banner of the said Union, much to the discomfort of the Company. The O.P.-Company issued a charge-sheet upon the petitioner-workman on 30th October 1965, to which the petitioner-workman replied by his explanation, dated 1st November 1965. The Company invited the petitioner-workman to an enquiry on 4th November 1965, when the petitioner-workman by his letter, dated 4th November 1965, wanted assistance of a competent person to help him at the time of the domestic enquiry and also made certain other enquiries. The O.P.-Company replied by a letter, dated 4th November 1965, virtually denied everything and refused the prayer of the petitioner-workman. Under the circumstances, the petitioner-workman did not appear at the time of the domestic enquiry, which was held ex parte. The domestic enquiry was mala fide and was in violation of the principles of natural justice. The petitioner-workman was found guilty at the time of the ex parte domestic enquiry and he was dismissed from his service by a letter, dated 13th November 1965. The finding of the domestic enquiry was erroneous, perverse and otherwise illegal and void. The Union made a representation to the Assistant Labour Commissioner, Howrah, by its letter, dated 23rd November 1965, when after several conciliation meetings the Conciliation Officer asked the O.P.Company to reinstate the petitioner-workman in his original post and the petitioner-workman was also told to write a letter for softening the feelings of the management. As such, the petitioner-workman wrote a letter to the O.P.-Company on 10th June 1966, accordingly, but the petitioner-workman was betrayed and the Company tried to outwit him in a mala fide manner as would be evident from the Union's representation, dated 16th June 1966, to the Assistant Labour Commissioner, Howrah.

The O.P.-Company's case is that on 30th October 1965, at about 6-30 p.m. while the petitioner-workman was working on a Lathe Machine, he was asked by the Head Mistry Gani Mollah under instructions of the Assistant Engineer Shri S. Sen Gupta to perform certain specific job, which he refused till Monday, that 30th October 1965, being a Saturday. The matter was thereafter reported to the Assistant Engineer Shri S. Sen Gupta who went there and insisted that as the job was urgent it must be given preference, when the petitioner-workman became furious and make taunting remarks. He was asked to behave properly, when he flared up and said "don't show me your red eye" and became rude and insolent towards Shri S. Sen Gupta. The matter was immediately reported to the management and a preliminary enquiry was started by the Assistant Labour Officer Shri K. B. Vyas. When the Enquiring Officer was making the preliminary enquiry, the petitioner-workman misbehaved with the Labour Officer Shri A. K. Sen and also became insolent towards him. The charge-sheet was served thereafter on 1st November 1965, to which he submitted an explanation. The petitioner-workman was given a notice of enquiry, dated 3rd November 1965, intimating that the domestic enquiry will be held on 4th November 1965. The petitioner-workman by his letter, dated 4th November 1965, enquired about the name and designation of the Enquiring Officer; whether his representative would be allowed to examine and cross-examine the witnesses; whether certified copies of the enquiry proceedings would be given to him and also wanted to know the names of the prosecution witnesses. The Enquiring Officer immediately replied to each of the queries made by the petitioner-workman. At the time of the domestic enquiry the petitioner-workman's representative Shri Abdul Haque Mollah, a member of the Works Committee, was present; but the petitioner-workman was absent and his representative could not tell anything in this respect. The Enquiring Officer submitted his report on 5th November 1965, finding the petitioner-workman guilty of the charges framed. The petitioner-workman was thereafter dismissed from service after consideration of the enquiry report.

The petitioner-workman has examined himself as the lone witness in support of his case at the time of the hearing of the present case. Ext. 1 is a copy of the charge-sheet along with the reply to the charge-sheet by the petitioner-workman as such. Ext. 2 is a copy of the letter by the petitioner-workman, dated 4th November 1965, sent to the Assistant Labour and Welfare Officer Shri A. P. Sinha making certain queries as to the domestic enquiry to be held from that date. Ext. 3 is the reply to that letter by Shri A. P. Sinha. Ext. 4 is a copy of the letter, dated 4th November 1965, by the petitioner-workman to the O.P.-Company intimating that he has been denied fullest opportunity at the time of the domestic enquiry as he was not allowed to be aided by a representative for examination and cross-examination of the witnesses at the time of the domestic enquiry. Ext. 5 is the letter of dismissal, dated 13th November 1965. Ext. 6 is a copy of the letter, dated 10th June 1966, by the petitioner-workman to the O.P.-Company as per instance of the Conciliation Officer for softening the attitude of the O.P.-Company.

The O.P.-Company has examined as many as 6 witnesses including the Enquiring Officer as O.P.W. 1. O.P.W. 2 is a clerk serving under the O.P.-Company, who recorded the enquiry proceedings. O.P.W. 3 is the Head Mistry serving under the O.P.-Company and he has deposed at the time of the domestic enquiry. O.P.W. 4 also serves as a Turner under the O.P.-Company and has deposed at the time of the domestic enquiry. O.P.W. 5 serves as an Assistant Labour Officer under the O.P.-Company. O.P.W. 6 is Shri S. Sen Gupta, Assistant Engineer, serving under the O.P.-Company, who made the complaint against the petitioner-workman. O.P.Ws. 5 and 6 have also deposed at the time of the domestic enquiry. Ext. A is the original charge-sheet served upon the petitioner-workman contained in the L.H.S. and Ext. B is the original reply to the charge-sheet by the O.P.-workman contained in the R.H.S. of the same document. Ext. C is the original notice of enquiry containing the endorsement that the notice was received by the petitioner-workman. Exts. D and D(1) are copies of the O.P.-Company's letters, dated 22nd January 1966, and 14th June 1966 to the Assistant Labour Commissioner, Howrah. Ext. E is a copy of the original letter of dismissal, dated 13th November 1965. Ext. F is the enquiry proceedings in the handwriting of O.P.W. 2 Gopal Banerjee. Ext. G is the enquiry report under the signature of the Enquiring Officer O.P.W. 1. Ext. H is a letter addressed to the Enquiring Officer by one Abdul Haque Mollah, a member of the Works Committee, seeking to be present at the time of the domestic enquiry. Ext. I is the complaint of Shri S. Sen Gupta filed at the time of the domestic enquiry. Ext. J is the Standing Orders of the O.P.-Company.

The learned lawyer for the petitioner-workman urges that the charge is vague and the charges have not been specified in the charge-sheet, that extraneous matters have been considered at the time of the domestic enquiry, that there has been violation of the principles of natural justice, as no reasonable opportunity was given to the petitioner-workman for allowing him to be represented by a representative at the time of the domestic enquiry, that non-furnishing of the complaint Ext. I to the delinquent workman constitutes violation of the principles of natural justice, that the domestic enquiry was conducted not by the Enquiring Officer O.P.W. 1 but by O.P.W. 2 by putting interrogatories, that all the O.P.Ws. were present at the time of the recording of evidence, that vital portion of the evidence was not recorded, that the particular clause of the Standing Orders under which the misconduct stated in the charge-sheet was sought to be covered has not been considered.

I am taking up these points one by one and the first point first. The charge-sheet Ext. A and its copy Ext. 1 shows that specific mentioning of facts have been made relating to the alleged misconduct and also the relevant clause of the Standing Orders covering the alleged misconduct has been stated therein. It is true that the misconduct covered by the relevant section of the Standing Orders has not been described in the charge-sheet itself, but as the incidents relating to the charges have been described, I cannot accept the contention of the learned lawyer for the petitioner-workman that the charges were vague and not specific.

The learned lawyer for the petitioner-workman next urges that though the charge-sheet relates to two incidents—(i) on 30th October 1965, at about 6-30 p.m. when the officer on duty was issuing instructions to the Head Mistry, and (ii) on the same night at 6-30 p.m. when the petitioner-workman was called to the Labour Office for a preliminary enquiry and hearing, but the Enquiring Officer O.P.W. 1 has also dealt with extraneous matters as to dragging the Assistant Engineer Shri S. Sen Gupta from his seat to the Labour Office by the petitioner-workman, which is not included in the charge-sheet. That the Enquiring Officer O.P.W. 1 has referred to such extraneous matters in his enquiry report is palpable.

The learned lawyer for the petitioner-workman then urges that failure to offer reasonable opportunity to the petitioner-workman for being represented by a representative at the time of the domestic enquiry constitutes violation of the principles of natural justice. Ext. 2 is a copy of the letter sent by the petitioner-workman to Shri A. P. Sinha, Assistant Labour and Welfare Officer of the Petitioner-Company, on 4th November 1965 at 7-30 a.m. making certain queries about the domestic enquiry. Ext. 3 is the reply thereto by Shri A. P. Sinha, Assistant Labour and Welfare Officer, on the same date. The first query was about the name and designation of the Enquiring Officer, in reply to which it was intimated that Shri A. P. Sinha himself would be the Enquiring Officer. His second query was whether the representative of the petitioner-workman would be allowed to examine and cross-examine the witnesses, when it was stated in answer thereto that the representative of the petitioner-workman would be allowed to be present during the proceedings but will not be allowed to participate. The third query was whether the certified copies of the enquiry proceedings will be given to the petitioner-workman then and there to enable him to defend himself from all sides, in reply to which he was intimated that the certified copies of the proceedings are not supplied to anyone as per the usual procedure of the O.P.-Company, but the workman may however note down the details of the proceedings, if he so desires. The fourth point was a request for disclosing of the names of the Company's witnesses within 10 a.m. on the date of the domestic enquiry. The O.P.-Company replied that this point does not arise at all. The petitioner-workman's case is that the Enquiring Officer O.P.W. 1 has categorically intimated him that his representative would not be allowed to participate in the enquiry proceedings and as a result he did not appear before the domestic enquiry as no useful purpose would be served by his mere presence without the aid of a representative, who would be able to help him in support of his case at the time of the domestic enquiry. This point has been specifically taken in paragraph 11 of the written statement of the Union at the time of the hearing of the case. The petitioner-workman has stated that as he found he would not be able to conduct his case at the time of the domestic enquiry without the help of a representative, so he did not attend the domestic enquiry. He has also stated that he does not know English and then modifies himself by stating that he can write English but he does not understand English. The Enquiring Officer as O.P.W. 1 has stated in his cross-examination that he received the original of the letter Ext. 2 from the petitioner-workman before the domestic enquiry, to which he replied by a letter, of which Ext. 3 is the copy. He has explained his reply to the query No. 2 of the petitioner-workman by his reply Ext. 3. He has stated that in his reply to the petitioner-workman's letter, Ext. 2, he meant that an outsider won't be allowed to participate in the enquiry proceedings as a representative of the petitioner-workman. He has next admitted that he did not mention this fact in his letter Ext. 3 that the employees of the company would be allowed to participate as representative. He has also stated that if the representative of the petitioner-workman be an employee serving under the O. P.-Company in the same department, he would be allowed to participate in the domestic enquiry. That there is a rule of the O. P.-Company as such and that he did not state this rule to the petitioner-workman as the rule is known to every worker. He has however explained himself by stating that it was not his guess that the petitioner-workman was aware of the abovesaid rule of the O. P.-Company but he accepted that the petitioner-workman was aware of the fact. I have already discussed the actual reply sent by the Enquiring Officer O. P. W. 1 to the petitioner-workman by his letter Ext. 3.

Considering the evidence on record from the petitioner-workman P. W. 1 and the Enquiring Officer as

O. P. W. 1 it is clear that the Enquiring Officer never intimated the petitioner-workman that a representative of the petitioner-workman would be allowed to participate in the enquiry by way of examination and cross-examination of the witnesses examined by the party, if the representative be an employee of the O. P.-Company serving in the same department, though there is a rule as such. Thus it is clear that the petitioner-workman had to accept on the basis of the reply Ext. 3 that he would not be entitled to take a representative with him at the time of the domestic enquiry for examination of his own witnesses and cross-examination of the prosecution witnesses. As he read up to class VI only and does not understand English and the domestic enquiry was held in English, as is evident from the enquiry proceedings Ext. F, the petitioner-workman was perfectly justified in not attending the domestic enquiry when he was not in a position to defend himself on denial of the opportunity to be represented by a representative by the Enquiring Officer by his letter Ext. 3. The Enquiring Officer O.P.W. 1 has admitted that there is a rule for allowing such representative to be present at the time of the domestic enquiry and his intimation otherwise by the letter Ext. 3 is thus a clear violation of the rule of the O. P.-Company. This apart, this intimation was responsible for the petitioner-workman to decide that no useful purpose would be served by appearance at the time of the domestic enquiry. Thus the faulty intimation as to participation of a representative at the time of the domestic enquiry sent to the petitioner-workman by the Enquiring Officer O. P. W. 1 robbed him of reasonable opportunity of defending his case at the time of the domestic enquiry.

The O. P.-Company has alleged that Abdul Haque Mollah, a member of the Works Committee, was present as a representative of the petitioner-workman. If this fact be true, in that case my findings above would be of no value to the petitioner-workman. This Abdul Haque Mollah has not been examined at the time of the hearing of the present case to state that he acted as a representative of the petitioner-workman at the time of the domestic enquiry. The Enquiring Officer as O. P. W. 1 has proved a letter produced by the above said Abdul Haque Mollah at the time of the domestic enquiry, which has been marked as Ext. H. This letter has been written by Abdul Haque Mollah himself and it is not an authority given by the petitioner-workman in favour of Abdul Haque Mollah. The petitioner-workman as P. W. 1 has stated in his examination-in-chief that he did not appoint Abdul Haque Mollah as his representative at the time of the domestic enquiry. He has also stated that Abdul Haque Mollah belongs to a different Union. He is a member of Bengal Chatkal Mazdoor Union, sponsoring Union of the present industrial dispute, whereas Abdul Haque Mollah is a member of National Union of Jute Workers. The petitioner-workman has not been cross-examined on this point and I accept his statement to be true. Under the above circumstances, the O. P.-Company has miserably failed to prove that Abdul Haque Mollah acted as a representative of the petitioner-workman at the time of the domestic enquiry.

So I find that the Enquiring Officer's intimation to the petitioner-workman of not allowing a representative of the petitioner-workman at the time of the domestic enquiry and the consequent decision of the petitioner-workman not to attend the domestic enquiry constitutes a clear violation of the principles of natural justice.

The learned lawyer for the Union next urges that Ext. I, the complaint of Shri S. Sen Gupta, was never brought to the notice of the petitioner-workman nor he was supplied with any copy thereof and this also constitutes another violation of the principles of natural justice. Ext. I is the formal complaint of Shri S. Sen Gupta and is dated 30th October 1965. The Enquiring Officer O. P. W. 1 states in his examination-in-chief that the letter Ext. I was received by him at the time of the domestic enquiry from Shri Sen Gupta. This statement of his shows that the letter Ext. I was never in existence at any time before the date of the domestic enquiry on 4th November 1965. It is interesting to note that Shri S. Sen Gupta himself does not depose at all on this point nor states that he submitted any written complaint on 30th October 1965. Even conceding that the document Ext. I was in existence since 30th October 1965, in view of evidence of the Enquiring Officer O. P. W. 1 it must be accepted that the complaint was left in the custody of the complainant himself, who handed it over to the Enquiring Officer only at the time of the domestic enquiry. This letter Ext. I is addressed to the Labour Officer. There was no reason for Shri S. Sen Gupta to retain this letter in his custody after addressing it to the Labour Officer. Shri K. B. Vyas as Assistant Labour Officer deposes as O. P. W. 5 in the present case. He does not speak of this letter of complaint Ext. I. Thus there is no evidence on record to suggest that Shri Sen Gupta was the prosecutor at the time of the domestic enquiry and as such he handed over the complaint Ext. I to the Enquiring Officer at the time of the domestic enquiry. O. P. W. 2 goes further as he states that Mr. Sen Gupta produced the prosecution witnesses and that he mentioned the names of the prosecution witnesses in his deposition. He has also stated that Mr. Sen Gupta deposed first at the time of the domestic enquiry. When the Enquiring Officer himself has been examined and the Assistant Labour Officer has also been examined in this case, certainly the scribe of the enquiry proceedings O. P. W. 2, who serves as a clerk under the O. P.-Company in its Labour Department, is not a competent witness to depose on all these points it is interesting to note that O. P. W. 2 maintained that Shri Sen Gupta deposed first at the time of the domestic enquiry, whereas the Enquiring Officer O. P. W. 1 has stated that the red number at the top of the right-hand side of each page of the enquiring proceedings shows the serial number of the prosecution witnesses examined. It would appear from the enquiry proceedings Ext. F that Shri S. Sen Gupta was thus the 8th prosecution witness examined at the time of the domestic enquiry. Even accepting that Shri Sen Gupta acted as a prosecutor at the time of the domestic enquiry, he never stated that he handed over the document Ext. I as prosecutor to the Enquiring Officer nor he states as such while deposing as O. P. W. 6 in this case. Moreover, there is no evidence, to suggest that Shri S. Sen Gupta was ever asked by the management to act as prosecutor at the time of the domestic enquiry or that he was authorised to produce the documents in connection with the domestic enquiry including the complaint by himself. The Enquiring Officer O.P.W. 1 has admitted in his cross-examination that copy of the letter Ext. I was supplied to the petitioner-workman at the time of the domestic enquiry. There is no evidence on record that any copy of the complaint Ext. I was sent along with the charge-sheet Ext. A, or even on any date thereafter to the petitioner-workman before the commencement of the domestic enquiry.

On the above discussions I am bound to hold that the complaint Ext. I was never in existence on 30th October 1965, or at any time before the commencement of the domestic enquiry on 4th November 1965, and is thus clearly a manufactured document. Even conceding that the complaint Ext. I was written on the date as it shows, i.e., on 30th October 1965, there is no evidence, whatsoever, that it was handed over to any one else by the complainant Shri S. Sen Gupta. I have already indicated that there is no evidence that Shri S. Sen Gupta acted as prosecutor at the time of the domestic enquiry and I have already disbelieved that he was the first witness to depose at the time of the domestic enquiry. Even if this be a fact, there is no evidence that Shri S. Sen Gupta received back the complaint from the Labour Officer, to whom it was addressed for filing at the time of the domestic enquiry and the absence of this evidence is a clear suggestion that Shri S. Sen Gupta all along had the custody of the document since its creation. This apart, the petitioner-workman never had any chance of knowing the complaint against him by Shri Sen Gupta and a domestic enquiry without allowing the delinquent-workman to know the nature of the allegations on the basis of which the charges were framed is clearly another violation of the principles of natural justice. The learned lawyer for the petitioner-workman relies upon the decision reported in 1963 (II) LLJ. 371 which, however, does not exactly relate to this point, but relates to oral statement made at the back of the delinquent-workman at the time of the domestic enquiry.

The duty of an Enquiring Officer at the time of the domestic enquiry is to allow the prosecutor to examine the prosecution witnesses and the delinquent-workman or his representative to cross-examine the prosecution witnesses. The Enquiring Officer himself may very well examine the prosecution witnesses, but this task cannot be delegated to someone else. It has transpired in cross-examination of O.P.W. 3 and O.P.W. 4 who were both examined at the time of the domestic enquiry, that O.P.W. 2 put the questions to them at the time of the domestic enquiry. The learned lawyer for the Union rightly urges that this also makes the domestic enquiry defective.

O.P.W. 3 has stated in his cross-examination that at the time of his deposition Shri Sen Gupta was present. O.P.W. 4 has also admitted in his cross-examination that Shri Sen Gupta was present at the time of his deposition. I have already referred to the reply of the Enquiring Officer O.P.W. 1 in his cross-examination to show that Shri Sen Gupta deposed as prosecution witness No. 8 at the time of the domestic enquiry, whereas O.P.W. 3 and O.P.W. 2 deposed as prosecution witnesses Nos. 1 and 2 respectively. Thus it transpires that Shri Sen Gupta was present at the time of the domestic enquiry even before he was examined and at the time of examination of the other prosecution witnesses. This also vitiates the domestic enquiry.

The learned lawyer for the Union next urges that the evidence of the witnesses has not been properly recorded. There is no evidence on record which justifies such a conclusion. But in a domestic enquiry it is for the Enquiring Officer to decide what evidence is to be recorded and what evidence is relevant for the purpose of the domestic enquiry almost occupying the position of a judge in a court of law. It is interesting to note that O.P.W. 3 has stated that O.P.W. 2 put questions to him and O.P.W. 2 was recording his statement after translating it into English and the Enquiring Officer O.P.W. 1 was sitting at that time and he did not do anything at that time. He has categorically stated that O.P.W. 2 put him questions at the time of his deposition and the statement made by him were recorded by O.P.W. 2 in English. O.P.W. 4 also admitted in his cross-examination that O.P.W. 2 put the questions to him and he recorded his statement after translating it into English and O.P.W. 1 was merely sitting in his seat at that time. This admission goes to show that O.P.W. 1 as Enquiring Officer was not dictating what was recorded in the enquiry as evidence of the prosecution witnesses and the scribe O.P.W. 2 was acting as the de-facto Enquiring Officer. It is true that O.P.W. 1 in reply to the court's question has stated that the answers to the questions were given in Bengali and in Hindi and also in English and these were dictated by him after translation in case the answers were in Bengali or Hindi. It is clear therefore that the English answers to the questions were recorded by the clerk concerned O.P.W. 2 and not to the dictation of the Enquiring Officer O.P.W. 1. In view of the admissions of O.P.W. 3 and O.P.W. 4 there is no reason to believe the statement of O.P.W. 1 that when the answers were given in Bengali or in Hindi the answers were recorded after being translated by the Enquiring Officer himself. Be it noted that there is no endorsement, whatsoever, in the enquiry proceedings Ext. F to show that these were recorded by O.P.W. 2 to the dictation of the Enquiring Officer O.P.W. 1. This is again another defect of the domestic enquiry as to recording of evidence.

The learned lawyer for the Union has also urged that the enquiry report itself is defective because the Enquiring Officer, did not find that the allotted work was urgent, that the refusal by the O.P.-workman was wilful, that there was no extenuating circumstances and also because of the fact that the findings of the Enquiring Officer lacks reasoning. It would appear from the findings portion of the Enquiry report Ext. G that the Enquiring Officer has found the work allotted to the petitioner-workman by Shri Sen Gupta to be rather urgent, though there is no specific mentioning as such. There is no finding whatsoever, as to refusal by the petitioner-workman to do the allotted work. Be it noted that the charge-sheet Ext. A never contained any charge that the petitioner-workman refused to carry out the allotted job. The charges as specified were the rude and insolent behaviour of the petitioner-workman towards Shri Sen Gupta at about 6-30 p.m. at the machine shop and towards the Labour Officer thereafter at 6-55 p.m. There is evidence on record as to the alleged charges against the petitioner-workman and the Enquiring Officer has reached his own conclusions on the evidence adduced as such though the reasonings on which he based his conclusions are even apparently far from satisfactory. He has not at all discussed much of the prosecution evidence in proof of the facts constituting the charges.

The learned lawyer for the Union next urges that in awarding the punishment by way of dismissal sub-clause (g) of clause 14 of the Standing Orders has not been complied with. Clause 14(g) of the Standing Orders of the O.P.-Company, as is evident from Ext. J, provides for taking into account the gravity of the misconduct, the previous record, if any, of the workman and any other extenuating or aggravating circumstances that may exist at the time of awarding the punishment under the Standing Orders. Ext. 5 is a copy of the letter of dismissal, dated 13th November 1965. Ext. E is another copy of this letter of dismissal. The O.P.-Company has not produced any document to show that at the time of passing the order of dismissal the punishing authority took into consideration any of the matters provided under clause 14(g) of the Standing Orders.

The order of dismissal, therefore, has not been passed in accordance with the Standing Orders.

I have already found above that the domestic enquiry is vitiated because of consideration of extraneous matters violation of the principles of natural justice, non-allowing a representative of the petitioner-workman to participate at the domestic enquiry, non-disclosure of the complaint against the delinquent workman to him, brushing of the powers of the Enquiring Officer by the scribe of the enquiry proceedings, allowing a prosecution witness examined later to be present at the time of examination of the former prosecution witnesses, non-recording of the enquiry proceedings properly and lack of proper reasoning in his findings by the Enquiring Officer and also non-compliance with the provisions of the Standing Orders at the time of passing the order of dismissal against the petitioner-workman.

The O.P.-Company has however examined witnesses in support of the charges framed against O.P.-workman at the time of hearing of the present case. It is well-settled law that if the domestic enquiry is found to be defective, either party may adduce evidence in support or against the charges framed against the delinquent workman and the Industrial Tribunal Labour Court must come to a finding of its own on the basis of appreciation of the evidence adduced at the time of the domestic enquiry as also at the time of hearing of the industrial dispute itself. So I now propose to consider the evidence in the present case as well as at the time of the domestic enquiry, on merits.

The O. P.-Company has examined 6 witnesses in support of its case at the time of hearing. Of these the Enquiring Officer O. P. W. 1, the scribe O.P.W. 2 and the Assistant Labour Officer O.P.W. 5 did not at all depose in support of the charges framed. O.P.W. 6 is the complainant Shri S. Sen Gupta himself. O.P.Ws. 3 and 4 are the only independent witnesses as to the charges framed. Both of them however deposed as to the incident in the machine shop and not as to the incident in the Labour Officer. Thus at the time of hearing of the present case, there is no evidence against the petitioner-workman as to his behaviour in the Labour Office towards the Labour Officer. O.P.W 3 is the Head Mistry of the department in which the petitioner-workman served and is the most material witness. Even in his examination-in-chief he never states that the petitioner-workman ever behaved in any rude and insolent manner towards Shri Sen Gupta. In his cross-examination he states that he has never seen the petitioner-workman to evade his duty and there is no reason for the petitioner-workman to evade his duty on the relevant date. He next states that he does not say that the petitioner-workman evaded his work on that date. He also states that the altercation between Shri Sen Gupta and the petitioner-workman was overtime that would cover the pending work to be completed. Shri Sen Gupta got angry with such altercations. On his evidence I do not find that the charge of rude and insolent behaviour towards Shri Sen Gupta has been proved against the petitioner-workman. O.P.W. 4 also serves as a Turner under the O. P.-Company and his seat of work is at a distance of 15 cubits from the seat of work of the petitioner-workman. He also does not depose as to any rude and insolent behaviour of the petitioner-workman towards Shri Sen Gupta. There is evidence on record at the time of the domestic enquiry as to some taunting manner of speaking against the petitioner-workman and also using harsh words against Shri S. Sen Gupta. I have already indicated above that these statements never had the test of cross-examination because of the denial of reasonable opportunities to the petitioner-workman by the enquiring officer himself and what these persons deposed at the time of the domestic enquiry does not rebut what O.P.Ws. 3 and 4 state at the time of hearing of the case. I am unwilling to rely upon the statements made at the time of the domestic enquiry in the absence of the petitioner-workman and that too recorded in an irregular manner as I have already indicated above. The O. P.-Company was examined as many as 20 witnesses at the time of the domestic enquiry. There is no reason, whatsoever, for their examining only 4 witnesses out of the list of witnesses examined at the time of the domestic enquiry at the time of hearing of the present case. I am rather willing to accept that withholding of the witnesses examined at the time of the domestic enquiry along with absence of cross-examination of these witnesses and defective recording of evidence, as I have already found out, is another ground for not relying upon the prosecution evidence as adduced at the time of the domestic enquiry.

On the above discussions, I hold that the O. P.-Company has failed to establish the charges framed against the petitioner-workman at the time of hearing of the present case by way of independent evidence.

The learned lawyer for the O. P.-Company has relied upon the decision reported in 1961(II) LLJ. 417 to urge that the workman against whom the enquiry was held was not entitled to be represented at such enquiry by a representative of his Union. This decision is of no help to the O. P.-Company as the Enquiring Officer O.P.W. 1 has admitted that there is a system of representation at the time of the domestic enquiry in the O. P.-Company. He next relies upon the decision reported in 1965(I) LLJ. 426 as to the non-existence of the right of representation at the time of the domestic enquiry, but that decision also is of no avail because of the specific admission of the Enquiring Officer O.P.W. 1. The learned lawyer for the O. P.-Company then relies upon the decisions reported in 1951 (II) LLJ. 314, 1963 (II) LLJ. 78, (1961-1962) XXI F.J.R. 347 and 1964(II) LLJ. 113 to urge that the findings of the domestic enquiry should not be disturbed by the Industrial Tribunal or Labour Court except under specified circumstances. I have already discussed above how and why I have come to the conclusion that the domestic enquiry was held in violation of the principles of natural justice and is defective in nature, and therefore a fresh appreciation of evidence on record and as adduced in this case by the parties is necessary.

So I hold that the dismissal of the petitioner-workman is not justified and he is entitled to reinstatement along with back wages as if his service was never terminated as such. Parties have not produced the appointment letter or the order of the petitioner-workman. Normally it would be accepted that the employer O. P.-Company has a right or transfer of the petitioner-workman to similar types of jobs. So I hold that the petitioner-workman cannot refuse to work in a particular capacity if that work be allotted to him and is of similar nature in which he was appointed. If, however, the particular work allotted to him required a specific training, the employer O. P.-Company must arrange for such training, if necessary.

The first part of this issue is so answered in the negative. The petitioner-workman is entitled to reinstatement as well as back wages since 5th November 1965 till the date of reinstatement as such at his usual rate of emoluments. The petitioner-workman however is not entitled to reinstatement in a particular job and may be allotted jobs of similar nature after undergoing required training for which the O. P.-Company would arrange, if necessary.

The second part of this issue is so disposed of.

An award be passed accordingly holding that the dismissal of the petitioner-workman from his service is not justified and the O.P.-Company shall reinstate the petitioner-workman within one month from the date of publication of this award in the "Calcutta Gazette" and shall also pay the back wages since 5th November 1965, till the date of reinstatement as such, as if his service was never terminated. The petitioner-workman, however, is not entitled to reinstatement in a particular post and may be allotted jobs of similar nature after undergoing required training for which the O.P.-Company would arrange, if necessary.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 4156-I.R./IR/11L-164(A)/66, dated the 17th October 1966, an industrial dispute between Messrs. Gladstone Lyall & Co. Ltd., 4 Fairlie Place, Calcutta-1, and their workmen of Roofing Department, K. P. Godown, represented by General Workers' Union of Gladstone Lyall & Co. Limited, 3 Joy Krishna Paul Road, Kidderpore, Calcutta-23, was referred under section 10 of the Industrial Disputes Act, 1947, to this Tribunal for adjudication, in respect of the following issues:—

Issues

1. Revision of Wage;
2. Revision of Dearness Allowance;

3. Grant of proper outstation allowance;
4. Payment of overtime and fixation of rate of overtime;
5. Grant of house allowance or housing accommodation;
6. Fixation of number of holidays in a year with wages;
7. Fixation of duty hours; and
8. Permanency of the workmen.

Usual notices were served on the Company, as well as the Union from this Tribunal, after receipt of the order of reference. The Union filed its written statement on 23rd November 1966. The Company in turn filed their written statement on 10th February 1967.

The Union in its written statement contended inter alia that General Workers' Union of Messrs. Gladstone Lyall & Co. Ltd. represents 100 per cent. of the workmen of the Roofing Department and a Substantial Section of workmen of the Head Office and Madras Branch, etc. The grievances of the workmen used to be represented formerly by Paharpur Steel Rolling Mills & Engineering Workers' Union, for a certain period of 1964 and 1965. The income of the Company is exceptionally high. From the income of the Roofing Department, this Company have been able to purchase ships and opened the Shipping Department. Though the Roofing Department is the main source of revenue earning of the Company, and when the Company had enough sources and capacity to meet all reasonable demands of the workers of the Roofing Department, they have actually been depriving them from the same. The authorities have been adopting various unfair labour practices inasmuch as the Company have been granting different scales of pay and dearness allowance to different categories of workmen and employees of the same department and also for the same jobs. There thus arose a serious dissatisfaction amongst the workmen of the Roofing Department and as a result there was a general strike by the workmen of the same department in April 1964, which lasted for more than three months. The Company then with the help of several outsiders removed all the 222 workmen from their quarters in the K. P. Godown on 16th June 1964 and Criminal Cases were instituted against 56 employees. Then there was compromise and as the workmen were in extreme hardship, the majority of them resumed their duties on 10th July 1964 and some afterwards. The Company, of course, refused to take back 9 members of the Union. Thereafter a dispute relating to termination of employment was referred to this Tribunal and in that order of reference, a Memorandum of Settlement was filed on 25th June 1966. With effect from 13th August 1964 the General Workers' Union of Gladstone Lyall & Co. Ltd., was registered and the workmen of the Roofing Department, resigned from their aforesaid Union and joined this Union. On 14th September 1964, a charter of demands was submitted to the authorities (vide Annexure A of the written statement). There were conciliation proceedings before the Labour Commissioner resulting in the instant order of reference.

As regards Issue No. 1, regarding revision of wages, it is alleged on behalf of the Union that the question of prevailing system of wage structure of comparable units will not arise inasmuch as the Union will restrict its submission within the wage structure for the other section of the workmen working side by side in the same Godown. According to the nature of duties, degree of skill required and efficiency involved, the workmen of Roofing Department are entitled to higher wages. So far as regards the claim of Dearness Allowance, the Union claims Bengal Chamber of Commerce Scale, which the other workers of the Head Office are drawing. The existing rates of outstation allowance being very meagre, the Union claims that such outstation allowance of Khoraki should be enhanced. The Union also claims scale of wages, Dearness Allowance and outstation allowance to be enhanced with retrospective effect from the date of charter of demands, i.e., with effect from 14th September 1964. The workmen, according to the Union, are compelled to perform overtime duties without any overtime wages. The nature of jobs are as such that one cannot leave the job unfinished or half done, and as such the workmen have to perform extra duty for some time almost daily, but the management does not keep any record of such extra duty and only in case of overtime on Sundays and holidays, such records are maintained. Overtime allowance is accordingly claimed for such hour of work as may exceed the normal 48 hours of work in a week and the rate of overtime allowance is also claimed as double the ordinary rate of wages to be given effect retrospectively from 14th September 1964. It is also the case of the Union that all workmen including the casual or temporary workers were provided with residential accommodation inside the godown premises at 6/1 Munshigunj Road, P.S. Watgunj, Calcutta-23. On 16th June 1964 the management removed all such workers from their allotted quarters forcibly. The management is giving a nominal sum of Rs. 4.50 P. to a Foreman and also Rs. 3.50 P. to a Mistry, per month being house rent allowance with effect from 10th July 1964. The Union claims house rent allowance of Rs. 30 per month or free housing accommodation for all types of workers in the Roofing Department. The quantum of festival holidays with wages, i.e., six days per annum should also be increased, and according to the Union, the number of such holidays should be fixed at 20 in a year. K. P. Godown workers also work 48 hours a week or a minimum of 8 hours a day. They are to attend roll call in between 7 to 7-30 a.m. and after recording their attendance, the workmen have to attend their duties at outstation places. It is further alleged that these workmen after completion of their duties are to come back again to the godown for depositing their tools, and materials. So, the workers are to spend some extra hours in the morning and also during return journey. But the workmen do not get any additional remuneration for the same. The Union prayed to fix the daily duty hours of these workers, at 6 hours a day or 36 hours a week and also 2 hours' fixed overtime per day. The workers of the Roofing Department have been classified as follows:—

(1) Casual or Temporary Mazdoor,
(2) Mazdoor Grade II,
(3) Mazdoor Grade I,
(4) Godown Mazdoors, Lorry Cleaners, or Lorry Mazdoors,
(5) Mistries,
(6) Paint Mistry or Roofing Mistry and Carpenter, and
(7) Foreman.

According to the Union the Company employs a large number of temporary workmen for a particular job who are called casual workers. The Company also employ a large number of temporary workmen who have been working for a period of long continuous 7 to 8 years or even more. Most of them have not yet been confirmed and the Company confirmed some junior men with a view to deprive the members of the Union leaving or ignoring the claims of the senior hands. The Union prayed that the services of the temporary workmen who have completed six months service should be made permanent. The Union claims the following grades and scales of pay for the different type of works in the Roofing Department :—

(i) For those workmen who will remain as casual:—Rs. 5 (consolidated) per day.
(ii) For those who will remain as temporary—Rs. 30—1—40—2—60—3—75 (plus usual D.A.)
(iii) For Mazdoor Gr. II, Godown Mazdoors and Lorry Cleaners—Rs. 40—2—60—3—90—4—110.
(iv) For Mazdoor Gr. I and Godown Sirdars and Booking Men—Rs. 60—3—90—4—130—5—155.
(v) For Roofing Mistries, Carpenters and Paint Mistries—Rs. 75—4—115—5—165—6—195.
(vi) For Mason or Rajmistries—Rs. 85—5—135—6—195—7—230.
(vii) For Foreman—Rs. 100—8—180—9—270—10—320.

The Union also claims Dearness Allowance as per Bengal Chamber of Commerce Scale subject to a fixed minimum of Rs. 85.

The Company in their written statement denied the material allegations made in the written statement of the Union and contended inter alia that the operations of the roofing department are not essentially of skilled type or hazardous in nature as alleged ; that the operations of the roofing department are merely side business of the Company and distinct and separate from its main operations and do not conform to the pattern of the General Engineering Industries ; that the wages and other conditions of service of the workmen of the roofing department are all adequate and commensurate with the nature of duties required to be performed and compare favourably with those similar other concerns.

The case of the Company is that the workmen employed in their roofing department, K.P. Godown fall under the following categories :—

(1) Casuals.
(2) Mazdoors I.
(3) Mazdoors II.
(4) Mistries.
(5) Foremen.

The existing scales of wages of the different categories of workmen are as follows :—

Designations.	Scales and Grades.	Increment.
Mistries	Basic Rs. 46/-	Rs. 2 per annum.
Mazdoor I	Basic Rs. 27.50	Re. 1 per annum.
Mazdoor II	Basic Rs. 22.50	Re. 1 per annum.
Casuals	Rs. 2.37 per day (consolidated)	

There is no fixed basic wage of a foreman, as nobody indirectly appointed as such. The existing wages of the said categories are according to the Company, reasonable and adequate, and compare favourably with the wages in similar other concerns. Clerks, Peons, Durwans and Drivers even though working at the K. P. Godown are on the Head Office rolls and are liable to be transferred to any other department. The existing scale of D.A. to the different categories of workmen in the roofing department are as follows :—

Foremen—D.A. Rs. 45.
Mistries—D.A. Rs. 40.
Mazdoor I—D.A. Rs. 40.
Mazdoor II—D.A. Rs. 40.

The aforesaid existing wages and D.A. are, according to the Company, fair and reasonable taking into consideration all relevant factors. The company also contended that they cannot take any additional burden for increase of wages and D.A. as claimed on behalf of the Union. The Foremen and Mistries of the Roofing Department normally look after the actual roof laying job which is a simple process. All instructions regarding their jobs are normally given to them by the Assistants or Supervisors and such instructions are carried out by the Foremen and the Mistries with the help of Mazdoor I and Mazdoor II. The only real difference between the Foremen and Mistries is their length of service. Neither a Foreman nor a Senior Mistry is a skilled technician, as in the scale of General Engineering Industry.

The Company's operations sometime require its workmen to go to muffasil and while engaged in such operations, the workmen are allowed out-station allowance at the following rates :—

1. Foremen Rs. 1.75 per day.
2. Mistries Rs. 1.50 per day.
3. Mazdoors Rs. 0.75 per day.

The aforesaid rates of outstation allowances, according to the Company, is quite adequate and reasonable. So far as regards the issue of payment of overtime and the fixation of rate of overtime, it has been contended on behalf of the company that its Roofing Department along with its other departments, are covered by the West Bengal Shops and Establishments Act and the workmen are, therefore, eligible to receive overtime payment in accordance with the provisions of the said Act. As regards grant of house allowance or house accommodation, it has been stated that according to the existing practice, accommodation is provided to Foremen and Mistries at the Company's godown at 6/1 Munshigunj Road, so that they can be contacted easily and instructions can be given to them to carry out any urgent work at short notice. As the accommodation available is not sufficient enough to provide the same to all the Foremen and Mistries, others are given house rent allowance at the rate of Rs. 4.50 per month for Foremen and Rs. 3.50 per month for Mistries. It has next been contended by the Company that according to the existing practice, the workmen other than casual workmen are allowed 9 festival holidays and the casual workmen are also allowed two holidays. This arrangement according to the Company, is reasonable and satisfactory. For fixation of duty hours, it is stated that the existing practice to the effect that the workmen work 48 hours a week exclusive of tiffin break of one hour, is reasonable and such working hours cannot be reduced. As for the Union's claim of permanency of the workmen, it has been alleged that the roofing department workmen fall broadly into two categories—permenent and casual. Casual workmen are such workmen as cannot be provided with regular work and are employed on casual work only. Such workmen for whom guarantee of continuous employment cannot be given are engaged on casual basis and kept on casual rolls. Casual workmen are liable to be promoted to the permanent category of Mazdoor II, if and when vacancies occur, depending on their efficiency and suitability, which arrangement does not call for any revision.

On behalf of the Union, 11 witnesses have been examined. P.W. 1 Shri Ruplal Singh is a Foreman of the Roofing Department of the Company's godown at Kidderpore. He first joined the Company in 1935 as Mazdoor II. Then sometime after he was promoted as Mazdoor I and then again to the post of a Mistry and lastly, some time in 1959 or 1960, he became Foreman. P.W. 2, Chand Singh is a Mistry since 1959 after having been promoted from temporary Mistry in which post he joined sometime in 1946. P.W. 3 Rahmat joined the Company as a temporary Mazdoor and he is now a permanent employee as a Mazdoor No. I. He officiated on several occasions as a Mistry. P.W. 4 Dukhit Singh is a temporary labourer since 1956 and gets Rs. 2.36 P. per diem as his consolidated wages. P.W. 5 Chandreswar Singh is a Labour Sardar. P.W. 6 Lakhu Singh joined the Company sometime in 1947 as a Mazdoor and he is now working as Foreman since 1954. P.W. 7 Laldhari Singh is a Mistry (Mason) working in the Company. P.W.8 Ramesh Singh is a Mazdoor No. II since 1964. P.W. 9 Durga Ram is a Durwan of Kidderpore Godown since 1954. P.W. 10 is a workman in the Company since 1956. P.W. 11 Shri N. R. Sarkar is the Assistant Secretary to the Government of West Bengal, Labour Department. He simply proved his letter Ext. 2, dated 18th August 1967, addressed to the Joint Secretary of the Union in question. On the other hand, two witnesses have been examined on behalf of the Company. O.P.W. 1 Shri S. K. Khosla, is an Assistant of the Company, looking after the execution of the Waterproof Department. O. P. W. 2 Shri Arunendu Dutt, is the Secretary-cum-Accountant of the Company. He joined the Company in 1964.

I take up the issue No. 1 (Revision of Wage) and issue No. 2 (Revision of Dearness Allowance) for the sake of convenience, for decision.

The Head Office of the Company is located at 4 Fairlie Place, Calcutta-1. It is also in evidence that the Waterproofing concern, Isolation concern, D.D.T. Servicing, Factory product selling and re-sales concern are the several sections included under the Agency Department of the Company. It is further in evidence that there are different scales of wages in respect of the workers of the aforesaid sections. The Head Offce staff of the Company also enjoy admittedly higher grades and scales of pay. The roofing department of the Company has got its godown at Kidderpore known as K. P. Godown. It is the evidence of O.P.W.1, the Assistant of the Company who looks after the execution of the Waterproof Department that the nature of work in the roofing department is such that when an intimation is received for waterproofing work, a Supervisory staff is sent from the Head Office to carry out inspection of the roof in question; that thereafter when an order is received; the waterproofing materials likely to be consumed in a particular job are calculated by the Head Office staff; that the Head Office then asks the godown incharge to send such materials to a particular site and that the materials are then actually sent to the site from the godown, and then a gang of workers under one mistry is also sent there. Then the materials are received by that mistry at the site, and a supervisor is also sent there to explain to the mistry concerned the nature of job and how that should be carried out. Of course, it has been contended on behalf of the Union that no such supervisor was actually sent to the spot for the aforesaid purpose. But the definite case of the Company is that the supervisor visits each of the sites allotted to him daily who notes the attendance of the workers and looks after the progress of the work. This supervisor sends reports to the Head Office about the progress of the works of the unit. He also takes the measurement of the job and submits the same to the Head Office. When the contract job is over, the Supervisor submits the account of total consumption of materials also to the Head Office. The different classes of employees in the roofing section of the Company are as follows :— Foreman, Mistry, Raj-Mistry, Majdoor I, and

Majdoor II. Employees are not directly recruited to the categories of mistries and foreman. Admittedly first of all, Majdoors No. II are taken in employment. After they had put in certain period of service, they are promoted to the classification of Majdoor No. I. Similarly from the category of Majdoor No. I, Mistries are appointed. Foreman and senior mistries over and above the aforesaid categories of employees, there are at present 11 godown majdoors, and one each of the following categories as Booking Man, Painter, Carpenter and Sweeper. The structure of pay of all categories of roofing workers of the Company as at present, all called as workers of the roofing department, appears from Ext. B2. It is as follows:—

Structure of Pay of Roofing Workers as at present.

	Category.	Total No. of workers.	Maximum pay (basic and D.A.)	Minimum pay (basic and D.A.)	Interim relief.	Total pay	
					Rs.	Max. Rs.	Min. Rs.

10.	Sweeper	1	Rs. 18 and 40-25=Rs. 58-25	Rs. 18 and 40-25=Rs. 58-25	12	70-25	70-25

The aforesaid interim relief of Rs. 12 per month per head of the roofing workers was allowed with effect from 1st July 1967, as per the terms of settlement entered into between the Company authorities and the Union in question, dated 23rd August 1967 (vide Ext. C). The Union's demand regarding grades and scales of pay of the different categories of workers of the roofing department are as follows (vide paragraph 59 of the Union's written statement.):—

(i) For those workmen, who will remain as casual—Rs. 5 (consolidated) per day.

(ii) For those who will remain as temporary—Rs. 30—1—40—2—60—3—75 (plus usual D.A.).

(iii) For Mazdoor No. II, Godown Mazdoors and Lorry Cleaners—Rs. 40—2—60—3—90—4—110.

(iv) For Mazdoor, Gr. I and Godown Sirdars and Booking Men—Rs. 60—3—90—4—130—5—155.

(v) For Roofing Mistries, Carpenters and Paint Mistries—Rs. 75—4—115—5—165—6—195.

(vi) For Mason or Rajmistries—Rs. 85—5—135—6—195—7—230.

(vii) For Foreman—Rs. 100—8—180—9—270—10—320.

In this connection, I may also mention here that over and above the aforesaid categories of employees, there are other employees such as, durwans and godown office employees including clerks etc. working in the Kidderpore Godown under the Agency Department of the Company. These employees, according to the Company, are Head Office staff. Their wage structures are admittedly different from those of the roofing workers and are better than those of the roofing workers. This differerence is due to the fact, according to the Company, that they are Head Office employees and not the roofing department employees. On the other hand, it has been contended on behalf of the Union that they are not Head Office staff but also employees of the roofing department. There is, of course, one durwan P.W. 9 Durga Ram Gurung who is getting at present Rs. 150 per month including D.A. According to P.W. 9, he works as a godown durwan and does not do any work in connection with the roofing department. According to both the witnesses examined on behalf of the Company, durwans and clerks employed at the K. P. Godown, belong to Head Office staff and they are liable to be transferred from the K. P. Godown to the Head Office at any moment. One appointment letter, dated 14th February 1961, Ext. 4 has been filed on behalf of the Union to show that one Md. Rafiq was appointed as a lorry driver in the Kidderpore godown on certain basic salary and temporary D.A. This Md. Rafiq has not been examined in this case. So, I cannot consider the contents of Ext. 4 and it cannot be said at all under what circumstances this appointment was offered to Md. Rafiq. Be that as it may, we are to consider the question of the revision of wages and the D.A. in respect of the categories of employees appearing Ext. B2 which document has not also been challenged on behalf of the Union in any way. I have also mentioned above the main different categories of employees of the roofing department of the Company which roofing department is under the Agency Department of the Company.

Two relevant factors are to be kept in mind by the Tribunal when fixing a wage structure. Those are:—

(1) The financial capacity of the employer to bear the additional burden imposed by the scheme ; and

(2) Wages Scales fixed in other comparable concerns in the region.

In this connection I may mention that neither party has produced any wage structure of similar employees of similar concerns. According to Shri A. L. Roy for the Union, no such comparable unit is necessary in the matter of revising the wage and the D.A. of the employees of the roofing department because the wage structure and the D.A. were enjoyed by the employees of other departments of the Company are better than those of the roofing department. According to Shri A. L. Roy, we are to revise the wages and D. A. of the roofing department employees only on a consideration of this fact. The financial position of the employer is a primary consideration when awarding a a revision of the wage scales. The contention of Shri A. L. Roy, in my opinion, cannot be accepted in toto. The type of work performed by the aforesaid different categories of employees of the roofing department is quite different from the type of work performed by the employees of the other departments of the Company and also by the Head Office staff. But in this case on behalf of the employer, it has not also been shown that the rates of wages in his concern are higher than those prevailing in similar concerns in the region. Also in this case, we find that the existing wages of the different categories of employees of the roofing department of the Company were fixed so far back in the year 1957. There cannot be any doubt in this case that since after 1957 till today, there has been much increase in the cost of living index. Now, if it is found that the financial capacity of the employer is such that the employer would be able to bear the extra financial burden for increase of wages and D.A., then the wages and D.A. of the different categories of employees of the roofing department of of the Company, should be enhanced suitably. The Company has produced the Report of the Directors and the Profit and Loss Accounts from the year 1961, till the year 1967. The financial year of the Company is from 1st November of a year till the 31st October of the next year. Though several entries in the balance sheets of all the years have been challenged on behalf of the Union by Shri A. L. Roy, specially for the year ending 31st October 1964, I cannot but accept the correctness of these audited balance sheets. According to Shri Roy, the expenses under the Heading "Miscellaneous" amounting to Rs. 7,96,015 at page 21 of that year's balance sheet supports his contention that the Company did actually employ a large number of Goondas to evict the roofing department employees from the K. P. Godown in the year 1964. I cannot and should not consider this question and I take the entries in the balance sheets and the profit and loss accounts of the Company, as correct, because it has not been proved that the Company actually did employ goondas in the year 1964 as alleged. It appears from the balance sheets that for the last 7 years during 1960-61 till 1966-67, the Agency Department which includes mainly Calcutta Roofing Section, suffered a total loss of Rs. 17.76 lacs (vide exhibit B also). It further appears from Ext. B1 that the waterproofing sells in Calcutta dropped to Rs. 11.51 lacs in 1966-67 i.e. by more than 50 per cent. of the usual sales (vide Ext. B3) and the position for the first five months of the current year 1966-67 does not also give any indication of improvement (vide Ext. B1). It further appears that the Company suffered a loss of Rs. 6.16 lacs in 1966-67. It also appears that the Company's reserve amounting to Rs. 9 lacs was reduced to Rs. 1.45 lacs, as shown in the Company's balance sheet Ext. A, for the year ending 31st October 1961 (vide also Ext. A6 for the year ending 31st October 1967). The Company has also produced a chart of the employees of the roofing department sitting idle since January till May 1968, (vide Ext. B5). It is also true that for completion of work at different sites, the Company also occasionally employ casual labourers. But this fact alone does not show that the financial position of the Company is such to bear any additional burden for increase of wages and D.A. of the roofing department employees. Thus the overall picture of the financial capacity of the Company is not bright and that the Company is now a losing concern and I hold as such. But even then it is to be remembered that it is an admitted fact that sometime in the year 1964, on the basis of a settlement between the Company authorities and the previous Union, the wages, D.A., tiffin allowance of the Head Office employees and the employees of other department of the Company have all been increased. As the Company could actually increase the wages of its employees in respect of other departments, I think, though the Company's financial position is not bright, the wage structure of the different categories of the employees of the roofing department, should also be increased.

It is admitted that since 1957 the Foremen are getting an annual increment of Rs. 2. It is also to be noted that other different categories of employees are also given some increments annually. Now the issues are for revision of wage and revision of D. A. Though no specific issue regarding scales and grades of pay was sent for adjudication, I, in the interest of justice, also fix grades and scales of pay of different categories of employees as detailed afterwards.

I fix the same on a consideration of the Company's assertions made in their letter, dated 17th May 1966, addressed to the Secretary of the Union in question (vide Ext. 3), and also on a consideration of the fact that the wage structure is in existence since so far back 1967 and that since that year there has been much increase in the cost of living index till today. In this particular case, there is no evidence that the nature of work of the employees in the Head Office and that of the employees of the roofing department is the same and similar. The Head Office staff and the roofing department staff have been placed on separate footing all along. The durwans, the lorry drivers and other clerical staff of the K. P. Godown are getting better scale of wages because as a conventional practice they have been brought under similar service conditions like the Head Office staff. In this connection the existing other benefits enjoyed by the roofing department staff are also to be taken into account. The said existing benefits will appear from Ext. B(4) with its enclosures. From the same, it appears that the roofing department workers enjoy the scheme of pension and gratuity. They further enjoy scheme of widow's pension. They also enjoy the existing leave facilities. They are entitled to privilege leave for one completed year of service—19 days plus one day per year of service subject to a maximum limit of 6 days, i.e., 25 days cumulative for 2 years. They are entitled to 10 days' casual leave in a year and also 15 days' sick-leave with full pay. The rate of contribution to the provident fund on both the sides is 8 per cent. on salary. Considering all the circumstances mentioned above, I fix the wages of the different categories of employees of the roofing department as follows:—

(1) Mazdoor Grade II, Godown Mazdoors and Lorry Cleaners: Rs. 40—1.50—2—70—3—100.

(2) Mazdoor Grade I, Godown Sirdars and Booking Man: Rs. 45—1.50—60—2—80—3—110.

(3) For Roofing Mistries, Raj-Mistries and Masons, Painter and Carpenters: Rs. 55—2—75—2.50—90—3—120.

(4) Foremen: Rs. 75—2—95—2.50—130—3—160.

The present workers drawing their respective wages including the ad interim relief of Rs. 12 (vide Ext. B2) shall be suitably fixed in the aforesaid scales and grades, by necessary increments with effect from 1st January 1969.

I do not fix the wages of the casual labourers in this order of reference as they are not the members of the Union in question. These casual labourers are employed by the Company whenever their services are required for any particular job. Issue No. 1 is thus disposed of.

As regards the issue No. 2, regarding revision of Dearness Allowance, admittedly such Dearness Allowance is paid to the different categories of employees of the roofing department per month at present as follows:—

Foreman—Rs. 45.

Mistries—Rs. 40.

Mazdoor I—Rs. 40.

Mazdoor II—Rs. 40.

The Union claims that Bengal Chamber of Commerce Scale of D. A. should be allowed to the roofing department workers. It is admitted that the Head Office staff are getting such Bengal Chamber of Commerce Scale of D. A. I have held above that the financial capacity of the Company is not such to bear the extra financial burden and that the Company is a losing concern at present. It is also admitted in this case that all along there is difference in the scale of D. A. in respect of the Head Office employees and other department employees of the Company with those actually paid to the roofing department employees. It is the general principle to increase D. A. with the increase of cost of living index, but such payment should depend upon the capacity of the Company to pay. Roofing department employees were never granted D. A. as per Bengal Chamber of Commerce Scale and as such, I am of opinion that no award should be passed compelling this Company to pay as per Bengal Chamber of Commerce Scheme. Upon a consideration of the facts and circumstances of the case stated above, I fix the D. A. of the aforesaid four classes of employees of the roofing department divided by me in Groups (1) to (4) while fixing their wage scales. I enhance the D. A. of all categories of employees by Rs. 5 per month. Accordingly I hold that all the employees of the aforesaid categories (1), (2) and (3), would get Rs. 45 per month as D. A. and that the Foreman should get Rs. 50 per month as D. A.

As regards issue No. 3 regarding granting of proper outstation allowances, it is admitted that the Company has been granting such outstation allowances in addition to wages actual travelling expenses and such outstation allowance is as follows:—

(1) Foreman—Rs. 1.75 per diem.

(2) Mistries—Rs. 1.50 per diem.

(3) Mazdoors—Rs. 0.75 per diem.

This outstation allowance is in existence for long and in my opinion, such allowance should also be increased. I fix the outstation allowances of the aforesaid categories of employees (1) Godown Mazdoors and Lorry Cleaners and (2) Mazdoor Grade I, Godown Sardars and Booking Man at Rs. 1.20 per diem. I also fix the outstation allowance of category No. (3) employees at Rs. 2 per diem and I further fix the outstation allowance of each Foreman at Rs. 2.25 per diem. I enhance such outstation allowances admittedly because there has been much increase in the cost of living index and the price of food.

I then take up issue No. 5 regarding grant of house rent allowance and housing accommodation. According to the union all categories of employees of the roofing department were formerly given free house accommodation at the K. P. Godown of the company at Kidderpore and that in 1964, when there was a strike by the workers, all such labourers of the roofing department were forcibly thrown out from the said godown. Over this incident, admittedly several employees were arrested and a Sessions trial took place against the arrested employees. They were, of course, acquitted by the then Additional Sessions Judge, Alipore, on 5th April 1966 (vide Ext. 6—the Certified copy of the judgment.

According to Shri A. L. Roy, all the employees of the roofing department should be given free house accommodation or should be given proper house allowance. It is admitted in this case that some Foremen and some Mistries are given free house accommodation at present at the K. P. Godown of the Company. According to O.P.W. 1, such Foreman and Mistries were provided with free accommodation because they could report immediately on call. It is also admitted in this case that those mistries and Foremen who could not be provided with free accommodation are given house rent allowance. Foremen are admittedly given Rs. 4.50 P. per month as house allowance and a Mistry gets Rs. 3.50 P. per month as house rent allowance. It is the Company's case that they are not under any obligation to provide house accommodation for its workmen and that the allegations of the union that the company provided all workmen with house accommodation prior to 1964 and that they have been deprived of their house accommodation since after the strike of 1964 are not true. I do not find anything from the certified copy of the judgment of the Sessions Court Ext. 6 that actually all the categories of employees of the roofing department were provided with free house accommodation at the K. P. Godown of the Company at Kidderpore. It is also in evidence that before 1964 there were no permanent mazdoor in the roofing section and their work used to be carried out by employing casual labourers. After 1964 the Company, it is in evidence, made permanent categories of employees of Mazdoors I and II. These Mazdoors after 1964 were never given any house accommodation nor any house rent allowance. Having heard both sides I am of opinion that the mazdoors and other categories of employees excepting Mistries and Foremen are not entitled to any house rent allowance or any free house accommodation and I hold as such; but I enhance the house rent allowance of Foremen and Mistries, who are not given house accommodation from Rs. 4.50 per month to Rs. 6 per month and Rs. 5 per month respectively. Issue No. 5 is accordingly disposed of.

Next coming to issue No. 7 regarding fixation of duty hours of the employees of the roofing department, we find that the present working hours of the roofing department workers are 48 hours in a week i.e. 8 hours per day, excluding one hour's recess for rest. According to the union, as the weekly hours of duty of the sub-staff in the Head Office is about 42 hours per week; the daily working hours of the roofing workmen should also be fixed at 6 hours a day. But in my opinion the existing working hours of roofing department workers at 48 hours in a week or 8 hours per day excluding one hour's recess, are not excessive. In fact these working hours are sanctioned by the provisions of West Bengal Shops and Establishment Act. Though 5 working days in a week system was introduced in the Head Office, the same cannot be introduced in the roofing section because of the special nature of their work. Accordingly I reject the Union's claim on this point and I hold that the present existing working hours of the roofing department shall continue.

I now take up issue No. 4 regarding payment of overtime allowance and fixation of the rate of overtime. Admittedly the Company is paying overtime allowance at the rate of 1½ times, for working beyond the scheduled working hours. The Union claims that overtime should be granted at double the rate, as paid to the factory workers covered under the Factories Act. But this claim cannot be supported in any way. The roofing workers can by no stretch of imagination be said to be covered under the Factories Act. West Bengal Shops and Establishment Act provides payment of overtime allowance at the rate of 1½ times and as such the existing rate of overtime allowance, I am of opinion, is quite justified and reasonable and I hold that the workers of the roofing department shall continue to get their overtime allowance at this existing rate.

According to the union, the roofing department workers are to attend K. P. Godown at Kidderpore first, daily before their work starts and after completion of their day's work, they are to give attendance at the K. P. Godown to hand over the implements. On the other hand, the Company's case is that the workers are not required to attend K. P. Godown after day's work and that they are not to attend K. P. Godown first, before going to the site, where the work is being done. There is only oath against oath on this point. Now if the workers are to attend K. P. Godown or the Head Office, before start of their working hours and if they are also to attend either K. P. Godown or Head Office, after working till the end of the working hours, then certainly such labourers are entitled to overtime allowance at the aforesaid existing rate, and I hold as such. This issue No. 4 is thus decided.

Now coming to issue No. 6 regarding fixation of number of holidays in a year with wages, we find that at present the employees of the roofing department are enjoying, for one complete year of service, 19 days privilege leave and one day for each subsequent year of service up to a maximum of six days i.e. total maximum of 25 days cumulative for 2 years. They are also enjoying 10 days casual leave in a year with full pay and again 15 days non-cumulative sick-leave with full pay (vide Ext. B4). It is also admitted that before 1965 the roofing workers were allowed to enjoy only six paid holidays in a year, which number was increased to 9 paid holidays including two National holidays. The roofing workers also can in no way be compared with the Head Office staff because of their special nature of job and having different service conditions. It is the Company's case that even the factory workers of the company also do not enjoy the same holidays as enjoyed by the head office staff. The number of holidays enjoyed by the roofing department workers in a year with wages, in my opinion, is quite sufficient and I do not find any reason to increase the said number of holidays. So, the union's claim to increase the number of holidays, is also rejected.

As regards the last issue No. 8, regarding permanency of the workmen, the union's case is that the company in the year 1964, confirmed some of the temporary workmen, ignoring the claim of senior hands, as mentioned in Annexure F of their written statement. The Union further prays that the 56 employees as mentioned in Annexure F of their written statement, should be made permanent at once. Now, the case of the Company is that the permanency of the workmen, depends not only on the vacancies in the permanent posts but also on the requirements on the volume of business and work. It is in evidence that the roofing business of the Company has been reduced during the year 1968. A large number of permanent workers are sitting idle. The Company has given a chart of such idle workers of the roofing department from January till May 1968 (vide Ext. B5). It has been alleged on behalf of the Union that the Company in many cases engaged local coolies for the purpose of execution of jobs and as such, the Company cannot extend their number, when there are surplus staff of permanent workers. But the nature of business of the roofing department is such that during the year, certain months, can be called the season in the roofing department. During that time, the workload increases. The number of workmen required by the Company during those seasonal months, cannot be called the standard requirement of total number of workmen, throughout the year on the required basis. There are many months during the year, when a suitable number of workmen constantly remain idle, and during that period, the Company has, of course, to pay idle wages to them. This is an extra financial burden of the Company. So, the Company cannot, in my opinion, maintain a large number of permanent employees who could only be fully utilised during the few months of the year. The Company has also got no written rules of permanency. This must be due to casual nature of work in the roofing department i.e. contract execution job. The Union's claim that the Company should make the 56 workmen as mentioned in Annexure 'F' of the written statement, permanent immediately, has not been substantiated at all. Mistries and Foremen are not recruited directly. It is in evidence that the workers are made permanent, whenever vacancy in the permanent post occurs. Accordingly, I reject the Union's claim in this respect as made in Issue No. 8, which is thus disposed of. I reject the Union's claim to implement the provisions of this award with retrospective effect on and from the date of charter of demands and I hold that the provisions of this award shall take effect on and from the 1st January 1969.

This is my award.

GOVERNMENT OF WEST BENGAL

HOME (TRANSPORT) DEPARTMENT

RESOLUTION

No. 768-W.T.—27th January 1969.—Government of West Bengal set up on 12th June 1967 under section 3 of the Commission of Inquiry Act, 1952, a Commission of Inquiry under the Chairmanship of Shri P. C. Mallik, retired Judge, Calcutta High Court, to inquire into certain matters relating to the affairs of the Calcutta Tramways Co. Ltd. The composition of the Commission was as follows:—

(1) Shri P. C. Mallick, retired Judge, Calcutta High Court—Chairman.
(2) Shri N. K. Roy, retired Additional Member, Railway Board—Member.
(3) Shri A. K. Biswas, M. Com., F.I.C.A., F.C.C.S., F.F.I.I.—Member.

2. The matters to be inquired by the Commission were—

(a) whether the revenues of the Company derived from its existing rates of fare are adequate for it to discharge its obligations under the Calcutta Tramways Act, 1951 and the Agreement in the First Schedule thereto;

(b) if the revenues are inadequate, whether the inadequacy can be made up—

  (i) by improving collection of fares from passengers using the tram cars.
  (ii) by better utilisation of tram cars,
  (iii) by effecting economy in expenditure without affecting the efficiency of the services carried on by the Company;

(c) whether the Company has maintained the tramway tracks in proper condition with due regard to the safety of the tram cars as also of other vehicles using the roads on which the tracks are laid; and if the maintenance has not been proper, whether the reason is that the Company has not applied its revenue in the order indicated in clause 4 of the Agreement in the First Schedule to the Calcutta Tramways Act, 1951, but has diverted its resources to matters occupying a lower priority than the maintenance of tram tracks:

(d) whether the financial transactions entered into by the Company in the past were in accordance with the provisions of the Calcutta Tramways Act, 1951; and

(e) what is the general financial condition of the Company at present.

3. The Commission arrived at unanimous conclusions on the matters mentioned above and submitted its report on the 30th January 1968. The Commission also made a number of recommentations and observations and has given statistical and technical diagrams with the report. The major recommendations and observations are given in the annexure to this Resolution.

4. The Commission has come to the conclusion that with the existing rate of fare structure, the revenue of the Company is not adequate to discharge its obligations under the Calcutta Tramways Act of 1951 and the Agreement in the First Schedule. It is not sufficient even to cover the operational expenses of the Undertaking.

Government accepted this view of the Commission.

5. The Commision was unable to accept that large numbers of passengers deliberately cheat the Company by not paying proper fares even though the standard of honesty has declined in recent years. The Commission, however, felt that some improvement in collection of fares could be effected by posting some of the existing surplus conductors as inspectors at suitable points. According to the Commission it is desirable to introduce and gradually convert all the cars into the type of PAYE (Pay as you enter) cars. By such introduction gradually the number of ticketless travellers will be reduced and the revenue of the Tramways will increase. One should not however expect that anything more than a small portion of the shortfall between income and expenditure can be covered by gradual introduction of PAYE cars.

The Commission is of opinion that there is undoubtedly scope for improvement in the management of the Company which is likely to result in an increase of income. The Commission holds the view that there is considerable loss of trips due to rigid adherence to the old time-table and duty charts of the employees. The existing time-table according to the Commission has been outdated with the traffic conditions having undergone considerable changes. It is imperative to change the time-table in response to the changed conditions. Some improvement in the revenue may be obtained if the time-table is changed.

The Commission has suggested close scrutiny in the matter of printing and issuing tickets. The Commission has also suggested economies in the purchase of stores and sundries and the exercising of scientific control over storage, issue and ultimate consumption of stores. The Commission however finally came to the conclusion that the gap between the income and expenditure being so heavy it is not possible to bridge the gap between expenditure and revenue only by taking recourse to the methods indicated in the terms of reference.

6. On a careful consideration of all the facts the Commission has come to the conclusion that the tramway track has not been properly maintained and the company is guilty of breach of clause 2(4) of the Agreement. The Commission further holds that there has been improper application of revenue and there has been a breach of clause 4 of the Agreement also. The Commission also records that the Company has failed to discharge its obligation to maintain the track in a proper condition mainly by not properly applying its revenue both for maintenance and repairs as well as for renewals and replacements. Appropriation have been made to Accounts referred to in clauses 4(1)(d) and (e) without proper maintenance of the physical assets of the undertaking which obligation the Commission holds is absolute.

Government agree with these views of the Commission.

After the taking over of the management of the Company by Government a five-year programme of work (1968-73) for phased replacement and renewal to clear backlog of repairs, renewal and maintenance of the physical assets and to restore the operational efficiency, has been drawn up more or less in line with the recommendations made by the Commission.

The Calcutta Tramways Advisory Committee (Statutory Committee under the Calcutta Tramways Act, 1951) has also been reconstituted with members expert in cost-benefit and industrial problems to guide the management of the undertaking in fulfilling its work programme by making valuable recommendations.

7. The terms of reference being not more specific the Commission considered three transactions, namely:—

(i) transfer of considerable sums from the Special Reserve Account to the Shareholders' Account;

(ii) raising a loan of Rs. 16 lacs, the object of raising such loan and its application; and

(iii) transfer of considerable sums to London.

Regarding (i)—The Commission holds the view that loss of undertaking only is liable to be recouped from the Special Reserve Account and the Special Reserve Account could be drawn for such losses in subsequent years also where this would be necessary to meet the expenses referred to in sub-clause 4(1)(a) of the Agreement. The Special Reserve Account could not, however, be utilised to make appreciation to the Shareholders Account in any accounting year where no profits had accrued and the failure on account of lack of profits did not entitle the Company to provide for the Shareholders' Account from the Special Reserve Account in any year.

Regarding (ii)—The Commission has discussed at length the procedure adopted by the Company to obtain the loan. The object of taking this loan was for purchasing of Tram Cars from Bombay. Six Bombay Cars were purchased in 1964. The application for loan was made in April 1965 and the Government sanction to the loan was granted in May 1965. The loan was actually taken from the United Bank in 1967. The Commission has held this transaction to be irregular.

Regarding (iii)—The Commission refers to two remittances of the Co. to its London Head Office in March 1967 and May 1967. In the opinion of the Commission these are questionable when the financial condition of the Company was so bad that it had not sufficient money to maintain its physical assets and to pay wages to its workers. The considered view of the Commission is, therefore, that the transfer of such a big sum to London at the time was most inopportune and totally uncalled for and cannot be condoned.

With regard to items (c) and (d) of the Commission's terms of reference and its findings as recorded Government are of the view that the observations of the Commission with regard to the specific transactions mentioned in paragraph 7 above and the Commission's general observations in the matter of the Company's failure or neglect to maintain in due and proper order its physical assets should be taken into due and fullest consideration at the time negotiations are conducted and finalised for the acquiring of the undertaking of the Calcutta Tramways Company by the State Government as provided for in the Calcutta Tramways Act, 1951.

8. The Commission has examined the financial position of the Company from the following two aspects—

(i) If the real value of the Company's assets can meet its liabilities, and

(ii) What is the profitability potential of the Company?

The Commission has commented on the absence of a regular Depreciation Account as contemplated in the Companies Act under individual heads of assets by the Company which makes it difficult to assess the present value of the fixed assets at the end of each year.

The Commission has found that at the end of 1951, 1956 and 1965, the residual book value of the fixed assets indicated a shortage of about £1.30, £1.80 and £2.00 million respectively, and to that extent the assets failed to meet the liabilities in the years mentioned.

The Commission has found that the Company is very unsound and that it had become so shortly after 1951.

Government accept this summary of the Commission on the Undertaking also.

9. Government wish also to place on record their deep appreciation of the very valuable work done by the Commission in preparing the comprehensive report.

Order

Ordered that the Resolution be published in the "Calcutta Gazette".

J. C. TALUKDAR,
Secy. to the Govt. of West Bengal.

ANNEXURE

The contention that fall in the number of passengers is directly attributable to the competition from the private buses allowed to ply in Calcutta is difficult to accept. (Page 16.)

It is surprising to find that between 1951 and 1965, both years inclusive, the Company set apart £1,027,349 to the Shareholders' Account and the Renewals and Replacements Reserve Accounts showed a credit balance of £2,94,964 at the end of 1965 allowing almost all the assets, specially the track roadway and rolling stock to deteriorate to the present condition. (Page 38.)

It is unfortunate that the Board of Directors in London became extra-sensitive to the issues raised by the Commission, which it had to raise to do full justice to the terms of reference and refused to co-operate with it in supplying information even on matters of fact, not to speak of matters of opinion. (Page 53.)

The fixed assets have not been in proper condition nor the worn-out assets renewed and replaced as and when necessary. Had the works been carried out from year to year as they become necessary the cost would have been less than what it is to day. (Page 55.)

The traffic potential of the Calcutta Tramways Co. after reaching the saturation point has taken a downward trend. By increasing the fares very substantially the budget may be balanced for some years but not for all time to come. (Page 62.)

According to the Commission to run the Tramways with the existing fare structure means that the Undertaking will have to be subsidised to the extent of more than a crore of rupees annually. This to the mind of the Commission is not proper, the Tramways being a Commercial undertaking. The Commission has therefore suggested that there should be a revision of fare so that the burden on the public exchequer may be minimised. (Pages 62-63.)

The Commission strongly recommends that a Board of Management should be set up to assist the Administrator. In the Board there should be one superannuated Railway Officer and one who should have special knowledge of labour problems. (Pages 63-64.)

Government was not justified in not taking adequate care in the proper maintenance of the physical assets of the Company. (Page 65.)

The Commission holds that the present position of ownership being with the Tramways Co. and the management with the Government is not at all desirable. The present arrangement is bound to lead to innumerable complications not the least of them being legal. It is imperative that the question of buying up the Undertaking is taken up in right earnest. Negotiation should proceed forthwith and if for any reason the parties are unable to agree to a reasonable price, the machinery of arbitration should be taken recourse to for the purpose of determining the price (The Commission thinks that the seller will not insist on the price fixed on 1951 agreement). (Pages 68-69.)

Careful watch should be kept over the consumption of current as well as expenditure per unit. (Page 83.)

The Commission has discussed at length expenditure regarding renewals and replacements, and maintenance and repairs of the Undertaking. It has also suggested programme year by year for five years at pages 98, 99 and 100 of the Report.

The Commission holds that to increase the efficiency in materials usage it is essential to introduce a perpetual system of proper checks at different points of material flows for measuring the quantum as well as the quality of materials and the performances they offer while actually being consumed. (Page 105.)

In order to reduce the cost, a responsibility accounting (individualwise and groupwise) should be introduced for the employees, particularly those in higher levels of management. (Page 107.)

A thorough job analysis of the Mechanical, Traffic and Permanent way staff should be made to find out their work load so that the maximum output can be had from the existing staff. (Page 122.)

The Commission suggests that if the trams are to run in the streets of Calcutta all resources like "Contract" labour, "Temporary" labour and even "Contract" work must be tapped. (Page 122.)

A thorough study of the stores procedure right from purchase to final utilisation should be made. Main lines of investigation have also been suggested by the Commission. (Pages 122-123.)

Vigorous search should be made to locate indigenous source and to evolve substitutes for track materials vital parts of rolling stock including electric motor which are now imported. Indian Railways, Bhopal Heavy Electricals, Hindusthan Machine Tools and other public and private manufacturing concerns should be contacted. (Page 123.)

Passenger-concentration at different part of the day should be studied and accordingly frequency of service in different zones should follow the same pattern. Investigation into the possibility of a skeleton night service in some selected routes should be made. (Page 197.)

Attempt should be made to run the tram cars in reserved centre track of the roads. There is enormous economy in this system since standard rails (instead of grooved rails—imported item) and only one R.C.C. Pole can be used. Investigation should also be made for running tram cars in newly developed areas with wide roads having reserved centre—tracks instead of running in congested and water-logged routes. (Page 198.)

Existing Rotary Convertors should be replaced by Silicon Power Rectifiers. This would minimise cost in the long run. (Page 201.)

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Popular Engineering Stores & Co., 3/1 'I' Road, Dassnagore, Howrah and their workmen represented by Iron & Steel Workmen's Union, 172 Benaras Road, Salkia, Howrah, to this Court by its order No. 43-I.R./IR/10L-506/67, dated 6th January 1968, under section 10, Industrial Disputes Act, 1947, on the following issue:

Issue

Whether the refusal of employment to Shri Khudiram Pokey is justified? To what relief, if any, is he entitled?

Usual notices were sent to the parties directing them to appear on 9th May 1968 and the Union to file its written statement by that date.

The Union appeared on that date and filed a petition praying for time for filing written statement, which was allowed by my order No. 2, dated 9th May 1968, fixing 15th June 1968 for filing written statement by the Union. The Union filed its written statement on 15th June 1968 and by my order No. 3, dated 15th June 1968, the O.P.-Company was directed to file its written statement by 15th July 1968. Time was extended till 16th August 1968, 21st September 1968 and 26th October 1968 by my subsequent orders Nos. 4, dated 15th July 1968/16th July 1958, 5, dated 16th August 1968 and 6, dated 21st September 1968, respectively, but the O.P.-Company did not appear to file its written statement and acknowledgment of the notice sent to the O.P.-Company also did not return to this court. By my order No. 7, dated 26th October 1968, another notice was issued to the O.P.-Company directing them to appear and to file its written statement on 29th November 1968 positively and it was also directed that otherwise the case would be heard ex parte. The notice came back with an endorsement 'not claimed and returned to sender'. This amounts to service of notice and by my order No. 8, dated 29th November 1968, the case was fixed for hearing on 16th December 1968. The Union prayed for an adjournment on that date and by my order No. 9, dated 16th December 1968, the case was fixed for hearing on 28th December 1968. The O.P.-Company was absent even on that date and so the case was taken up ex parte.

The petitioner-workman's case is that he was an employee serving as a skilled workman for more than 3 years under the O.P.-Company. The O.P.-Company was pursuing an unfair labour policy. On 31st March 1967 the petitioner-workman went to attend to his duties when he was refused employment by the management without assigning any reason whatsoever. The petitioner-workman requested the management to give in writing the reasons for arbitrary refusal of employment, but the management denied to give any reason in writing as such. The refusal of employment of the petitioner-workman was an instance of unfair labour policy of the O.P.-Company. A representation was made before the Assistant Labour Commissioner, Howrah, by a letter, dated 10th June 1967, when the matter was taken up for conciliation. Several joint conferences were convened by the conciliation officer, but the management did not appear. The refusal of employment to the petitioner-workman is illegal and mala fide. The petitioner-workman is entitled to reinstatement as well as back wages.

At the time of hearing of the case the Union has examined its General Secretary as P.W. 1. He has proved the copy of the representation sent by him to the Assistant Labour Commissioner, which has been marked as Ext. 1. He has also stated that the petitioner-workman was serving under the O.P.-Company and he was not allowed to join to his duties on 31st March 1967. The management also did not assign any reason for refusal of employment. There was no service of charge-sheet, no domestic enquiry, nor any notice of termination of service to the petitioner-workman. The petitioner-workman tried to make representation in the matter before the management, but the O.P.-Company did not entertain any representation as such.

On the existing evidence on record, it is clear that the refusal of employment to the petitioner-workman without any allegation of misconduct and any domestic enquiry is illegal and mala fide. His service has also been terminated without any notice of termination as such. The refusal of employment to the petitioner-workman is not justified. He would be, therefore, entitled to reinstatement as well as back wages, as if his service was never terminated as such.

The first part of this issue is so answered in the negative.

The second part of this issue is so disposed of.

An award be passed accordingly holding that the refusal of employment to the petitioner-workman is not justified and directing the O.P.-Company to cause reinstatement of the petitioner-workman within one month from the date of publication of this award in the "Calcutta Gazette" and also to pay back wages with effect from 31st March 1967 till the date of reinstatement as such, as if his service was never terminated.

This is my award.

AWARD

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, Labour Department, order No. 2624-I.R./IR/10L-3/68, dated 6th May 1968, to this Tribunal for adjudication of an industrial dispute relating to the undermentioned issue existing between Messrs. Loewy Robertson Engineering Co. Ltd., and their workmen represented by United Contractor's Workers' Union, Durgapur Unit.

Issue

Whether termination of service of Shri K. D. Banerjee is justified? To what relief, if any, is he entitled?

On receipt of the reference notices were sent to both parties by this Tribunal and they appeared on 3rd June 1968. The Union filed its written statement on 20th June 1968, and the Company filed statement on 26th July 1968. The case was taken up for hearing on 10th December 1968. The concerned workman, namely, Shri K. D. Banerjee himself deposed and the Company examined one witness, namely, Shri K. Natarajan, the Commercial Manager of the Company. Some documents were admitted in evidence by both sides and they were marked exhibits. O.P.W. 1 Shri Natarajan was cross-examined on 20th December 1968 and both parties advanced their argument at length on that date.

The case of the Union, inter alia, is that Shri K. D. Banerjee was appointed by the Company on 15th April 1965, as General Assistant with specified duties relating to Shipping and Stores of the Company, at their Site Office in the Durgapur Steel Plant and he was confirmed in service on 26th October 1965. On 11th August 1965 the Company guaranteed Mr. K. D. Banerjee continuance of service till the completion of the Company's contract with Hindusthan Steel Ltd. On 10th April 1967, the Company issued a letter desiring to terminate his service from the end of May 1967, on the plea that the contract of the Company with Hindusthan Steel Ltd. was coming to successful conclusion and the Company offered to pay one month's salary in advance to Mr. Banerjee. The latter took payment of the pay in good faith trusting the statement of the Company to be genuine. Mr. Banerjee, however, raised his claim regarding payments towards privilege leave salary and other dues but this claim was not paid heed to. Thereafter it came to light that the Company had played a trick upon Mr. Banerjee under the plea of completion of the contract with Hindusthan Steel Ltd. as the Company not only continued to function but also gave fresh appointment. It is alleged that one Shri B. Banerjee was appointed on 8th September 1966 as Stores Clerk to assist Mr. K. D. Banerjee and is still continuing in service and he has subsequently been awarded increment of Rs. 50. The Union, therefore, alleges that the termination of the service of Shri K. D. Banerjee is unjustified and violates the principle "Come last go first" and it prays for his reinstatement and other benefits.

In the written statement the case of the Company in brief is that Shri K. D. Banerjee was employed on a temporary basis for a period of 3 months only with effect from 19th April 1965 at a monthly salary of Rs. 400 and he agreed to serve the Company upon such terms and conditions. Thereafter on 17th July 1965, the Company extended the service of Shri Banerjee as General Assistant for a further period of 3 months from 19th July 1965, on the same terms and conditions on a temporary basis. Next, by letter, dated 26th October 1965, the Company confirmed his appointment as General Assistant with effect from 19th October 1965 at a monthly salary of Rs. 400 consolidated and with the express stipulation that the service was liable to be terminated by one month's notice on either side, or one month's salary in lieu of notice. Shri K. D. Banerjee accepted the terms of this employment. Afterwards on or about the month of August 1966, the Company informed Shri Banerjee that his employment as a General Assistant made on a temporary basis could not be extended any further after the completion of a contract whereunder the Company had agreed to erect a Skelp Mill Plant at Durgapur for Messrs. Hindusthan Steel Ltd. and which construction was then well under way. The contract between the Company and Shri Banerjee regarding the terms of his employment under the Company was subsequently recorded in a letter, dated 11th August 1966, sent by the Company to Shri Banerjee who received and accepted the same without protest. Meanwhile the Company was busy erecting the said Skelp Mill Plant under the said contract with Hindusthan Steel Ltd. and by the beginning of February 1967, the Company had all but fulfilled its part of the obligation thereunder by erecting the same in accordance with agreed specifications. In the beginning of April 1967, on seeing that the completion of the said contract was near at hand, the Company duly served a notice in writing, dated 10th April 1967, on Shri Banerjee communicating its intention to terminate his service with effect from the end of May 1967. The Company asserts that the service of Shri Banerjee was terminated by this notice in good faith and in full compliance with the terms and conditions of service. Shri Banerjee himself accepted this termination without protest and on or about 11th April 1967, he received Rs. 800 in cash from the Company in full and final settlement of his salary up to 31st May 1967. The

Company denies that it played any trick on Shri Banerjee as alleged. Regarding Shri B. C. Banerjee the case of the Company is that he has a mechanical bend of mind and he was transferred by the Company from Stores Department where he had been working under Shri K. D. Banerjee and where there is no work now with the completion of the Skelp Mill Plant, to a different department to assist the Company's Installation Engineer, which job requires high degree skill and technical efficiency. Shri K. D. Banerjee has not and never had any technical or scientific skill or knowledge. The Company denies that the services of Shri Banerjee were terminated in violation of any guarantee as given to him as alleged or that this termination is against any principle of natural justice.

Admittedly Shri K. D. Banerjee was appointed by Loewy Robertson Engineering Co. Ltd. as a General Assistant on a consolidated salary of Rs. 400 per month on a temporary basis for a period of 3 months in the first instance with effect from 19th April 1965, as will appear from the letter Ext. 1=Ext. G, dated 15th April 1965. Thereafter the Company confirmed him by letter, dated 26th October 1965 (Ext. 2=Ext. I) at the same salary of Rs. 400 per month consolidated. It is specifically stated in this letter that he will not be entitled to any extra or allowances towards conveyance, house rent, etc., and he will not be allowed any pay in lieu of privilege leave not taken. The terms of this letter further provide that the appointment is subject to one month's notice in writing on either side, or one month's salary in lieu of notice. Next, by a letter, dated 11th August 1966 [Ext. 3=Ext. 1(i)] the Company stated that Shri Banerjee had been specifically appointed to assist it in its contract with Messrs. Hindusthan Steel Ltd. for the erection of the Skelp Mill Plant in the Durgapur Steel Plant and accordingly he was advised that his appointment would naturally terminate on the completion of contract of the Company with Hindusthan Steel Ltd. It was further stated in this letter that he would be given not less than one month's notice before his appointment was terminated. Ultimately the Company terminated the service of Shri Banerjee with effect from the end of May 1967, by letter Ext. 4=Ext. J, dated 10th April 1967. The Company has said in this letter that the contract on which it was engaged was slowly coming to a successful conclusion and had reached the stage when the volume of work was becoming considerably less and so the Company had to cut its staff according to the work load. Shri Banerjee was told in this letter that he might leave immediately if he so desired in which case also the Company would grant him full salary up to the end of May 1967. It appears that Shri Banerjee on 11th April 1967, accepted Rs. 800 in full and final settlement of his salary up to 31st May 1967, by signing an acknowledgment Ext. K. These letters have been made annexure to the written statements filed by both sides in this case.

The case of Shri Banerjee is that the contract of this Company with Hindusthan Steel Ltd. is not yet complete and accordingly the Company wrongfully terminated his service. The Company on the other hand pleads that by the beginning of February 1967, the Company had fulfilled its part of the obligation for the contract with the Hindusthan Steel Ltd. by erecting the Skelp Mill Plant in accordance with the agreed specifications.

As regards the erection of the Skelp Mill Plant Shri Banerjee says that by the month of April, 1967 the Skelp Mill Plant was almost ready as he saw from outside but he cannot say if any work was going on inside the plant at that time. According to O.P.W. 1 Shir K. Natarajan, Commercial Manager of this Company, when the service of Shri Banerjee was terminated by letter, dated 10th April 1967, the Company had completed the erection of the Skelp Mill Plant. He has said in cross-examination that the Skelp Mill Plant was inaugurated on 4th July 1968 by Shri Murarji Desai, Deputy Prime Minister of India.

Shri Banerjee was no doubt appointed at the first instance on a temporary basis but admittedly he was confirmed in that post with effect from 19th October 1965, by letter Ext. 2=Ext. I, dated 26th October 1965. In this letter there is no doubt a clause that the service is subject to termination by one month's notice in writing on either side, or one month's salary in lieu of notice, but there is nothing to show how long the service of Shri Banerjee would last. In a subsequent letter, dated 11th August 1966 [Ext. 3=I(i)], the Company has definitely stated that the appointment of Shri Banerjee would naturally terminate on the completion of the contract of the Company with Hindusthan Steel Ltd. as he had been specifically appointed to assist the Company in its contract with Hindusthan Steel Ltd. for the erection of the Skelp Mill Plant in the Durgapur Steel Plant. The learned Counsel for the Company argued that according to this letter, dated 11th August 1966, that Shri Banerjee was appointed to assist the Company in its contract with Hindusthan Steel Ltd. for the erection of the Skelp Mill Plant and, therefore, the Company was justified to terminate his service as soon as the erection of the Skelp Mill Plant was complete. But it is apparent from the documents produced by the Company that the contract of this Company with Hindusthan Steel Ltd. was not completed with the erection of the Skelp Mill plant. Ext. A is the agreement between Hindusthan Steel Ltd. and the present Company and Ext. B is the quotation No. EC 8055, dated 9th March 1965. In this quotation it has been specifically stated in clause 1 of the "Conditions of Contract" that the contract of this Company with Hindusthan Steel Ltd. shall comprise 2 parts; Part 1 being erection of the Employer's Skelp Mill Plant and buildings and Part II being provision of specialists to supervise the commissioning of the plant by the staff and operators of the employer. It is further stated in this quotation that this contract will cover both Parts I and II. In clause 2 of the "Conditions of Cantract" there is a provision that the erection will include taking delivery, unpacking and preparing equipment, etc., for erection, placing, levelling and aligning the equipment, etc., running in and preparing for commissioning. O.P.W. 1 Shri Natarajan has admitted these terms as appear in the contract between the Company and Hindusthan Steel Ltd. It is obvious from these documents that the contract between the Company and Hindusthan Steel Ltd. continued even after the Skelp Mill Plant had been constructed inasmuch as the Company had to commission this plant by the staff and operators of the Hindusthan Steel Ltd. in terms of the same contract. It may be noted that in the letter Ext. 7, dated 8th April 1968, the Company has written to another employee Shri S. C. Dutta that the Skelp Mill Plant is being commissioned now and will be handed over to Hindusthan Steel Ltd. shortly. In this letter Shri S. C. Dutta was given similar advance information of termination of his service like that given to Shri Banerjee by

Ext. 3, dated 11th August 1966. It is significant to note that even in April 1968, the Commissioning of the plant was not complete as will appear from the letter Ext. 7.

Though the contract between this Company and Hindusthan Steel Ltd. comprises two separate parts, it was only one contract as will be evident from the quotation produced by the Company. In the letter Ext. E, dated 3rd April 1967, by the Resident Engineer of this Company to the Zonal Engineer, Mills Zone (Mech), Durgapur Steel Plant, it is said that some of the items as shown in the annexed list were mechanically complete. This letter was written after a meeting between some officers of the present Company and the Hindusthan Steel Ltd. on 10th March 1967, and the report of this meeting is Ext. E(i). From these two documents also it appears that even in April 1967, the plant had not been commissioned and tests were going on. Moreover, I have already shown that from the Company's own letter Ext. 7 it appears that the commissioning of this Skelp Mill Plant had not been completed even in April 1968. Therefore the contract between this Company and Hindusthan Steel Ltd. for the erection of the Skelp Mill Plant was not complete at the time of the termination of Shri Banerje's service. The Company definitely stated in the letter Ext. 3, dated 11th August 1966, that the appointment of Shri Banerjee would naturally terminate on the completion of the contract of the Company with Hindusthan Steel Ltd. as he had been appointed to assist the Company in its contract with Hindusthan Steel Ltd. for the erection of the Skelp Mill Plant. It appears, therefore, that the service of Shri Banerjee was terminated in violation of the terms of this letter Ext. 3=I(i).

I may also point out that one Shri B. C. Banerjee was appointed to help Shri K. D. Banerjee in his work and this B. C. Banerjee is still continuing in his service under the present Company at Durgapur. Shri K. Natarajan has categorically said in his examination-in-chief: "I know Shri B. C. Banerjee who was an assistant to help Mr. Banerjee. He is still in service with us." He did not deny the case of the Union in the pleading and in evidence that Shri B. C. Banerjee was appointed after the appointment of Shri K. D. Banerjee. In cross-examination Shri K. Natarajan admits that Shri B. C. Banerjee was appointed to help Shri K. D. Banerjee though he says "not solely to help him". He further admits in cross examination that it may be that at the time of appointment the designation of Shri B. C. Banerjee was "Store Clerk". It is admitted that Shri B. C. Banerjee has been retained even after the termination of the service of Shri K. D. Banerjee, though both of them were appointed in general service and Shri K. D. Banerjee was appointed earlier than Shri B. C. Banerjee. It is said by the Company in its written statement that because Shri B. C. Banerjee has a "mechanical bend of mind" so he was retained to help the Installation Engineer of the Company in the work of commissioning the Skelp Mill Plant. I cannot understand what this company wants to mean by the word mechanical bend of mind. There is nothing to show that Shri B. C. Banerjee has any technical knowledge. Shri K. Natarajan also admits in cross-examination that Shri S. C. Dutta was appointed as a clerk subsequent to the appointment of Shri B. C. Banerjee and the service of Shri S. C. Dutta was terminated on 6th June 1968. This Company has, therefore, clearly violated the principle of "last come first go" rule in terminating the service of Shri K. D. Banerjee before the termination of the services of Shri S. C. Dutta and Shri B. C. Banerjee.

Under clause (b) of section 25F of the Industrial Disputes Act no workman employed in any industry who has been in continuous service for not less than one year shall be retrenched unless he has been paid retrenchment compensation as provided in that clause. But in this case the Company did not pay any retrenchment compensation to Shri Banerjee. Again under clause (c) of section 25F notice in the prescribed manner is to be served on the appropriate Government by the Company before retrenchment of such a workman. But there is no evidence that any such notice was served by the Company on the Government.

On a consideration of these facts and circumstances it appears that the Company wrongfully terminated the service of Shri K. D. Banerjee. Shri Banerjee has prayed for reinstatement but I do not like to pass an order for reinstatement as the work of the construction and commission of the Skelp Mill Plant is almost complete if not already completed by this time. Shri Banerjee is no doubt entitled to some compensation for wrongful retrenchment. The Union has produced a letter from the Deputy Labour Commissioner to the Company (Ext. 6, dated 24th February 1968) from which it appears that conciliation preceeding was held before him and the Company admitted in that proceeding that erection of the plant was not completed till December 1967. The Deputy Labour Commissioner, therefore, suggested that the Company should pay Shri Banerjee 7 months' pay from June to December 1967. Of course, he has also suggested payment for some additional benefits like salary in lieu of unclaimed leave, bonus, etc.; but I have already shown that under the letter of confirmation of service Shri Banerjee was not entitled to these benefits. It was argued by the learned Counsel for the Company that Shri Banerjee did not raise any claim before the Company immediately after the termination of his service. But it was elucidated from him in cross-examination that he wrote a letter on 25th June 1967 to the Local Administrative Manager of the Company at Calcutta making his claim. Shri Banerjee says that he waited for some time and then he wrote this letter. In the Industrial Disputes Act there is no provision for limitation in making claim. I, therefore, find that the Company should pay Shri K. D. Banerjee Rs. 2,800 by way of wages for 7 months as suggested by the Deputy Labour Commissioner within one month from the date of publication of this award in the official gazette.

AWARD

This case arises out of a referrence under section 10 of the Industrial Disputes Act, 1947, made by the Governor of West Bengal under Government of West Bengal, Labour Department, order No. 2590-I.R./IR/11L-223/67, dated the 16th June 1967. On the issue mentioned hereunder there having existed an industrial dispute between Messrs. Bharat Dyers and Dry Cleaners (hereinafter called the Company) and their workmen represented by Laundry Workers' Union (hereinafter called the Union), the Governor was pleased to make the aforesaid reference to this Tribunal for adjudicating the dispute.

Issue

Payment of Gratuity to Shri Rose Mohammad.

On the receipt of the order of reference this case was started on 1st July 1967 and parties were called upon to appear before this Tribunal and to file their written statements. The parties duly filed their written statements and the case became a contested one. The Tribunal fixed various dates for taking preliminary steps in the case preparatory to the final hearing of the case. Shri S. R. Ghose, Advocate, appeared for the Union and Shri B. Ash, Advocate, appeared for the Company on 24th July 1968 which was a date for final hearing of the case, and they filed a joint petition praying for an adjournment on the ground that a talk of settlement was going on between the parties. Afer hearing the learned Advocates of both sides, the Tribunal adjourned the hearing so that the parties may come to a negotiated settlement regarding the dispute. On 19th September 1968 Shri B. Biswas, Advocate, appeared for the Union with a petition for adjournment on the ground that Shri S. R. Ghosh, authorised lawyer for the Union, was taken suddenly ill. The Union was directed to serve a copy of the petition on the other side and 24th September 1968 was fixed for hearing of the case. Then the case was fixed for hearing on 11th November 1968. On that date Shri S. R. Ghosh, Advocate, appeared for the Union and Shri B. Ash, Advocate, appeared for the Company and filed a joint petition of compromise. The Tribunal then reserved its order.

I have perused the joint petition of compromise filed by the parties. For the Union the joint petition of compromise has been signed by Shri Sibnath Chatterjee, Vive-President, and another. For the Company one of the partners has signed the joint petition of compromise. On perusal of the petition of compromise filed by the parties I find that the terms of compromise are fair and reasonable. Therefore, accepting the petition of compromise, I hereby pass this compromise award and dispose of this case. As prayed for by the parties, the joint petition of compromise is made hereby a part of this award and it will be published as annexure 'A' to this award.

Usual number of copies of this award be sent to the State Government for necessary action.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. D. C. De & Sons and their workmen represented by Howrah Small Factories Workers' Union, 144 Netaji Subhas Road, Howrah, to this Court by its order No. 3230-I.R./IR/10L-222/67, dated 15th July 1967, under section 10, Industrial Disputes Act, on the following issue:—

Issue

Whether lock-out of the factory with effect from 7th April 1967 is justified? To what relief, if any, are the workmen entitled?

Usual notices were served upon the parties directing them to appear on 25th August 1967, and the Union to file its written statement by that date. The Union appeared on that date and filed an authority authorising Shri S. R. Ghose, Advocate, to represent its case. The Union also filed a petition praying for time for filing of written statement which was allowed by my order No. 3, dated 25th August 1967, fixing 15th September 1967, for filing written statement by the Union, on which date the Union filed its written statement. The O. P.-Company also filed an authority authorising Shri D. K. Das Gupta, Advocate, to represent its case. By my order No. 4, dated 15th September 1967, the O. P.-Company was directed to file its written statement by 30th September 1967 and the Company was absent on that date, when by my order No. 5, dated 30th September 1967, time for filing written statement was extended up to 25th October 1967. The O.P.-Company took time on several occasions and ultimately filed its written statement on 15th December 1967.

The Union's case is that the Seventh Industrial Tribunal passed an award in an industrial dispute between the O. P.-Company and its workmen under order of reference No. 3537-I.R./IR/10L-97/62, dated 6th August 1962, and that award was published in the "Calcutta Gazette" on 30th January 1967. The workers of O. P.-Company approached the management of the O. P.-Company for increasing their wages in accordance with the award. The management refused to furnish work to the workers of the Moulding Section on or about 24th March 1967 except on condition that the workers would drop their claim for the implementation of the abovesaid award. The Union made a representation to the Assistant Labour Commissioner, Howrah, in the matter by its letter, dated 27th March 1967. Thereafter the Secretary of the Union made another representation to the Deputy Labour Commissioner, Government of West Bengal, on or about 31st March 1967 for his intervention and necessary implementation of the abovesaid award. The workers of the O. P.-Company submitted a Charter of Demands on 5th April 1967 demanding implementation of the abovesaid award. The O. P.-Company refused to furnish work to their workmen on 7th April 1967 and thereby declared lockout without giving any notice and without showing any reason whatsoever. The O. P.-Company also charge-sheeted Shri Gopal Chandra Das, one of the prominent pioneers and signatories in the Charter of Demands, dated 5th April 1967. The earned and due wages of the workers for the months of March and April 1967 were withheld by the O. P.-Company. Thereafter the Union made a reference to the Labour Department, Government of West Bengal, as a result of which the present order of reference has been made.

The O. P.-Company's case is that there was a stay-in-strike/strike and no lockout at the relevant point of time. The Union named as Howrah Small Factories Workers' Union is a stranger Union and cannot espouse the present dispute. On 5th April 1967 at about 9-45 a.m. a Charter of Demands was submitted to the O. P.-Company by D. C. De & Sons Worker's Union giving an ultimatum that they would go in strike, failing implementation of the Chater of Demands within 48 hours. Thereafter the workers went on stay-in-strike from 8 a.m. of 7th April 1967 even before the expiry of 48 hours' ultimatum. Shri S. N. De, senoir partner of the O. P.-Company called two representatives of the workers to discuss the matter for settlement, who came at his residence at about 10-30 a.m. and expressed their inability to settle the matter. Shri S. N. De requested them to discuss with their fellow workers and to arrange for a settlement, but they never came back. It is specifically denied that the management refused to give work to the workers of the Moulding Section on or about 24th March 1967 as alleged. The stay-in-strike started on 7th April 1967 and continued till 20th September 1967 and there was never any lock-out as such.

Decisions

The O. P.-Company filed a petition for preliminary hearing on 6th February 1968 urging for a preliminary hearing on the point whether there was a lock-out of the factory with effect from 7th April 1967, or there was a stay-in-strike. By my order No. 11, dated 6th February 1968, I rejected the petition for preliminary hearing as the point raised was a clear question of fact and could very well be taken up for hearing at the time of final hearing on merits.

The learned lawyer for the O. P.-Company urges that there was no lock-out of the factory with effect from 7th April 1967 and in fact there was a stay-in-strike by the workers. He has also urged that the sponsoring Union is a stranger Union and the order of reference is not proper as the stranger Union has not observed the formalities in espousing the present industrial dispute. I take up the second point first.

The learned lawyer for the O. P.-Company relies upon the decisions reported in 1963(1) LL.-J., 163 and 1965-I, LLJ., 95 to urge that when a Union unconnected with the employer industry takes up the cause of the workmen, the Labour Court must see whether the stranger Union has the backing, sympathy and collaboration of the majority or a large section of the workers employed in the particular industry. Both these decisions relate to cases where individual disputes were espoused by a stranger Union and the law has been laid down as to specify the circumstances when even a stranger Union can espouse the cause of an individual workman by which the individual dispute transforms itself to an industrial dispute. The learned lawyer for the Union relies upon the recent decision reported in 1968(17) F. L. R. Parts 6 and 7 191, wherein it has been held that "where the dispute which was referred to the Tribunal related to gratuity scheme sought to be introduced for the benefits of all the workmen employed in a particular Company, it was perse an industrial dispute. No espousal or support was needed for such a dispute." It has been also held therein that—"It would appear that the conditions of espousal or of a body or a considerable section of the workmen making a common cause with the particular dispute arises when individual dispute per se is of the nature of an individual dispute concerning a particular workman as opposed to collective dispute involving all the workmen."

The present dispute relating to lock-out of the factory by the O. P.-Company is clearly per se an industrial dispute and no question of backing of a substantial portion of workmen employed under the O. P.-Company, because of sponsoring of the dispute of a stranger Union, arises in the present case. This apart, the Union has adduced evidence through its Secretary P.W. 1 that the workmen serving under the O. P.-Company are members of the Union. Ext. 1 is an endorsement showing that workmen serving in the factory of the O. P.-Company were made members of the Union. Ext. 2 is an extract of conciliation proceedings, dated 26th September 1967 and shows that P.W. 1 is the Secretary of the Union representing the workmen in the joint discussion with the O. P.-Company and as a result an agreement was reached in the matter of bonus. P.W. 2 is a member of the Union and also served under the O. P.-Company. He has proved his signature as Ext. 5 in an application to the Union for admitting the signatories to the membership of the Union. He has noted the other workmen to sign in his presence in the petition. These signatures have been marked as Exts. 5 series. Ext. 6 is the Charter of Demands sent to the O. P.-Company and is under the signatures of 9 workmen on behalf of D. C. De & Sons Small Factory Union. The learned lawyer for the O. P.-Company urges that this shows the existence of a different Union. I do not accept this fact in view of Ext. 2, the extract of conciliation proceedings. On the existing evidence, I am satisfied that even this present industrial dispute had the support of a substantial number of workmen serving under the O. P.-Company.

So I find that though the espousing Union of the present industrial dispute is a stranger Union, the present dispute is per se an industrial dispute and has been supported by a substantial number of workmen serving under the O. P.-Company and so the order of reference is quite legal and valid, the stranger Union having a locus standi to sponsor the present industrial dispute.

Then to the case on merits.

The Union has examined only two witnesses including the Secretary of the Union as P.W. 1 and another member of the Union as P.W. 2. The Secretary of the Union states in his examination-in-chief that the O. P.-Company declared a lock-out in their factory since 7th April 1967. He has also proved certain documents. Ext. 3 is a copy of the representation to the Assistant Labour Commissioner, dated 27th March 1967, as to closure of the factory on 24th March 1967 without notice. Ext. 3(a) is another representation to the Assistant Labour Commissioner, dated 11th April 1967, complaining that the management did not furnish any work to the workmen since 7th April 1967. It has been categorically alleged in this representation that the workmen took to stay-in-strike because of the act of the management in not furnishing work to them. Ext. 3(b) is a copy of another letter by the Union to the O.C., Bantra, P.S., dated 21st August 1967. Ext. 4 is the copy of a latter. sent to the O. P.-Company, forwarded to the Secretary of the Union by the Labour Officer, Howrah, by his Memo. No. 3096, dated 15th May 1967. It has been also stated therein that the workmen were compelled to resort to stay-in-strike from 7th April

1967 and the same was continuing till that date. Ext. 6 is the Charter of Demands, dated 5th April 1967, wherein the workmen gave 48 hours' ultimatum for implementation of their demands. Ext. 7 is a notice sent to P.W. 2 by the O. P.-Company, dated 7th April 1967, notifying that his monthly wages remained withheld. P.W. 2, however, has also denied that the workmen resorted to stay-in-strike since 7th April 1967. O.P.W. 1 is one of the Partners of the O. P.-Company. He has categorically stated that the workmen started stay-in-strike since 8 a.m. on 7th April 1967 even before completion of 48 hours' ultimatum sent by the workers by their Charter of Demands Ext. 6, dated 5th April 1967. He has also denied the fact of closing down the factory by declaring lock-out on the workmen's giving them an ultimatum for resorting to strike. O.P.W. 2 is an orderly peon of the court of S.D.O., and brought the records called for, which he could not prove. O.P.W. 3 is a Bench Clerk of the Court of S.D.O., Sadar, Howrah, and proves the petition of complaint filed in the court of S.D.O., Howrah, by O.P.W. 1 which has been marked Ext. D. He has also proved the report of enquiry filed in the criminal case by Sub-Inspector of Police, Bantra P.S., and the report of the Labour Officer filed in that case, which have been marked as Exts. E(1), and E respectively. Ext. A is the copy of a letter of the O. P.-Company sent to the Labour Commissioner, dated 7th April 1967, in which it has been alleged that the workers resorted to a stay-in-strike since 8 a.m. that day. Ext. A(1) is almost a copy of that letter sent to the O.C., Bantra P.S. Ext. B is the original letter of the Labour Officer, dated 15th May 1967, sent to the O. P.-Company, of which Ext. 4 is a copy. Ext. D is a petition of complaint filed by O.P.W. 1 in the court of S.D.O., Sadar, Howrah and has been replaced by a certified copy. It appears that O.P.W. 1 made a complaint as to stay-in-strike by the workers on 7th April 1967 since 8 a.m. Ext. E(1) is a copy of the letter Ext. B and Ext. 4. That also has been replaced by a certified copy. Ext. E is the report of enquiry by the police and has been replaced by a certified copy, wherein it has been reported that the workers launched strike and also stayed within the premises of the factory since 7th April 1967. P.W. 2 himself has admitted in his cross-examination that the workers remained inside the factory since 7th April 1967 for a number of days.

The learned lawyer for the O.P.-Company has relied upon the decision reported in 1962-II, L.L.J., 227 to urge the distinction between a strike and a lock-out. The learned lawyer for the Union relies upon the decision reported in 1960-II LL. J., 78 and 1964 (1) LL.J. 436 to urge the justifiability of resorting to a strike in certain cases. All these decisions are extraneous matters for the purpose of the present case. The real question is whether there was a lock-out of the factory on 7th April 1967 or not. It has been admitted by the P.W. 2 himself that the workmen ramained within the factory premises for about 25 days till the receipt of the letter from the Labour Commissioner. He must have referred to the letter Ext. 4, dated 15th May 1967, of which Ext. B is the original. I have also shown above that a copy of this letter was filed in the criminal case and Ext. E(1) is nothing but a copy of that letter. It would appear that the Labour Officer has clearly stated that the workmen were compelled to resort to stay-in-strike since 7th April 1967. It would appear even from Ext. 3(a) that the Union Secretary himself has stated in his representation, dated 11th April 1967, that the workmen resorted to stay-in-strike, when the management did not furnish them any work on 7th April 1967.

It has been so found even in the police report Ext. E. It is thus conclusively established that the workmen resorted to stay-in-strike. In the other hand, there is no competent evidence that the O. P.-Company really declared a lock-out of their factory. Even this fact of declaring lock-out has not been mentioned in the Union's representation Ext. 3(a), dated 11th April 1967.

On the above descussion, I am bound to hold that the Union has failed to establish by competent evidence that there was any lock-out of the factory and its stand conclusively proved that the workmen resorted to a stay-in-strike since 7th April 1967.

It is true that there is ample evidence on record that the management did not furnish work to the workmen on 7th April 1967, but that itself does not amount to declaring a lock-out of the factory. What is a lock-out has been categorically stated in the decision reported in 1962-II, LL.J. 227.

On the discussions above, I accept that there was no lock-out of the factory with effect from 7th April 1967 and there was a stay-in-strike. Whether the stay-in-strike was justified because of refusal of work to the workmen by the management does not lie within the scope of the present reference.

As I find that there was no lock-out of the factory with effect from 7th April 1967, there is no question of justification or otherwise of the alleged lock-out. The first part of this issue is so dispose of.

On my findings above, the workmen cannot be entitled to any benefits and so the second part of the issue is answered in the negative.

An award be passed accordingly holding that there was no lock-out of the factory with effect from 7th April 1967 and so no question arises as to the justification of the alleged lock-out or otherwise. It is also hold that the workmen are not entitled to any benefits.

This is my award.

In the matter of an industrial dispute between Messrs. Hamilton & Company (P) Ltd., 8 Old Court House Street, Calcutta-1 and their workmen represented by Hamilton Jewellery Workers' Union, 19/2 Pitambar Ghatak Lane, Calcutta-27. (G. O. No. 1654-I.R., dated the 24th April 1967.) (VIII-222/67.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri T. K. BANERJEE, Judge,
Fourth Industrial Tribunal.

For the Union : Shri D. L. Sen Gupta, Advocate.

For the Company : Shri B. Chowdhury, Counsel.

The Government of West Bengal, Labour Department, by its order No. 1654-I.R./IR/11L-147/66, dated 24th April 1967, referred this industrial dispute between Messrs. Hamilton & Company (P) Ltd., 3 Old Court House Street, Calcutta-1, and their workmen represented by Hamilton Jewellery Workers' Union, 19/2 Pitambar Ghatak Lane, Calcutta-27, to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issues :

Issues

1. Grades, scales and pay and fitting in of the present pay in the scale ;
2. Dearness Allowance ;
3. House Rent Allowance ;
4. Medical benefit for those who are not covered by E. S. I. Scheme.

After service of notice both the parties appeared and filed their respective written statements.

The case of the Hamilton Jewellery Workers' Union (hereinafter referred to as the Union), as made out in their written statement is in substance that Messrs. Hamilton & Company (P) Ltd. (hereinafter referred to as the Company), which is a prosperous and well-established jewellery concern, earns extremely handsome profit every year and is a member of the Bengal Chamber of Commerce. The Company employ's about 115 workmen of whom 50 are salaried staff and the rest work on piece rate basis. The workmen are paid very low wages, both basic and dearness allowance, which compel them to live in a semi-starving condition; and they are entitled to fair wages, i.e., a fair margin over the minimum wages on the basis of the stable financial condition of the Company. The scales of pay of the workmen except the clerks and engravers had not been revised since the award of 1950 though the paying capacity of the Company has improved much since then and the circumstances like rise in price index, increase in national income, increase in wages in the Dalhousie Square area have also changed. It is the case of the Union that the minimum basic pay of an unskilled worker should be fixed at Rs. 50.4 per month, and the minimum basic pay of a clerical staff at Rs. 90 per month. According to the Union the existing wages prevailing in the Company is too low and the grade and scales of pay should be revised on scientific basis. The existing rate of dearness allowance for clerical staff is fixed at 75 per cent. of the basic pay per month and for other than clerical staff at Rs. 47.50 per month at a flat rate. According to the Union the minimum dearness allowance should come up at least to Rs. 84 per month for all categories of workmen. House rent allowance for the workmen and introduction of E.S.I. Scheme to all classes of workmen or, in other words, introduction of medical benefit for those who are not covered by E.S.I. Scheme have also been claimed. In the written statement the Union has stated that they have terminated all subsisting awards and agreements and have duly placed their charter of demands to the Company on 5th April 1966. On the basis of the said charter of demands the Union has claimed (i) grades, scales of pay and fitting in of the present pay in the scale according to Annexure 'A' to their written statement with effect from 5th April of 1966, the date of the demand, (ii) Bengal Chamber of Commerce Scheme of dearness allowance may be awarded for all categories of workmen with effect from the said date, (iii) House-rent allowance at the rate of Rs. 30 per month for those drawing basic pay below Rs. 100 and Rs. 45 to the rest, and (iv) the workmen not covered by E.S.I. Scheme should be given free medical benefit, viz., free medical advice, free medicine, free hospitalisation, free injections and the like both for self and the family.

The case of the Company as made out in their written statement is, in substance, that the wages and dearness allowance paid by the Company to its workmen are on the basis of various awards of the Tribunals made from time to time and the settlements arrived at in the conciliation proceedings, that the last settlement was arrived at on 27th August 1964, and that the wages paid by the

Company are quite reasonable. The Company's allege huge paying capacity is also denied. The Company has pointed out that by the award of the Industrial Tribunal, dated 3rd March 1950, the pay scales and dearness allowance of all the categories of workmen except the clerical staff and the modellers and designers were fixed; and the dearness allowance under this award was fixed at Rs. 30 per month at a flat rate. On 3rd December 1951 an agreement was arrived at in the conciliation proceedings between the workmen and the Company whereby the dearness allowance was raised to Rs. 35 per month with effect from 1st December 1951. Notwithstanding the said agreement the Union made certain demands again in 1952 for revision of existing scales of pay so as to give relief to the employees who had reached the maximum of their scales, and for fixation of scales for designers and modellers, but the said demands were rejected by the Tribunal in an award, dated 20th July 1952, on the ground that by reason of the said agreement, dated 3rd December 1951, the Tribunal had no jurisdiction to adjudicate on the said issues. On 7th January 1958 the Government referred an industrial dispute between the Company and their workmen to the Industrial Tribunal for adjudication on three issues, namely, (i) minimum wages and scales of pay, (ii) dearness allowance, and (iii) medical aid. By the award of the said Tribunal which was published in the "Calcutta Gazette, Extraordinary", dated February 19, 1959, the scales of pay for clerks, typists, stenographers, modellers and designers were laid down but the Tribunal refused to interfere with the then existing scales of basic pay in respect of the other categories of workmen whose scales of pay were fixed by the previous award. Dearness allowance was, however, raised from Rs. 35 to Rs. 40 per month.

On 15th January 1964 the Union submitted another charter of demands; and in the conciliation proceedings in respect thereof an agreement was arrived at between the parties on 27th August 1964 whereby the Company raised the dearness allowance of those persons who were receiving Rs. 40 per month to Rs. 47.50 per month and those who were receiving on percentage basis their dearness allowance was raised by 5 per cent., i.e., from 70 per cent. to 75 per cent. These increments in the dearness allowance were given effect to from 1st August 1964 and the Union withdrew all other claims and demands and also agreed not to make any economic demand up to 31st December 1965. The Company has stated further that after the present charter of demands was placed by the Union on 5th April 1966, the Company by its letter, dated 30th August 1966, written to the Assistant Labour Commissioner made certain offers without prejudice; and these offers were annexed to the said letter and marked with the letter 'X'. The Company has also opposed the other claims made by the Union. Lastly, the Company has submitted that if the revision of grades and scales of pay of the workers mentioned in the reference is called for, then it should be according to the offers made by the Company in its letter, dated 30th August 1966, referred to above.

I shall now proceed to discuss the evidence adduced by the respective parties and the merits thereof regarding each issue seperately.

Issue No. 1:

It is submitted on behalf of the Union that the workmen concerned in the present dispute are paid very low wages, and that they are entitled to fair wages, i.e., a fair margin over the minimum wages in view of the stable financial condition of the Company. It is submitted further that their scales of pay have not been revised since the award of 1950 (Ext. B) although the paying capacity of the Company has improved much since then, and the circumstances, such as, rise in price index, increase in national income, increase in wages in the Dalhousie Square area have changed. In support of its claim the Union has relied on the Consumer Price Index Number for working class in Calcutta area, Exts. 4, 4/a and 5/a. It is true that revision of pay scales and wages of workers covered by an award cannot be entertained without proof of change in circumstances. In the instant case the Company, which is a reputed jewellery firm in the city of Calcutta, has not seriously challenged that the circumstances have now changed since the passings of the award in 1950. It is contended on behalf of the Company that in view of its present financial condition and gloomy future of the industry as a whole, it is unable to pay the workers more than what they have already offered by their letter, dated 30th August 1965, Ext. E (same as Ext. 2). In support of their case the Company have produced their Balance-Sheets for the financial years 1962-63 to 1965-66 (Ext. A to Ext. A/3). They have also produced two awards, Exts. B and B/1, in respect of the instant Company. Another award, Ext. B/2, in respect of an industrial dispute between Messrs. Cooke and Kelvey Ltd. and their employees has also been produced on behalf of the Company; and it has been urged that it should be taken as only comparative unit only in fixing wages of the instant Company.

In Annexure 'A' to its written statement the Union has given in a tabular form the existing scales of pay, since 1950, of the different categories of workmen concerned in this dispute, the Union's demands and the Company's offer. There is no dispute regarding the correctness of this chart. The law is well-settled that to determine fair wages, the important factors are the capacity of the industries to pay and the prevailing rates of wages, and that these are to be appraised on the footing of industry-cum-region basis. In reply to the Company's plea of their financial incapacity to meet the Union's demand, the Union has drawn my attention to the case reported in 1958, I, L.L.J. p. 1 (Messrs. Crown Aluminium Works Vs. their workmen) in which their Lordship of the Hon'ble Supreme Court have held that no industry has right to exist unless it is able to pay its workmen at least bare minimum wages. Their Lordship have further observed that the employment of labour on starvation wage cannot be encouraged or favoured in a modern domecratic Welfare State, and that if an employer cannot maintain his enterprise without cutting down the wages of their employees below even a bare subsistance or minimum wage, he would have no right to conduct his enterprise on such terms. On behalf of the Company my attention has been drawn to a subsequent decision of the Hon'ble Supreme Court reported in 1961, I, L.L.J. p. 339 [Express Newspaper (P) Ltd. and another Vs. Union of India and others] in which the principles of fixation of rates of wages have been clearly laid down. Regarding the principles to be followed in the instant case, there is practically no dispute between the parties. The only dispute is over choice of the comparable unit. It is contended on behalf of the Company that Ext. B/2 namely, the award in the case of Messrs. Cooke and Kelvey Ltd. made in 1953 should be taken as the comparative unit inasmuch as it is in respect of a similar industry and also in the same area. The Union, on the other hand, claims that the wages are to be fixed according to the stable financial condition of the Company.

On the materials of the records I am however not inclined to accept the award, Ext. B/2, as comparable unit in the instant case inasmuch as wages of the workers of Messrs. Cooke & Kelvey Ltd. was fixed thereunder in 1953 on the basis of the financial capacity of that particular company prevailing at that time, within which I have no materials before me nor do I know regarding the categories of workers concerned therein are the same. Moreover, the circumstances have also changed much since 1953. I shall therefore proceed mainly on the basis of the financial capacity or otherwise of the company and consider whether the same is sufficient or not to meet the financial demands of the workmen as made or at all. Regarding the financial condition of the company the most important documents produced before me are the Balance-Sheets for the years 1962-63 to 1965-66 (Exts. A to A/3). It is clear from the Balance Sheets that the company has been making steady profit and that in each of these years their profit exceeded Rupees Four Lakhs. In the Profit and Loss Accounts for the year ending with 31st October 1966, as shown in the Balance Sheet, Ext. A/3, the profit is shown to be Rs. 4,89,759.60 Paise as against Rs.4,05,002.34 Paise made in the previous year. P.W. 2, Bankim Chandra Pandit, the Accounts Assistant Clerk of the company, has deposed that the employees of the company received bonus for the last three years at the maximum rate, viz., 20 per cent. O.P.W. 1, P. N. Coping, one of the Directors of the company, has also admitted that they have paid 20 per cent of their annual earning as bonus out of profit. In appreciating the financial capacity of the company I cannot also overlook the fact that the company being manufacturer of silver, gold and diamond setting has been hit by the abolition of Raja, Maharaja and Princes who are their main customers. In view of the present day high cost of living it is not possible even for the higher middle class to purchase articles of gold and silver. They have to purchase such articles under pressure, such as, occasion of daughters' marriage ; but that also within very limited means. In this background I appreciate that the future of this industry is not as bright as it was in the past. However, the Balance Sheets of the company show that they are making steady profit inspite of these hard days and their profit for the year 1965-66 almost reached Rs 5 lakhs. In these circumstances, I think that the financial condition of the company is certainly sufficient to meet part of the financial demand of the workmen concerned. After considering the facts and circumstances of the present case and in view of what I have stated above, I revise the existing grades and scales of pay in the following manner :

Categories of workers	Existing scale of pay Revised scale of pay	with effect from 1-1-50
Peons, Bearers, Sweepers, etc.	25—1—40	30—1—40—2—60
Case maker	42—1½—51—EB—1½—60	45—1½—60—EB—2—90
Jamader	30—1—45	35—1—45—2—65
Durwans and Night guards	30—1—45	35—1—45—2—65
Silver polisher	30—1—40—EB—1—45	35—1—45—EB—2—75
Gold polisher	35—1—45—EB—1—50	40—1—50—EB—2—60—3—90
Carpenter	48—1½—60—EB—2—70	51—1½—60—EB—2—70—3—112
Wood polisher	30—1—40—EB—1—45	35—1—45—EB—2—75
Odd job repairers	35—1—45—EB—3—75—EB—5—125	40—1—48—EB—3—75—EB—5—175

Regarding fittings of the workmen into these revised grade and scales of pay, their present pay will be the guiding factor. Where the present pay is less than the minimum of a grade or a slab in a grade, that should be pulled up to the next higher pay point. Where the present pay is just below a particular slab in a particular group, that should be pulled up to the next higher point of pay, and then increments will follow. This revised scales of pay will be operative from 1st January 1968, and the next increment will be on 1st January 1969.

Issue No. 2 :

The Union has claimed dearness allowance at the rate allowed by the Bengal Chamber of Commerce in the offices situated at Dalhousie Square area. P.W. 1, Satindra Nath Roy Chowdhury, the Secretary of the Union and an employee of Messrs. Karam Chand Thapar & Bros. Ltd., has deposed that Messrs. Hamilton & Co. (P) Ltd. and Messrs. Karam Chand Thapar & Bros. Pvt. Ltd. are carrying on business in the Dalhousie Square area. It is submitted on behalf of the Union that both these companies should pay dearness allowance at the same rate. P.W. 1 has stated further that mostly in the offices of the Dalhousie Square area Bengal Chamber of Commerce Scheme is followed for dearness allowance. But I am not inclined to accept this contention of the union. P.W. I has admitted in cross-examination that Messrs. Hamilton & Co. (P) Ltd. does not carry on business of the same nature as done by Messrs. Karam Chand Thapar & Bros. Pvt. Ltd., and that there is no definite demarcation of Dalhousie Square area. In my opinion, the offices like Messrs. Karam Chand Thapar & Bros. Pvt. Ltd. situated in the Dalhousie Square area and allowing dearness allowance at the rate of Bengal Chamber of Commerce are in respect of different types of business and cannot be compared with the business in which the present company is engaged. Their scope, financial capacity and future prospect are also different. In these circumstances, I think, I should not allow dearness allowance to the workers of this company at the rate of Bengal Chamber of Commerce but at the same time I am satisfied that they are entitled to some more dearness allowance than what they have been getting at present. From the materials produced before me, I find that there has been adjustment from time to time regarding payment of dearness allowance to the workers of this company. Under the award of the Industrial Tribunal of 1950 (Ext. B.), the dearness allowance was fixed at Rs. 30 per month at a flat rate. On 3rd December 1951 by an agreement between the parties the dearness allowance was raised to Rs. 35 per month with effect from 1st December 1951. Under the award of 1959 (Ext. B/1), the dearness allowance was raised from Rs. 35 to Rs. 40 per month. Thereafter by an agreement, dated 27th August 1964 (Ext. D), the dearness allowance was raised to Rs. 47.50 per month ; and regarding those who were receiving on percentage basis, dearness allowance was raised from 70 per cent. to 75 per cent. Thereafter during pendency of this reference before this Tribunal the workers placed a joint petition before the management (Ext. H), on 3rd August 1967 praying for an 'emergency allowance' at any rate the management thinks fit so that the poor employees may be saved from starvation. In reply, the company issued a notice on 10th August 1967 (Ext. 1), and granted an emergency food allowance of Rs. 12.50 for four months, namely August, September, October and November, to all clerical staff, durwans, peons, sub-staff and salaried employees of workshop. On that very day, i.e., 10th August 1967, the workers thanked the management by their letter, Ext. J, for granting the emergency allowance to them. On 9th November 1967 the workmen filed a petition before this Tribunal praying that the company might be directed to pay the interim relief to the extent of Rs. 12.50 till the disposal of this case and also praying that an additional interim relief of Rs. 25 per month might be granted to each employee till the disposal of this case. Shri R. Bhattacherjee, my predecessor in office, by his order, dated 16th November 1967, refused to grant the interim relief to the extent of Rs. 25 at that stage but directed the company not to discontinue the payment of Rs. 12.50 per month to each employee due to rise in price of commodities before the disposal of this case. It follows, therefore, that each worker is now getting Rs. 60, in all, per month as dearness allowance at a flat rate including the interim relief of Rs. 12.50 Paise. It appears from the Middle Class Cost of Living Index Number for Calcutta area (Ext. 4/a), that in July 1967, i.e., just before the granting of interim relief the price index number was 618, taking August 1939, as the base year, Ext. 5/a shows that in January 1963 the price index number has gone up to 710. On the materials in the record and in the facts and circumstances of the present case, I think that dearness allowance for the workers concerned should be increased to Rs. 70 per month at a flat rate Dearness allowance for those who get on percentage basis is raised from 75 per cent. to 85 per cent. This increase in dearness allowance will be operative since 1st January 1968.

Issue No. 3 :

On the materials in the records I find that the Union has failed to make out any case whatsoever in support of their claim for House Rent Allowance. This claim, in my opinion, is too much for the company to bear in this dull market for industry of this type, and also in view of the financial burden already imposed upon it by virtue of my award. I. therefore. reject the Union's claim for House Rent Allowance in respect of the employee.

Issue No. 4 :

This issue is not pressed at the time of hearing.

This is my award.

GOVERNMENT OF WEST BENGAL

HOME DEPARTMENT

General Administration

RESOLUTION

No. 233-G.A.C.—31st January 1969.—Government have received with deep regret the news of the sudden and untimely death on the night of the 30th January 1969 of Shri B. K. Chatterjee, I.A.S., Labour Commissioner, West Bengal, at the age of 49 years only.

Shri Chatterjee was a senior member of the Indian Administrative Service and was borne on the cadre of West Bengal. He worked in the districts as Additional District Magistrate in Hooghly and 24-Parganas and as District Magistrate in West Dinajpur and Burdwan. He also held other responsible posts, viz., Director, National Employment Service and Controller of Civil Defence, 24-Parganas, and was lastly posted as Labour Commissioner in June 1967.

Ever since his assumption of the office of Labour Commissioner at a critical time he set himself tirelessly to promote industrial peace and labour welfare in this State, and by his earnest and untiring efforts he recently succeeded in securing an agreement between different employers' and employees' organisations regarding the setting up of a tripartite machinery for screening proposals of mass retrenchment. His sudden and untimely death has caused an irreparable loss to the Government and to the Labour Directorate in particular.

Throughout his service, Shri Chatterjee upheld the highest traditions of integrity and devotion to duty expected of the members of the service to which he belonged. His sense of fairness and his pleasant personality earned him the esteem and affection of all those who came in contact with him.

The Government of West Bengal desire to record their profound regret at the untimely loss of an able and zealous officer and to convey to his family the sincere expression of their sympathy.
